---

Conține documente cu număr de înregistrare al INGGAA

Nu este ordonat alfabetic.

Decadele: '70 - '80.

Limbi : engleză, română, spaniolă, malaeză, franceză

Documentele sunt dactilografiate și manuscrise.

Documentele sunt pe suport de hârtie.

Dosarul conține o listă de prețuri, o factură, un prospect medical, două telegrame, o ilustrată, o carte de vizită a lui Rafael Barbudo Cantarero - atașată unei scrisori dată 1958, 1 plic.

Unele scrisori au atașată traducerea în limba română.

Conținut:

Conținutul dosarului este compus din corespondența între pacienți și INGGAA, analize medicale, buletine medicale, scrisori medicale, recomandări.

Scrisorile de răspuns sunt semnate, în original, de către prof. Ana Aslan .

Correspondență medicală și personală între Z. Wayne Griffin director al Union Bank cu prof. Ana Aslan și dr. Cornel David (prima scrisoare trimisă de domul Griffin. Datată 1987.

Correspondența dintre H.C. Young secretara, în numele Ambasadorului Malayeziei în Iugoslavia Neznanog Junaka, și prof. Aslan. Inclusiv răspunsul oferit de dr. Cornel David. Datată 1974.

Correspondență medicală dintre Azzam Mohammed Office Manager al Ministerului Muncii și al Afacerilor Sociale din Qatar adresată inițial către Chimimport, trimisă de către aceștia către institutu și la care este atașat un răspuns din partea dr. Cornel David. Datată 1974.

BAHAMAS

Dear Mr. De Souza,

I received your letter and the schedule of treatment you followed is correct, but for Parkinson's disease it is better to come to our clinic in order to undergo the therapy under our direct supervision. So that whenever you decide to come, please let us know the date in order to make a reservation for you.

It is a long-term treatment and until you come to us, you should continue it, ordering further supplies of Gerovital H3 to CHIMICA. It is advisable to continue taking vitamins and having an active life as described by you.

We received the money and we shall use them for postage expenses.

Waiting for further news from you, I remain with my best regards,

Sincerely yours,

*Ant*

MINISTERUL SANATATII		
Institutul National de Gerontologie si Geriatrie		
INTRARE Nr. 1023		
1991	Luna 03	Ziua 04

Dear Dr. Vrabiescu.,

I wish to acknowledge receipt of your letter which I appreciated. I also appreciate the offer to come to your clinic. However, I cannot accept at present. Possibly when I feel better, and the weather is warmer I will be able to make the trip.

I did not reply sooner as my doctor was away on holiday, and now that he has given me his medical report, I enclose a copy.

Since writing to you last year, I have found out that there is a Parkinson Foundation in Miami, Florida, which is only an hour's travel from here. I hope to go to this clinic for an examination later this month. When this is completed I will send you a copy of their examination.

My first symptoms showed up in August, 1989. I had trembling in the left leg, and pain across my back, in the inter-costal muscles; unsteadiness in my gait. I was work on a small island, which had no blood-testing facilities, and it was thought that I had Pernicious Anaemia. I was given Vit. B-12., cyanocobalamin, I.M.. At first I had a dramatic improvement.

Then I came back to Nassau and the blood tests showed nothing irregular. It was then that my doctor said I had Parkinson's Disease. I had heard of Gerotival and asked the doctor to put me on this. I also take vitamins (see attached list). I enclose a schedule of the G.H.3. injections and tablets which I have taken to date.

The problem that bothers me the most is severe cramps in my abdominal cavity, and across the back, in the intercostal muscles. Also I have a tendency to drag my left foot.

Basically you will see I have followed the "Curative Treatment" of G.H.3., as outlined in the instruction sheet which comes with the G.H.3.

G.H.3., as you will see by the attached list, I have been taking for nine (9) months. I have taken so far ten series of tablets and injections. At first I thought that the tablets had no effect, but now I feel they help me. The injections seemed to help right from the start. I feel that it has helped me mentally, I have no depression.

I would appreciate knowing if there is a more specific programme of G.H.3. for parkinson's Disease. Also, what do I do when the last series is complete? Do I start another series? How long should I plan on using G.H.3? Is it a life-time treatment?

On May 20th., this year I will be 64 years of age. I am 6ft. tall and weigh 160 lbs., down from 175 lbs.. I have always been physically active and used to working hard. Walking and swimming were always my favourite activities. I still work about four hours a day.

I have enclosed US\$20 to help with your postage expenses. Any other charges I will settle as soon as I know the amount.

Thanking you, and looking forward to your reply.

Sincerely,

*W.H. de Souza*  
W.H. de Souza.

MEDICAL REPORT ON MR. WILLIAM DE SOUZA DONE ON THE 15th.  
DECEMBER, 1990.

- Px.
- E, E. N&T - N.A.D.
  - Chest - Lung fields are clear.
  - CVS - B/P 155/95 Heart sounds normal. No murmurs  
Pulse 78/min. regular  
No signs of heart failure.
  - Abdomen - N.A.D. No organs or masses palpable, bowel  
sounds normal.
  - G.U. - N.A.D.
  - Lymphatic and Glandular System - N.A.D.
  - Cutaneous System - N.A.D.
  - Neurological System - There is a moderate degree of diminished  
eye blinking and facial expression, but  
no tremor of head or mouth.  
The tremor of the limbs is variable and  
worse on the left side, but in general  
moderate.

There is a mild degree of muscular rigidity in all limbs, but worse on the left with cogwheel effect in left upper limb only.

The deep tendon reflexes are moderately exaggerated especially the left knee jerk.

There is only a minimal degree of Akinesia (He still drives a vehicle.)

He gets muscle spasms of the shoulders and upper arms as well as the abdomen.

There is normal bowel and bladder control. There is a tendency for his head to fall forward with a slump to the shoulders, slightly flexed knees and a shuffling gait.

There is no Kyphosis or Ulna deviation of the hands nor is there any contractures of the fingers.

Dear Mr. De Souza,

In answer to your letter I have to inform you that by a series of double-blind researches carried out in our Institute we could test the favourable effects of Garovital H3 treatment in Parkinson's disease.

I would appreciate if you can send us a recent medical report of yours and let us know the schedule you followed until now.

But it would be better for you to come to us for a medical check-up and further and proper indications of treatment. Enclosed you have our conditions.

In case you decide to come, please be so kind and let us know 2-3 weeks in advance the date of your arrival, in order to make a reservation for you.

Waiting for your reply, I remain

Yours sincerely,

Dear Sirs.,

I have been diagnosed as having parkinson's Disease, and am now receiving G.H.3..

We have been following the instructions as outlined as a "curative treatment". I have just completed the third series of injections, and I feel that it is helping my condition.

I am wondering if you could give me more specific instructions for the treatment of parkinson's; such as more specific doses of G.H.3., etc.. My principle symptoms are shaking of my left arm, and stiffness when walking.

My wife is a Registered Nurse and my family doctor is:

Dr. J. Vincent Bowe, M.D.,  
P.O. Box SS 6009,  
Nassau,  
Bahamas.

Thanking you for your consideration and help.

Sincerely,

Dear Sir

I confirm having written to you a few weeks ago but have had no reply.

I have been taking your Gerovital H3 injections for more than 8 years

when they were available in Geneva.

Unfortunately I was told that they have no injections in Switzerland.

I would like to import a few boxes for my use and for my wife.

Please let me know the price in U.S. Dollars. I will remit the Dollars from Geneva.

I look forward for your answer

Sincerely  
Oscar M. Dana

Prezados Senhores:  
Cordiais Saudações.

Estou muito interessada em fazer o tratamento com Gerontal H3 e com o Aslanital. Tenho 66 anos e sou aposentada há 5 anos. Estou com vários problemas de saúde: artrite e artrose nas articulações, perda da memória, insuficiência coronariana, obesidade incontrolável (1,60 m de altura e 82 kg de peso), depressão, cansaço (fadiga), e má circulação do sangue e da linfa na perna esquerda. Tenho, também, muita sensibilidade ao calor, pressão arterial alta, infecção urinária de repetição, distrofias da pele, das unhas e dos cabelos, e catarata.

Aqui no Brasil, ainda não encontrei o Gerontal H3 e nem o Aslanital.

Peço-lhes que me escrevam onde e como posso fazer esse tratamento, e quanto custa em US\$ (dólares americanos).

Agradeço-lhes pelas informações que puderem me dar.

Atenciosamente,

Rua Domingos Aparecido Lazarin, 41  
Cidade: Tietê CEP 18.530  
Estado: São Paulo - BRASIL

Estimado señor Biágio Pizzol,

Respondiendo a su carta del mes de agosto 1991, le enviamos la dirección de la empresa de comercio exterior donde Ud. puede dirigirse para obtener los medicamentos que necesita para Ud. y su esposa, designando cuáles son los nombres precisos de los medicamentos y la cantidad necesitada:

ROMFERCHIM S.A.  
Splaiul Independenței 202A  
77208 Bucarest Sector 5  
ROMANIA

Atentamente,

  
Prof. Dr. Constantin Bălăceanu - Stolnici  
Director General del Instituto Nacional  
de Gerontología y Geriatria "ANA ASLAN"

Cristina Sanku

Tietê, 28 de agosto de 1991.

Prezada Dra. Ana Aslan:

*verid*  
Estive numa clínica de um de seus seguidores, aqui, em São Paulo (Brasil) e fiquei maravilhado com a possibilidade de retardar o meu envelhecimento. Eu tenho 62 anos e minha esposa, 61. O tratamento, todavia, está além de nossas condições financeiras. Está somente à altura de pessoas mais abastadas, pois as vitaminas e os medicamentos são todos americanos.

Solicito, se for possível, que a sra. nos envie os medicamentos, para mim e para minha esposa. Isso se transformaria num grande entusiasmo entre nós e a possibilidade de renovação de nossa existência estaria ao alcance de nossas mãos, como num verdadeiro sonho.

Esperamos na sua compreensão e capacidade humanitária.

Com o nosso fraterno e cordial abraço.

Rinaldo Biágio Pizzol

IESIRE	4966
19. 12 luna	12 ziua 17

Dear Mrs. Cezar de Souza,

In answer to your letter I have to inform you that in your case the following schedule of treatment is indicated:

Gerovital H3 ampoules - one course of 12 injections in 4 weeks (an i.m. injection of 5 cc every Monday, Wednesday and Friday).

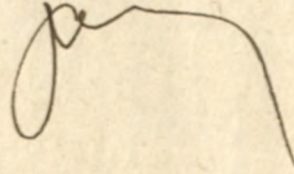

It follows a rest interval of a month, after which you should repeat the treatment for a year (6 courses of injections with the prescribed rest intervals between the courses).

Waiting with interest for further news from you, I remain with my kindest regards,

Sincerely yours,

Prof. Constantin Bălăceanu-Stolnici,  
M.D., D.Sc.

50060-001 Recife  
B R A Z I L

Dear Mr. Werner,

I received your letter and I am glad to know that you and Mrs. Werner want to come to us for treatment. You may have the best accommodation at Otopeni Clinic.

We generally recommend a two or three week stay necessary for medical examination, laboratory tests and a course of treatment under our supervision. Afterwards you may continue it at home according to the indications received here.

Enclosed herewith you have a list of prices.

We made a reservation for a double room starting from May 5th.

Please be so kind and confirm the date of your arrival.

Sincerely yours,

NATIONAL INSTITUTE OF GERIO AND GERIATRY  
Caldarusani 9  
Bucareste - Rumenia

Gentlemen.

Your adress has been given to me by authorities of the Rumanian Embassy in Brasilia. I plan to visit you with my wife in the coming month of May or June to be submitted to the original Dr. Aislan treatment.

Please send me information about the different treatments you are offering this year including following items:

- 1) duration of the treatments i.e. how many days take each of the treatments you are offering.
- 2) cost of the treatments for each person
- 3) can a reservation for a double room be made righth now by this letter? I am planning to arrive May 5th and I would like a room with two separate beds at your Clinic outside Bukarest.

My wife has been submitted to a cell treatment at the Clinic Plairie - Montreux, Switzerland - five years ago. Her age is 55 whereas my age is 60 and both are healthy in every aspect.

For the attention you may give to my proposal, I thank you very much and remain

Very truly yours

Armin Werner

Dear Sir:

I was a patient at your  
clinic in 1979. Later I obtained  
Gerovital in the Philippines.

I have not used it since 1984.

I find the years are  
advancing on me, however, a  
trip to Romania is impossible.

I have read of a new "liquid  
Ogel" that can be used rather  
than the injections. Can you  
give me a list of sources  
where I might obtain

Gerovital and also mention

29 Birchcliff Avenue  
Scarborough, Ontario  
M1N 3C5

2/  
whether or not the liquid  
gel is sanctioned by you  
as properly prepared.

Any information would be  
most appreciated.

Thank you very much.

Sincerely,

Judith Olson

Attn.: Dr. Alexandru Vrabiescu

Dear Dr. Vrabiescu:

This is to acknowledge and to thank you for your letter of May 24th., your ref, 2614.

Some friends and family members are very interested in taking the treatment of Gerovital H3 and Aslavital. I am ready to place the order with you and send you the check as requested in your general instructions. But upon consulting the health authorities here in Colombia, I am informed that they would like to have a sample submitted by me to them in order to be sure that when your package arrives here, they will not create problems in releasing these to me. Therefore, I am including a check for 10 dollars and I would appreciate your airmailing to me one sample of the Gerovital H3 ampolas and one Aslavital ampola. It would be best if this is sent by airmail registered. I would appreciate your rushing this out so that I can place my order with you as soon as possible.

I would also appreciate your airmailing to me any studies or literature you have regarding the Aslan treatments.

Many of my friends and family members are interested in the Aslan treatments and I would like to have as much information as possible about the treatment.

Looking forward to receive the above by return mail, I remain,

Very sincerely yours,

*Max Kornstein*

Dear Mr. Kornstein,

I received your letter and I am glad to know that you and some of your friends are interested in our treatment.

You may order Gerovital H3 directly to CHIMICA, our Enterprise for Foreign Trade, the sole authorized exporter of our products - Splaiul Independenței Nr.202 A, Bucharest, Romania, telephone: 81.75.95., telex: 11489 CHICO R. Enclosed herewith you have their offer.

There is no doctor in Bogota authorized to give our treatment.

If you want, you may address to Dr. Mariana Iacob who worked in our Institute and who knows it very well. Her address: Clinica Geriátrica-Prevenção e Tratamento da Velhice. Consultório: Av.N.S.de Copacabana, 664, Galeria Menescal, Portaria 4, Conj.407. Tel.: 257-7191, CEP.22050, Rio de Janeiro.

I shall be glad to give you any further information you might require.

Yours sincerely,

  
Alexandru Vrăblescu, M.D., D.Sc.

Gentlemen:

A number of friends and myself are interested in the ASLAN treatment. Kindly advise me about the following:

- 1) Can we order the injection vials of GEROVITAL GH3 directly from you? What is the cost of these? Or where could these be ordered?
- 2) Is there a doctor in Bogota officially authorized to give your treatment with your products?
- 3) Where else in South America is your treatment available?

Thanking you for your kind attention to the above, I remain,

Sincerely yours,

*Max Kornstein*

Dear Mr. Riaño,

We received your letter dated 23rd June and we are very impressed by the interest you showed in the place in which Prof. Ana Aslan actively worked for more than 30 years.

The present leading staff endeavours to continue the original treatment based on Prof. Dr. Ana Aslan's products.

We are willing to receive you to visit our institute when you find it conveniently.

Please let us know before the precise date when you intend to come.

Unfortunately, we can only send you brief informative materials.

Looking forward to getting news from you, we remain,

Sincerely yours,

Dr. Tudora Şuloc

Stimate Domnule Alcibiades Riano,

Am primit scrisoarea dumneavoastră din data de 23 iunie și suntem încântați de interesul manifestat față de locul în care Prof.Dr.Ana Aslan a activat timp de peste 30 de ani.

Actuala conducere se străduiește a continua tratamentul original cu produsele Prof.Dr.Ana Aslan.

Vă așteptăm oricând doriți pentru o vizită.

Din păcate nu vă putem trimite decât puțin material documentar.

În așteptarea comunicării datei la care doriți să veniți.

Cu deosebită stimă,

Alcibiades Riaño

Dear Sirs:

With my wife we have interest <sup>in</sup> your  
famous Institution where Doctor Aslan  
worked and contributed to the the study  
of gerontology.

We have thought about the possibility  
of visiting your Institute. We would  
like to have some information, if  
possibly some written literature.

We have taken the Gerovital for some  
years and we think that a visit to  
your Institute will be most rewarding.

Thanking you for your kind  
attention,

I am

Sincerely yours,

Gentlemen:

Please confirm to me where could Gerovital H3 be bought directly from Romania?

Please also confirm whether this Gerovital H3 can be bought in Europe and also where can this be bought in the Western hemisphere of the Americas.

I understand that there are some people selling counterfeit (false) Gerovital H3. How can we distinguish the genuine product from the false-counterfeit product?

Thanking you for your cooperation, I remain,

Sincerely yours,

CLINICA "ANA ASLAN"  
GERIATRIA Y GERONTOLOGIA  
DRA. MA. MAGDALENA IONESCU

Mexico - City, Oct-15, 1993

Dr. Caius Dragomir  
Director General INGG  
Bucuresti-Romania

MINISTERUL SANATATII  
Institutul National de Gerontologie  
si Geriatria  
**INTRARE Nr. 4220**  
1993 Luna 10 Zile 21

Mult Stimate Domnule Dr. Caius Dragomir,  
Multumesc pentru scrierea Fax din 12 Oct. 1993.

Referitor la cele comunicate:

1. Sper ca in viitorul destul de apropiat sa se iveasca posibilitatea unor discutii preliminare privind infiintarea unui Institut International de G.S.G. "Ana Aslan".
2. Referitor la organizarea Fundatiei Internationale "Ana ASLAN" Numele "ASLAN" este inca un "MARE NUME" in occident si trebuie beneficiat de aceasta conjunctura. In acest sens dinsa a mentionat inca din 1988 cateva nume care se regasesc in cartea, "VIDA y OBRA de la Famosa ANA ASLAN".
3. Asteptam cu interes re-evaluarea of "The ROMANIAN Journal of Gerontology & Geriatrics".
4. Organizarea unui MEDALION ASLAN va fi un eveniment bine venit. In fapt, aici in MEXICO, lansarea biogramei Ana ASLAN a fost un medallion, cu suportul institutului de cultura si arta, diplomati, ci eu oxput pusecul do vodoro asupra personalitatii Aslan. Trebuie definitivata de urgenta data (afarsit de Sept., inceput de Oct.) pentru lansarea invitatiilor.

5. Cercetari temeinice (fundamentale, clinice si epidemiologice) sunt vitale si urgente daca ne gandim sa supravietuiasca aceste produse, iar daca ele au fost deja initiate, aceasta este cu atat mai bine. Oricum, ele trebuie sa indeplineasca standardele internationale si publicate in reviste de prestigiu si cu circulatie, pentru a fi argumente impotriva punctelor de vedere contrarii, care continua sa apara in revistele de specialitate. In elaborarea proceselor, a metodologiilor, urmarirea studiilor, redactarea concluziilor si in alte moduri, noi putem colabora si va putem ajuta. Elaborarea unei minute trebuie sa se faca sigur bine venita.
6. Care este parerea dumneavoastra asupra unui tratat de geriatrie si a unui curs de Gerontologie, cu ocazia medalionului, pentru care multi studenti straini de anul VI sunt interesati?
7. Felicitam personalul si studentii din Clinica Geriatrii pentru buna si din punctul de vedere al continuarii spiritului Institutului.

DIRECTOR, Dr. Ma. Magdalena Ionescu

INGENIERIA NACIONAL  
DE  
GERONTOLOGIE SI GERIATRIE  
"ANA ASLAN"

Stimate Doamne Director General  
Dr. Gaius Dragomir,

Va multumim pentru invitatie sa participam la Colocviul organiza-  
tizat de INGG in perioada 29 Septembrie-1 Octombrie 1993.

Din pacate, dupa vacanta de vara Agenda noastra este deja  
foarte incarcata.

Ca un moment de vaca, pe data de 28 Septembrie va avea loc  
lansarea cartii "VIDA Y OBRA DE LA FAMOSA ANA ASLAN", la care  
si-au anuntat deja participarea peste 300 personalitati medicale,  
stiintifice, din lumea artei si culturii.

Teama este interesanta si am fi putut participa cu o lucrare  
de sinteza privind "Posibilitatile actuale de interventie  
in Gerontologie", care ar fi luat in discutie formele de protec-  
tie geriatrica si de interventie in gerontologia Sociala, Geronto-  
Psihologie si Gerontologia Fundamentala.

Va rugam sa fiti dispus sa participam la colocviul...

*A. Vălkien*

DIRECTOR,  
Ma. Magdalena Ionescu M.D.

*[Handwritten signature]*

Dr. Magdalena Ionescu, Director  
Dr. Mircea Dumitru, Counsellor  
CLINICA "ANA ASLAN"  
Mexico-City  
FAX: 395-11-78

Dear Dr. Magdalena Ionescu,  
Dear Dr. Mircea Dumitru,

Remembering the nice moments spent together in Bucharest,  
I have the pleasure to answer your proposals sent by Fax Nr.3951178  
of 5 September 1993.

1. Regarding the set up of an International Institute of Gerontology and Geriatrics "ANA ASLAN", I and my collaborators in the Institute leadership agree with it, but there are necessary some preparatory discussions for finishing off the objects, the structure, the legal proceedings for setting up such an institute. I think that we can have these discussions in a preliminary stage both in Bucharest at "ANA ASLAN" National Institute of Gerontology and Geriatrics, and at "ANA ASLAN" Clinic of Gerontology and Geriatrics in Mexico-City, on a date established by you.

The substantiation of these discussions should be made on the occasion of the National Congress of Gerontology and Geriatrics suggested to take place in Bucharest in October-November 1994.

2. As concerns "ANA ASLAN" International Foundation, I consider necessary to establish multiple contacts with world medical personalities and not only those who co-operated with Mrs. Ana Aslan. It would be very useful both for us and for you to initiate these contacts, taking into account the fact that you are some of the closest successors of Mrs. Ana Aslan.

3. As regards the quality of "The International Journal of Gerontology and Geriatrics", in present the Institute's leadership decided a plan of revaluation of the national and the international body to co-ordinate the Romanian journal of gerontology and geriatric drawing-up at international standards. Your co-optation in this body will allow the journal publication in the future with international circuit.

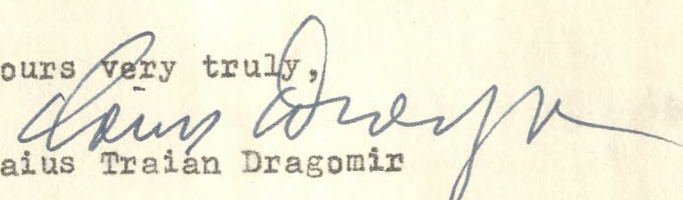

4. The organizing of "Ana Aslan" medallion I consider that it is quite essential to take place within the Congress already mentioned. I am waiting for your suggestions concerning the way of organization and development of this action.

5. As regards the research themes you consider quite pressing for the use of our products on a wide scale, they have been already initiated with the subjects mentioned by you. All these may seem abstract but in order to become concrete we may elaborate common research minutes both by discussions or in writing.

Until the soonest meeting, I remain

Yours very truly,

  
Dr. Caius Traian Dragomir

P.S. It is my pleasure to inform you that I have a new collaborator, Dr. Tudora Şuloc, as a medical deputy director, whom you approach directly in medical questions of mutual interest.

C. D.

Dr. CAIUS DRAGOMIR  
 Director INGG Romania  
 FAX 6176818

Stimate Doamne Doctor,

Ne-am bucurat la primirea Fax-ului trimis de Dumneavoastra.

In vederea colaborarii dintre Clinica si Fundatia "ANA ASLAN" din Mexico-City si INGG "ANA ASLAN" din Bucuresti, va propunem urmatoarele:

1. Constituirea Institutului International de Gerontologie si Geriatrie "ANA ASLAN", care sa aiba printre altele, urmatoarele obiective:
  - . Studiul procesului de imbatrinire (clinc, experimental, molecular, imunologic, genetic, morfopatologic etc.);
  - . Cercetari interdisciplinare de Pregeriatrie si Geriatrie in vederea prevenirii primare, secundare si terciare a bolilor cronice si a posibilitatilor de reabilitare a persoanelor virstnice bolnave;
  - . Cercetari medico-psiho-sociale privind asistenta geriatrica si protectia persoanelor virstnice;
  - . Aprofundarea cercetarilor clinice, epidemiologice si de biologia imbatrinirii privind efectele produselor eutrofice Aslan;
  - . Studii de farmacocinetica si farmacodinamie pentru obtinerea unor noi produse Geriatrice.
2. Constituirea Fundatiei Internationale "ANA ASLAN".
3. Editarea revistei "THE INTERNATIONAL JOURNAL OF GERONTOLOGY & GERIATRICS".
4. Organizarea in cursul anului 1984, la Bucuresti, a "MEDALIUNOLUI ANA ASLAN" si a unui Simpozion International de Gerontologia si Geriatrie.

editarea unei reviste de Gerontologie si Geriatrie in l. Romana si l. spaniola.

Avind in vedere necesitatea si urgenta unor cercetari actuale privind efectele tratamentului cu Gerovital si Aslavital consideram utile efectuarea de:

- . Cercetari epidemiologice privind incidenta si prevalenta proceselor tumorale in tratamentul de lunga durata cu Gerovital si Aslavital;
- . Studii experimentale, dublu orb, asupra incidentei si prevalentei proceselor neoplazice in tratamentul de lunga durata cu produsele Aslan;
- . Cercetari clinice si experimentale de cronobiologie in ve-

At'n. Dra. Ana Aslan

Dra. Aslan:

Hace mas o menos 5 años lei con gran interes un libro con el título "La Doctora Aslan contra la vejez". - Contiene 3 entrevistas que le hizo a ald. el

En aquel tiempo trate de conseguir el "Gerovital" en mi país y en los Estados Unidos de Norteamérica con resultados negativos.

Hace aproximadamente un año su producto se empezó a vender en Tiendas Naturistas con un precio de \$40000<sup>00</sup> (Pesos Mexicanos) y poco después en los mercados populares a \$16000<sup>00</sup> (Pesos Mexicanos). - Esta diferencia tan notoria me hizo pensar que pudieran ser el "Gerovital" que ald. fabrica y por esta razón me estoy tomando la libertad de escribirle para solicitar su opinión al respecto.

Dear sirs:

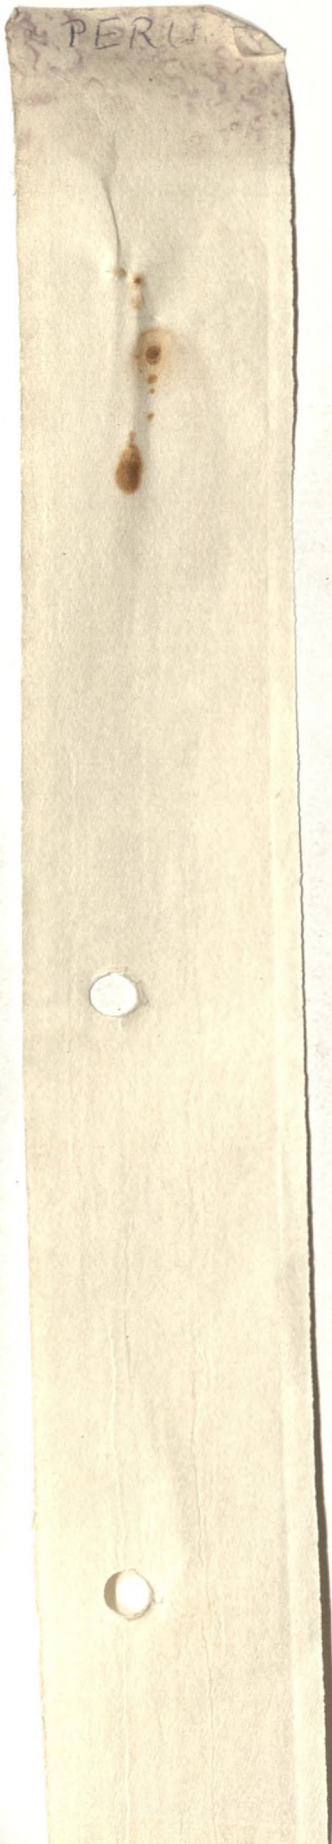

In the years 86 and 88 I have had the opportunity to stay at the Flora Hotel and received there the Dra. Aslan's treatment with wonderful results; Dr. M. Manu has attended me in both occasions. Is time for me to go back this coming summer, (August 26 to September 2), please let me know at your earliest convenience if it necessary to reserve through a travel agency or that reservation can be done now, I will be flying from Frankfurt on August 26.

As you can understand, I do not want, by no means, interrupt my treatment. Looking forward to hear from you very soon, I remain,

Very truly yours,

Guillermo Reyes R.

Dear Mr. Smith,

Thank you very much for your kind letter dated August, 17th 1990. I appreciate your interest in geriatrics as a most praiseworthy activity and wish you, therefore, every success.

We are going to send you a parcel containing the works of the National Congress of Gerontology, held on 9-11 June 1988 in Bucharest.

Looking forward to our future co-operation, I remain,

Sincerely yours,

DIRECTOR,

Belleplaine,  
St. Andrew,  
Barbados. W.I.  
17 August, 1990.

Dear Sir/Madam,

I write to inform you that I am interested in obtaining a copy of the report/proceedings of the "National Congress of Gerontology" held on 9-11 June, 1988 at Bucharest, Romania and organized by: Romanian Society of Gerontology and Geriatrics and the National Institute of Gerontology and Geriatrics.

I have working with Geriatrics for the past 15 years and am always willing to improve my knowledge through the use of reports, seminars, workshops etc. and to gain as much knowledge about the many ailments that assail Geriatrics is Osteoporosis, Arthritis, Senile & Pre-Senile dementia etc.

Old people who do some work and take some responsibility, decline less than those who have nothing to do and for whom life is merely "a waiting for the end and it is important that old people should do work within their capacity for as long as possible.

Perhaps, this is what your Congress meant when they discuss "participation of the Elderly in Socio-economic life".

Thanking you in advance for your kind Co-operation and for Copies of the above mentioned proceedings, Reports etc.

Yours Respectfully,  
R. Sinclair Smith  
Student Nurse.

Dărește să-i trimitem volumul lu-  
crărilor Congresului Național de  
Gerontologie (9-11 iunie 1988).

## OTOPENI CLINIC

MEDICAL REPORT

Mrs. ELYSAYED SALEM FAWZIA ABOELLATIF, aged 64, of Egypt, was hospitalized at the Otopeni Clinic from 4th to 16th of July 1990.

The patient comes to us for medical examination and treatment of speciality.

From her heredo-collateral history we mention: mother, with arterial hypertension, died at the age of 70; father, with cerebral vascular accident, died at the age of 66.

From her pathologic personal history we mention: arterial hypertension for 15 years.

The clinical examination and paraclinical investigations revealed the following diagnosis:

1. Arterial hypertension IIInd stage.
2. Chronic ischaemic cardiopathy.
3. Cervico-dorso-lumbar spondylodiskarthrosis with secondary radicular syndrome and secondary neuropathy.

During her hospitalization, the patient underwent the following treatment: Aslavital injections and physiotherapy.

We recommend the patient to resume the treatment as follows:

- Rest interval of 21 days, after which alternating courses of Aslavital injections and pills: 1 i.m. injection on Monday, Wednesday and Friday; 2 pills a day on Tuesday, Thursday and Saturday, for 4 weeks. Rest interval of 21 days after which the patient repeats the above schedule.

- Associated medication: - Tenoxmin 50 mg/day
- Persantin 150 mg/day

- Medical gymnastics for lower limbs.

- It is advisable to come back to us for a medical check-up after a year.

Attending physician,

Maria Georgescu, M.D.

## OTOPENI CLINIC

MEDICAL REPORT

Mr. ALY IBRAHIM AHMED FATHY, aged 69, of Egypt, was hospitalized at the Otopeni Clinic from 4th to 17th of July 1990, for medical examination and treatment of speciality.

From his heredo-collateral history we mention: father died at the age of 67 by arterial hypertension and cerebral vascular accident; mother died at the age of 70 by unknown cause.

From his personal pathologic history we mention: cure for inguinal hernia and myocardial infarction with acute pulmonary edema in 1988; also bilateral cataract - operated.

At his admission the patient complains of: urinary disturbances, memory and remembrance disturbances, dizziness, hypeacusia, tendency to falling to the right, cervico-dorso-lumbar rachialgias with secondary radicular syndrome, nycturia, blood pressure = 140/80 mmHg. Cardiac rhythm = 70/min., regular. Positive Romberg on the right.

The anamnesis, clinical examination and paraclinical investigations revealed the following diagnosis:

1. Vestibular syndrome. Hypeacusia by otosclerosis.
2. Sequelae after myocardial infarction.
3. Varicous disease.
4. Bilateral cataract - operated.
5. Cervico-dorso-lumbar spondylodiskarthrosis with secondary radicular syndrome.
6. Prostate adenoma.

During his hospitalization, the patient underwent the eutrophic treatment with good tolerance.

We recommend the continuation of eutrophic treatment with Aslavital as follows:

- Rest interval of 3 weeks, after which the patient resumes Aslavital injections alternating with Aslavital pills: on Monday, Wednesday and Friday - 1 i.m. injection; on Tuesday, Thursday and Saturday - 2 pills a day (1 pill taken after breakfast and 1 pill

midday lurch), for 4 weeks.

- Rest interval of 3 weeks and the patient repeats the above schedule.

Associated medication:

- Persantin: 150 mg/day.

- Diet rich in vitamins and food principles; poor in animal and vegetal fats.

- Analgetics if necessary.

- It is advisable to come back to us for medical check-up and treatment after a year.

Attending physician,

Maria Georgescu, M.D.

## OTOPENI CLINIC

MEDICAL REPORT

<sup>AHMED</sup>  
Mr. ALY ~~AHMED~~ FATHY IBRAHIM, aged 44, Of Egypt, was hospitalized at the Otopeni Clinic from 4th July to 16th July 1990.

Diagnosis: Cervical spondylosis.

Lumbar diskopathy.

Arterial hypertension 1st stage.

Medical history: appendectomy at the age of 16, right facial paresis cured after 2 weeks of physiotherapy and kinesitherapy.

The patient comes to us for: pains in the cervical column irradiating in the elbows and accompanied by paresthesias of fingers; pains in the lumbar column, without irradiations; flatulence after raw vegetables; disturbances of ejections; diminished sexual potency.

Clinical examination reveals: blood pressure with the maximal values up to 180/90 mmHg; pains at cervical and lumbar column percussion. Lower abdominal pains especially in the left iliac fossa and in the upper epigastrium. The investigations of speciality show cervical spondylosis and lumbar diskopathy.

Under the treatment administered in the clinic, the lumbar pains diminished, but the cervical pains persist; paresthesias are less intensive. The blood pressure values oscillated, but under Propranolol they tend to become normal.

We recommend:

- The continuation of treatment with Gerovital injections and Aslavital pills according to the following schedule: Gerovital H3 - 1 i.m. injection every second day, for 4 weeks; rest interval of 2 weeks after which Aslavital H3 pills - 1 pill x 2 /day, for 12 days. Rest interval of 18 days and the patient repeats the schedule for a year.

- Ointment with butasolidine, local use.

Attending physician,

Carmen Opreiu, M.D.

My dear father,

I am writing this to acknowledge receipt of your reply dated 7<sup>th</sup> November 1990 to me which was received on the 2<sup>nd</sup> December 1990 and read with a heavy heart.

Sir, before I say anything father, may you please accept my sincere condolence to the bereaved family of my beloved late mother, madam Dr. Aslan. May her soul rest in perfect peace, and may the almighty God our heavenly father accept her soul into heaven.

Father, in any case, may you kindly accept me into your fold as your son and help me through your immense kindness. Father, I have submitted myself to you and I am of the hope that you will find me a good son to live with.

Sir, hoping this my humble letter will meet your most kindest consideration and approval and accepting me. May God bless you.

yours Sincere Son

Hamza

My dear mother,

I am writing you this missive from Libya, saluting you and also wishing you the best in life, including all your undertakings.

Mother, I am a Niger Citizen, born and bred in Ghana, and I also schooled in that country - Mother, due to financial constraints, I had to abandon my job - which is sale of drugs - Pharmaceutical products and have gone to Libya to seek greener pastures. Unfortunately, I have not been able to make it here in Libya.

Doctor, I am on my knees pleading with you to help me come there to work for you, even if I would be employed as a house boy. Mother, I am sure this my humble letter, would meet your most kindest consideration and ~~sp~~ acceptance.

May the almighty God give you long life and guide you in your high office.

Thanks,

your honest son.

Dear Dr. Okpulo,

In answer to your letter of June 9th, we have to inform you that Prof. Dr. Ana Aslan died in May 1988.

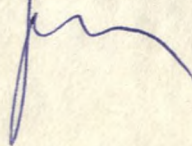

Our Institute has now another leadership.

As concerns your appeal, we should have heartily helped you to save the poor, aged and sick people, but we ourselves are now in a severe economic hardship, so that we cannot afford to offer a "free will donation".

With kindest regards and every good wish,

Sincerely yours,

Prof. C. Bălăceanu-Stolnici, M.D., D.Sc.  
General Director

9th June 1991.

Dr. Ana Aslan  
Head of the Romanian  
Geriatric Institute  
Bucharest  
Romania,

Dear Ana,

"AN APPEAL FOR CHARITY"

The above centre is a charitable centre depending on people's charity to take care of the poor, Aged and sick people.

This centre treats and takes care of this group of people suffering from stress, stroke, old age etc. and have no one to take care of them. The centre treats and takes care of these people through "free will donations" from charitable people from all parts of the world.

We are therefore appealing for your "free will Donation" to enable us continue in this good job of showing kindness to the poor, Aged and Sick. No amount is small in this work of charity. Please help the poor, Aged and sick and the Almighty "Nature" that controls wealth will pay you in return with many millions.

Presently, we are constructing a \$3,000,000 (Three million U.S. Dollars) centre to enable us accommodate all people in the above group needing our help. They need to be treated and taken good care of by this centre; but due to no Accommodation, Drugs and other necessities, we are unable to keep all those that need our help for closer care.

The cost of living here, is too high, that we are finding it very difficult to get all that is needed to run this centre in order to help these poor, Aged and Sick people, who deserve a lot of sympathy. As a result of this situation here, we need your help to be able to save these lives.

This centre is purely a charitable centre. We do not charge money to take care of these people. We do this charitable work depending solely on charity shown by people from all over the world.

Please, send us whatever charitable "Donation" you have (in U.S. Dollars etc) by DHL courier service to the Director of this centre.

We shall receive it and the "Almighty Nature" that controls wealth will give you many millions in return for your kindness.

The project at hand for which we are requesting for your kind Donations:

Building of three Big Halls to accommodate the Poor, Aged and Sick people.

Purchasing an Electricity generating plant to supply light to the centre. This centre is sited in the hinter land where we have been able to acquire a large portion of land for the centre through the help and "Donations" from some charitable people.

Construction of water Bore-Holes for Drinkable water.  
Construction of cold and warm water pools for water Therapy.  
Construction of a craft centre where these people can learn a craft to enable them take care of themselves on discharge from this centre. One of the crafts in mind is ceramics and Throwing wheels and Kilns are needed.

Feeding and Maintaining these poor, Aged and Sick people and those that take care of them.

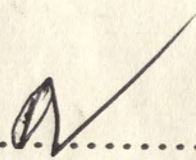

Rehabilitation of these poor and Aged people on discharge from the centre, so that they can continue to live etc.

Please we greatly need your help to save the lives of the poor, Aged and Sick people. We need your kindness to be able to continue with this charitable work and we expect whatever charitable "Donations" you can send to us.

Ofcourse, "Nature" has made us understand that you understand the problems of the Poor, Aged and Sick people better and we hope that you will give us you generous encouragement in this work of charity for the Poor, Aged and Sick.

Thanks for Kindness,

Yours in Charity,

  
.....

Dear Mrs. Gilligan,

I am glad to know that you wish to continue your treatment started many years ago in "Ana Aslan" Clinic.

We sent a copy of your letter of our Drug Factory SICOMED S.A. - 50 Theodor Palladi Street, Sector 3 Bucharest, FAX: 312.90.13. telephone: 630.49.57. - and asked them to give you their offer as soon as possible.

Whenever you decide to come to us for a medical check-up and further indications of treatment, you will be welcome.

With kindest regards,

Sincerely yours,

Prof. Constantin Bălăceanu-Stolnici, MD, DSc

Dear Sir

In 1972 & again in 1974 I visited the Professor  
Anna Astan Clinic in Bucharest, & underwent the  
treatment, under Lt Colonel David & Lt Florin Cubis  
with success.

As I would like to have the injections sent to my above  
address would you please let me know about the arrangement  
I would have to make regarding the payment & what the  
cost would be.

Enclosed is one of the many letters &  
cards I received from Lt Colonel David &  
also from Professor Astan.

Lt David visited me in Australia  
on four occasions & stayed in my  
home with me.

Hoping to hear from you as soon as  
possible.

Yours Sincerely  
Lucy Gilligan

Dear Mr. Segboer,

In answer to your letter I have to inform you that Gerovital H3 is still available. You may order it either directly to ROMFERCHIM S.A. (formerly known as ICE CHIMICA) - Splaiul Independenței Nr.202 A, Bucharest, Telex: 11489 CHICO R, phone: 38.38.55. Export Department 16). Enclosed herewith we send you their offer. Or you may order Gerovital H3 to one of our representatives abroad (see the list).

I would appreciate to receive a medical report concerning your wife's present condition, in order to give you a proper indication of treatment.

With kindest regards and every good wish,

Sincerely yours,

Prof. Constantin Balăceanu-Stolnici, MD, DSc

Str. M. Calaruseanu nr 9

Dear Sir, Madam,

I used to receive from Prof. Dr. Anna Astan, Director of the "CI Parkon Institute of Geriatrics - "Gerovital-H" used for my wife, who had incipient multiple sclerosis. She had some benefit through these injections.

as it is many years ago now (I received them in 1959) I was wondering, if any new discovery has been made by your institute regarding incipient multiple sclerosis.

Is "Gerovital-H" still available and is its sale still handled by "Chimimport", Strada Doamnei 12, Bucharest. Is there still more research carried out by your institute.

Thanking you,

Sincerely,  
John Segboer

FLORA CLINIC

MEDICAL REPORT

Mrs. NAYLA J. H.O.A., aged 59, of the State of United Arab Emirates, underwent the treatment at Flora Clinic from 25 January to 7 February 1992.

- Diagnosis: - Exogenic obesity IIInd degree.  
 - Hypercholesterolemia.  
 - Chronic ischaemic cardiopathy without pain.  
 Extrasystolic tachyarrhythmia.  
 - Chronic degenerative rheumatism. Stiff right shoulder. Active bilateral gonarthrosis with semiankylosis.  
 - Funicular hernia.

Married patient who does not smoke. Pathologic history: Rupture of the perineum operated at the age of 29. Left hemicrania since the age of 49. Appendectomy at the age of 50. Chronic degenerative rheumatism. Bilateral gonarthrosis. Painful right shoulder, since the age of 50. Overweight IIInd degree (height = 160 cm; body-weight = 71 kg). The patient complains of gonalgias predominantly on the left; painful right shoulder, depression. Objective clinically: stiff right shoulder, semiankylosis of both knees, slightly asymmetrical pelvis. Blood pressure = 150/70 mmHg. Cardiac frequency: 100/min., few extrasystoles, old funicular hernia, normal intestinal transit, present periosteal-tendon reflexes. Paraclinically: slightly increased VSH, hypercholesterolemia, urinary sediment:

Treatment recommendation: Rest interval of 2 weeks after which Gerovital 1 i.m. injection/day and Gerovital 1 tablet taken after the main meal (midday lunch), for 15 days. Rest interval of 2 weeks. To be repeated for a year.

- Diet for atherosclerosis (see the enclosure).

It is advisable to come back to Flora Clinic for a medical check-up after a year of treatment.

Attending physician,

Dr. Rodica Pepene

"ANA ASLAN"  
OTOPENI CLINIC

MEDICAL REPORT

Mr. Naif Th.F. Al Pashaam, aged 55, of Saudi Arabia, comes to the clinic for general check-up and eutrophic treatment, presenting slight difficulties in breathing, asthenia, sleepiness.

From his medical history it results that during the last 6 years has gain much weight, and glycemia à jeune revealed increased values.

The present clinical examination reveals a patient with significant weight excess (obesity of IIIrd degree), presenting disseminated bronchial râles, rhythmic heart compensated, blood pressure values 150/90 mmHg, pulsatile peripheral arteries, permeable veins, painless hepatomegalia, liver of slightly increased consistence, equal bilaterale periosteal tendon reflexes.

Diagnosis: Obesity IIIrd degree.

Diabetes mellitus of maturity insulinedependent.

Chronic hepatitis. Chronic bronchitis due to smoking.

Arterial hypertension at the upper limit.

Chronic respiratory insufficiency.

The biologic tests, besides the clinico-anamnestic data confirm the mentioned diagnosis.

We advise the patient to come back to our clinic after 6 months for medical check-up and until then to continue the treatment according to our indications.

We recommend:—hypocaloric, hypoglucidic, NaCl free diet.

To give up smoking and alcohol drinking.

—Treatment with Euglucon - 2 tablets/day;

Gerovital H3 - 2 tablets/day, 12 days/month;

Legalon - 3 tablets/day.

MEDICAL REPORT

Mrs. Fatima AL-TASSAN, aged 53, of Saudi Arabia came to the Otopeni Clinic for pains in both knees and lumbar column.

From her antecedents we mention: cholecystectomy for cholelithiasis.

The present clinical examination reveals cracklings of both knees, slight overweight.

The biologic tests are within normal limits.

Diagnosis: Incipient bilateral gonarthrosis.

Chronic lumbago.

Overweight.

During her stay at Otopeni Clinic, the patient received Gerovital H<sub>3</sub> treatment associated with physiotherapy.

Her clinical evolution was favourable.

At her departure the patient receives the following recommendations:

- 1) A slightly hypocaloric, vitaminic diet.
- 2) To avoid cold and damp weather.
- 3) To continue Gerovital H<sub>3</sub> treatment - 2 tablets/day, 12 days/month.
- 4) A medical check-up in our clinic after a year.

Dear Mr. Varma,

I received your letter and the medical report from your physician. Our treatment is indicated in the affections mentioned by Dr. A. Banerjee, but it would be better if you can come at least for a few days to do here a tolerance test which is compulsory (first day: 1 injection of 1 cc subcutaneously; second day: 1 injection of 2 cc intramuscularly). If after this test a patient does not present any allergical phenomena, he may begin the proper treatment.

In case you decide to come to us, please, let us know the date of your arrival. Enclosed you have our conditions.

On your arrival you may buy a supply of medicines necessary for the continuation of your treatment at home. If not, you may order Gerovital H3 either directly to ROMFERCHIM S.A. BUCHAREST (their price list enclosed) or to one of our representatives abroad.

Waiting for your decision, I remain

Yours sincerely,

Dear Madam/Sir,

Your Ref.No. 620 dt- 7th of Feb.1991.

With reference to your above letter, I am sending herewith a recent report dt-29.3.91 from my Physician Dr. A. Banerjee as desired by you. I hope this will help you to Prescribe required medicines.

CHIMICA may be advised accordingly to let me know the particulars and Prices of medicines. I shall thereafter proceed to complete the formalities here for importing the medicine.

Briefly, the idea is to treat me of my ailments and at the sametime rejuvenate and tone up the general Physique.

Thanks.

Enc: One as above.

Yours faithfully,  
  
( M. L. VARMA )

With Compliments :

**Dr. A. Banerjee**, M. B. B. S.,  
Medical Officer,

Calcutta-700 020.

Date.....29-3-1991.

TO WHOM IT MAY CONCERN

Certified that Mr. M.L. Varma of Block 3/5, Regent Park, 131, N.S.C. Bose Road, Calcutta-700 040, aged 66 years is under my treatment.

It is also certified that Mr. Varma has been suffering from recurrent pain with arthritic symptoms in joints mainly over knees and wrists particularly under the thumb region for the past 8 years. He has pain in the shoulders and lumber region also for 35 years with past history of fall.

Mr. Varma is advised to seek opinion of Geriatrician/physiotherapist for better treatment.

I may further certify that Mr. Varma who is a vegetarian by food habits, maintains reasonably good health except with baldness and specs for the last about 25 years.

Dear Sir,

In our previous letter we gave you our suggestions concerning the arthritic symptoms. As concerns the other symptoms mentioned by you, they are not very clear so that we would appreciate to receive from your physician a recent medical report, in order to give you the proper indications in this respect.

We sent a copy of your letter to CHIMICA asking them to give you all the necessary details concerning the prices of the medicines.

Yours sincerely,

Date : 19th December '90

MINISTERUL SANATATII  
INTRARE Nr. 620  
1991 Luna 02 Zila 11

Deari Sir, Sub : GEROVITAL H3 TREATMENT . Your Ref.  
No.TA/5531 dated 7th Nov. 1990.

I thank you for your above letter enclosing General Indications and Offer of CHIMICA.

Please confirm that the treatment suggested by you covers not only arthritic symptoms but all others as stated in my letter of 15th October 1990.

As indicated in the second para of the Offer of CHIMICA, the treatment is to be carried out for one year. One course will cover about 70 days. In this way please inform if I will have to undergo total 5(five) courses in one year, requiring the following: ~~injections~~

Injections  $12 \times 5 = 60$  cc  $\times 5$  courses = 300 c.c.

Pills  $24 \times 5 = 120$  Nos.

Please advise me about the following :-

Should I place order with CHIMICA at one time for 300 c.c. injections and 120 pills or place repeat orders for lesser quantities after considering the expiry date of the medicines, if any ?

Will it be necessary to place order for first and second days' injections separately in addition to (1) above ?

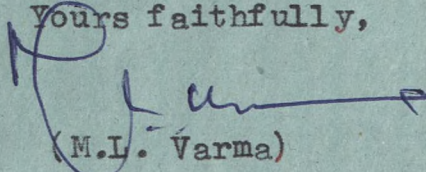

In view of the above I shall be grateful if CHIMICA may inform me the cost of all the medicines separately to be used for the entire course of one year. For convenience, I am forwarding a copy of this letter to CHIMICA for doing the needful.

I shall be doubly grateful if CHIMICA can possibly indicate to me the particulars of customs and Health Authorities here whom I may be required to approach to get necessary clearance before placing the order.

A complete reply to all the questions raised will highly oblige.

Thanks.

Yours faithfully,

  
(M.L. Varma)

Dear Mr. Varma,

In answer to your letter I have to inform you that a treatment with Gerovital H3 is indicated in arthritic symptoms. You may undergo it according to the enclosed indications.

Gerovital H3 should be ordered directly to CHIMICA, our Enterprise for Foreign Trade, the sole authorized exporter of our products - Splaiul Independenței Nr.202 A, Bucharest, Romania. Enclosed herewith you have their offer.

Waiting with interest for further news from you,

I remain

Yours sincerely,

  
Alexandru Vrăbîescu, M.D., D.Sc.

Dear Sir, Re: 'Gerovital'

The undersigned is running 67th year of life when the phenomena of aging sets in. Apart from the above there are some arthritic symptoms of light occasional pain of knees and wrist joints. <sup>Some</sup> The small muscle like object <sup>also</sup> gets projected near the rectum ~~and~~ end while passing stool which has to be set right and pushed inside with finger.

I shall be grateful to hear from you about the mode of treatment and cost of medicines/injections required for the same.

An early reply will highly oblige.

Thanking you,

Yours faithfully,

*M. L. Varma*

(Mohan Lal Varma)

P. s.

Please note that my general health is quite satisfactory and am still carrying on with my Yoga exercise which I started more than 50 years back. I work 8 to 10 hours daily.

Tehran, IRAN

Dr. Vrabiescu  
Director  
National Institute of  
Gerontology and Geriatrics  
Bucharest

Dear Dr. Vrabiescu

I am very sorry I couldn't answer your very nice letter from 25st June 1990 - MA/3098. I hope you will forgive me.

It was not much opportunity to write to you due to many reasons.

I would like to inform you that even in this year again I can't come to visit your wonderful clinic and your very beautiful city Bucharest.

But I am in need to have your treatment so helpful, that I had twice visiting your country in previous years.

Now I am interested again in your H<sub>2</sub> treatment invented by your very famous Prof. Dr. Ana Aslan.

New dear Dr. Vrabiescu, I would like to know if you could be so kind and send me these tablets and injections of H<sub>3</sub> or if you have some another new treatment efficient in the prophylaxis of old age.

I will pay you in advance the sum you will write me in US \$ (American Dollars).

In this letter I am including some informations about me, as: I am 75 years old, weight - 58 kilos, height - 154 cm. Also I am sending you my latest analysis and cardiogram. I have chronic gastritis. Also I am short-sighted. Wearing glasses. I am retired.

I think I am not in bad health for my age due to your wonderful treatment that I have before. I had 2 (1 year) courses, being in your country for consultation and bringing all

tablets and infections home in Iran.

I will appreciate very much for your nice attention to my letter, and will be very thankful for your nice answer, giving me all information I need about this treatment.

With impatience I am waiting for your letter.

I will appreciate very much everything you will do for me.

With much love  
I remain, yours sincerely  
D. Tariverdi.

(Deyla Tariverdi)

P.S. In case (if) you will need some more informations about me. I will be happy to provide any you need.

I am sending you my latest analysis

P.S.S.

Also I am interested  
in Astavital  
Hair lotion and  
Face cream.

Please inform me about  
prices.

Dear Director,

my name is Leyla Tariverdi (Mrs.)

I live in Tehran and am Iranian citizen.

I am 72 years old.

I was visiting your Institute twice  
first time was in 1979 and second time in 1986.

I took with me injections and pills  
of Gerovital H3 for 1 year course and was  
satisfied from obtained results.

This time I am interested to undergo  
geriatric cure and stay at your Institute at  
least two weeks.

Therefore, I would like to ask you to be  
so kind and send me some informations  
about conditions of this geriatric cure, including  
prices of treatment and analysis during these  
two weeks. (Please in AM Dollars \$).

I will appreciate much all kind of  
information you will provide me with.

I am planning to come to Bucharest  
in July - August this summer. Is it convenient

Time to visit?

In waiting your <sup>answer</sup> ~~response~~ and all necessary informations, I thank you very much again and am,

Yours Sincerely

L. Tariverdi

Dear Sir,

Our Institute has recently used your products for an Immuno Histo Chemical test in Alzheimer's disease. The study was performed in cooperation with Dr. Sergiu Calmanovici.

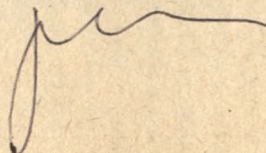

We intend to continue and extend in the future this work. And in this respect we would like to receive from you a catalogue of your products together with a price list.

We would appreciate also very much if for the time being, in order to finish the present study, you could supply us a few samples of the kit in question.

We assure you that we should exchange with you any scientific information obtained by the use of your products as well as full access to the anatomical material.

Sincerely yours,

Prof. Constantin BALĂCEANU-STOLNICI, MD, DSc

Stimate Domnule,

Sunt in posesia prospectului ONT pentru  
Sursele de Sănătate și tratamente originale în România.  
Suntem interesati foarte mult pentru trata-  
mentul D-voastră Geriatric cu produsele  
GEROVITAL H3 și ASLAVITAL pentru sotia mea (68ani)  
și pentru mine (72 ani).

Sotia mea este suferinde de bolile mentionate  
de Spitalul "RAMBAM" și cu tratamentul respectiv, și cu  
cu bolile mentionate de Policlinica locală, și cu  
medicatia respectivă.

Vă rog să ne răspundeti dacă in situatia  
asta putem să urmăm un tratament de 2 săptămâni  
(inclusiv pentru sotie, la păr și facial) la Hotelul Flora  
fără să fim afectați la bolile noastre specificate  
in cele 2 anexे.

In asteptarea răspunsului Dvs. cit mai  
curând, pentru pregătirea călătoriei, vă salut  
cordialitate,

Lautschewitz

ANA ASLAN

To

D.C.S. Corporation  
C. NISHISANCO-YAMAKI-BLD. 8F  
3-28-6 Yoyogi, Shibuya-ku,  
Tokyo, Japan 151

"ANA ASLAN" NATIONAL INSTITUTE OF GERONTOLOGY AND GERIATRICS (NIGG) suggests that a multi departmental unit should be founded in Bucharest, representing "THE INTERNATIONAL INSTITUTE OF GERONTOLOGY AND GERIATRICS" which will include the following: a research center concerned with the third age under WHO's aegis, a center of pharmacological studies in the field of geriatrics, an international methodological center for medical education specialized in "geriatrics", a zonal center for specialized information, hospitalization with 500 beds, testing and research laboratories, amphitheatres, surgery, rehabilitation departments, etc. on the ground affected for this action, 150-200 beds in addition in a new geriatric cure hotel placed adjacently with the above mentioned NIGG.

The international prestige of the National Institute of Gerontology and Geriatrics promoted by great medical personalities such as Prof. Ana Aslan, author of method and of Gerovital H<sub>3</sub> and Aslavital medicinal drugs, as well as the Romanian specialists' contribution to geriatrics development, their experience that enabled specialized treatments for some social, political, worldly, cultural etc. personalities, accounts for the founding of an international institute in Bucharest, in accordance with the above proposed action.

The mentioned action is also a profitable one, because the proposed medical services will be top level "5 STARS" with up-to-date technological aids, the medication including the existing "GEROVITAL" type drugs and other new ones which are being homologated, not to forget the latest specialized imported products.

Taking into account the fact that "the third age" segment is endowed with a capital spent mostly in medical assistance and international tourism, considering the quality, level of services, conception and prestige, concerned with the proposed action, we recommend the above mentioned project to be considered and promoted by foreign partners who might be interested in such kind of actions.

Mention should be made of the fact that the N.I.G.G. owns the necessary ground, which is free and has been previously investigated for a similar action in 1975, when The "Carpați" Institute of Designing also worked out such a project.

The N.I.G.G. intends to achieve this project in cooperation with a foreign partner constituted in a mixed commercial society.

Much obliged

Yours sincerely,

Alexandru Vrăbiescu, M.D., D.Sc.

Dear Mr. Kurita,

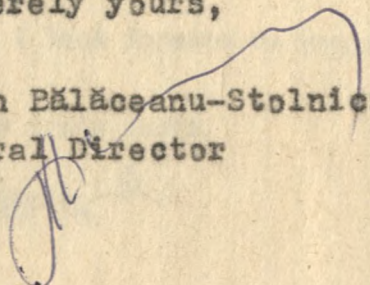

We received your letter and advise you to order Gerovital H<sub>3</sub> directly to ROMFERCHIM S.A. BUCHAREST - Splaiul Independenței Nr.202 A, Bucharest, Romania. Enclosed herewith you have their offer.

As concerns hair lotion and face cream, the orders have to be addressed separately to Cosmetics Export Department at Romferchim.

I shall be glad to give you any further information or whatever medical advice you might require.

Sincerely yours,

Prof. Constantin Bălăceanu-Stolnici, MD, DSc  
General Director

MINISTERUL SANATATII  
Institutul National de Gerontologie  
si Geriatrie  
INTRARE Nr. 5917  
1981 Luna 11 Ziua 12

Gentlemen:

I have recently learned from a good friend of mine that there is a secret recipe for rejuvenation in your country called Gerovital H3 developed by a Dr. Ana Aslan some years ago and that a number of leading figures of the world have visited Bucharest to receive this particular treatment. I also understand that thanks mainly to the GH3 injection, all these eminent figures lived very long, successful lives.

I have, therefore, visited your Embassy in Tokyo to have some knowledge of the rejuvenation treatment. Mr. Dan Nica, first secretary, kindly received me and gave me several pamphlets about the Aslan therapy and the wonderful Romanian health resorts. From these pamphlets I was able to know your address.

I am 62 years old, and am very much interested in this medicine. I do not know if it is possible for me to buy this medicine for my own use for the period of say 2 to 3 years. If so, I would like to know the cost and airmailing charges for the medicine, so that I can remit the money in US Dollars to you. I am also interested in your rejuvenating hair lotion and facial cream, and would like to receive your prices for the lotion and cream as well so that I can try them in addition to the medicine.

I also heard from my friend that someone is already importing and selling Gerovital H3, hair lotion and facial cream in Japan through unofficial channels but that they are rather expensive. But, I do not know if these imported products have been officially checked and approved by the Japanese Government. If not, this will be in violation of the Medicine Law. In this case, the only lawful way would be for us to import them individually without going through commercial channels like the parallel imports.

Thank you in advance for your kind attention. I look forward to hearing from you on the above at your earliest convenience.

Very truly yours,

*Y. Kurita*

Subject: GEROVITAL TABLETS

Dear Sir,

I bring to your kind notice that my wife Mrs. Ahmad Tahira underwent treatment from May 7 to 18th 1985 at Bucuresti. I enclose her medical report for your perusal.

She wants to repeat biotrophic treatment as recommended in the Medical Report marked (X).

I wish to import 8 Gerovital bottles of 24 pills each. This will last for 6 months whereafter she wishes to visit you for a check up at your Institute. You will notice that our Doctor here has recommended Gerovital Tablets only. I may point out that she had heart by-pass surgery in April, 1992 in U.S.A. and is doing fine now.

I will be obliged if you can ask some Pharmaceutical Company to send me Invoice for this enabling me to have the funds remitted.

Thanking you,

Yours faithfully,

(FAZL-I-AHMAD)

 Telefon 17.76.86, 66.50.50

## MEDICAL REPORT

Mg AHMAD TAHIRA, aged 61, from Pakistan

was examined and underwent the treatment from May 7-th, 1985

to May 18-th, 1985.

Medical history: The patient complains of: painful scapulo-humeral joints cervical, cervico-occipital, overscapular, left radio-carpial, both sides I metacarpophalangeal pains, while effort-lumbar, coxo-femoral and knees pains swellings, eructations, soft stools. From her medical records: hysterectomy with secondary climax and psychical secondary modifications as depression, easy crying, irascibility, insomnies, fatigability mostly in the morning. Clinical exam: normal teguments and mucouses, well represented adipous tissue mostly represented on the trunk. Osteo-articular system: integre, painful right scapulo-humeral mobilisation, crackments at the knees mobilisation, accentuated lumbar lordosis. Respiratory: discret nasal obstruction. Normal for the rest. Cardio-vascular: rhythmical cardiac sounds, no souffles, acc. II-sound on the aortic area. Cardiac rhythm 82/min. Blood pressure 180/100 mmHg. Discret varicosities on the inferior limbs. Digestiv, uro-genital, neurologic physiological normal relations.

DIAGNOSIS: Non-insulino-depending diabetes Mellitus.

II-nd stade essential arterial high blood pressure.

Vertebro-peripheral arthrosic disease.

I-II-nd degree overweight.

Depressive mood.

## Conclusions:

During the hospitalisation the patient underwent the eutrophic treatment with Gerovital daily 1x5cc i.m. inj. with good tolerance and associated with physiotherapics (ultrashort waves, herb baths, massage). She also continued the hypotensor medication (brinerdine) and the anti-diabetic treatment with Diamilor and the adequate diet. The evolution was favourable. The blood pressure values went down to 145-150/90 mmHg, glycemia 200 mg% but still persisted the articular pains.

Recommendations—biotrophic treatment: Break 21 days. Aslavital 24 pills during 12 days, 2 pills/day, 1 after breakfast and the other after lunch. Break 14 days. Gerovital 12 ampoules during 4 weeks, 1 i.m. inj. every Monday, Wednesday and Friday. Break 21 days and repeat.

Diet: hypocalorical 1200 cal/day; unsalted; hypoglucidical.

Other recommendations: Continue the anterior associated medication under medical check up.

Avoid getting fat.

Come back for check up and treatment after ending the prescribed medication.

Dear Sirs,

My wife visited your Institute in Flora Clinic and ~~was~~ remained under treatment from 7th to 18th October, 1985. A photo copy of the medical report is enclosed herewith. I would be grateful if you can very kindly let me know if the Institute and the Flora Clinic is in good shape and working as it was in 1985. Would you advise me to bring her again for her check-up and treatment?

I hope Acad. Prof. Ana Aslan is well and in good health. Kindly convey my best regards to ~~him~~. I also hope Dr. Balaceanu Constantin is well and so his Dr. Mareu Rodica and both ~~they~~ are still working in the Clinic. Please give them my best regards. I hope to hear from you soon.

Thanking you,

Yours faithfully,

Dear Mr. Ahmed,

In answer to your letter referring to Mrs. Sajida Fareed,  
we let you know that she may come to us whenever she wants.

When she arrives, we shall administer her complex treatments.

She may have the best accommodation at Flora Geriatric Cure  
Hotel.

The cost of geriatric therapy is of US\$ 310 for 2 weeks and  
of US\$ 356 for 3 weeks. As regards the board and lodging it is  
paid separately and it is of 32,760 lei/day in Romanian currency  
corresponding to the respective day's rate of exchange.

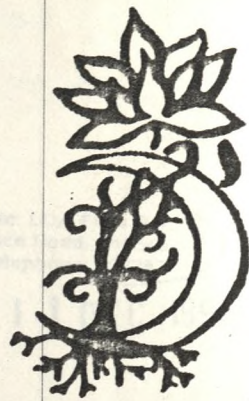

Please, be so kind and let us know the date of Mrs. Fareed's  
arrival.

Yours sincerely,

Dear Mr. Fareed,

I received your letter of 21 July.

First I wish to let you know that we did not receive your previous letter of April 1990.

Secondly, what you send us enclosed is not a medical report but only a few analyses of your mother where it is not mentioned either her diagnosis or her age.

From the laboratory tests it results that your mother has a diabetes mellitus, but this is not enough.

In order to indicate you a proper treatment, please be so kind and ask your family physician to give you a detailed medical report of your mother with her diagnosis and the treatments undergone until now as well as some data concerning the evolution of her diseases.

But it would be better for your mother to come to us, if possible, to be examined by our specialists. In case she decides to come to Bucharest, enclosed herewith you have our conditions.

Waiting for your reply, I remain

Yours sincerely,

  
Alexandru Vrăblescu, M.D., D.Sc.

By AIR MAIL

Dated: July 21, 1990

M/s. National Institute of  
Gerontology and Geriatrics,  
Str. Caldarusani nr.9,  
POB 2-4,  
Bucharest,  
ROMANIA.

Dear Sirs,

Kindly refer to my letter of 12th April,1990,  
alongwith which I had sent to you Medical Report of  
my mother, Mrs. Sajjada Fareed, requesting you for  
for diagnostic prescription, but I have received no  
response from you as yet.

I am again sending you copy of the said Medical  
Report and would be grateful if you kindly respond by  
return mail.

Thanking you.

Yours faithfully,

Gulberg  
Lahore  
PAKISTAN

Dear Mr. Kamran Azim,

We have received your letter from which we understand that your mother's health state has worsened a lot in the last years, in spite of all your therapeutic interventions.

Here we have good specialists in inflammatory rheumatic diseases.

The treatments administered in the National Institute of Gerontology and Geriatrics - in Bucharest - proved to be efficient in various incipient stages of rheumatoid polyarthritis. Therefore, from your brief information we may conclude that the disease is not yet stabilized and a more complex treatment is required. We could provide you a cure with Gerovital H3 or Aslavital, but we cannot evaluate the results until we examine the patient. One cure may last 2 to 4 weeks.

If you decide to bring the patient to be hospitalized in Otopeni Clinic, please inform us 2 weeks in advance, and also bring the most recent laboratory records (especially immunological ones) and a previous medical report.

Enclosed you will find information about our clinics, prices included.

With kind regards,

Sincerely yours,

Dr. Tudora Şuloc  
Deputy Medical Director

DEAR SIR,

MY MOTHER MRS. KAISRA KARAMAT ,AGE 52 YEARS, HAS BEEN SUFFERING FROM ACUTE RHEUMATOID ARTHRITIS FOR THE PAST 15 YEARS. SINCE THE LAST 3-4 YEARS HER CONDITION HAS WORSENED TO THE EXTENT THAT SHE CAN BARELY WALK OR USE HER ARMS AND HANDS. ALMOST ALL HER JOINTS HAVE BEEN AFFECTED BY THE DISEASE AND ARE EITHER DAMAGED OR IN THE PROCESS OF GETTING DAMAGED.

LAST YEAR SHE HAD TOTAL KNEE REPLACEMENT AFTER WHICH SHE STARTED WALKING WITH MUCH MORE EASE THAN BEFORE , BUT FOR THE PAST 4 MONTHS. HER MOVEMENT HAS AGAIN BEEN RESTRICTED DUE TO EXTREME AND INCREASING PAIN IN HER OTHER JOINTS,(SPECIALLY THE ANKLES, HIPS, ELBOWS ,AND SHOULDERS).

I HAVE RECENTLY COME TO KNOW OF YOUR TREATMENT OF ARTHRITIS AND WOULD VERY MUCH LIKE TO GET MY MOTHER TREATED BY YOU AS SOON AS POSSIBLE. KINDLY, LET ME KNOW BY FAX WHETHER YOU CAN TAKE MY MOTHERS CASE AND IF SO, THE PROCEDURES INVOLVED ALONGWITH THE ESTIMATED COST OF TREATMENT. ALL OTHER HELPFUL INFORMATION ABOUT YOUR TREATMENT WILL BE HIGHLY APPRECIATED.

MY MOTHER IS PRESENTLY ON ORAL MEDICATION, MOSTLY PAIN KILLERS AND METHOTEXRATE 2.5MG(6 TABS A WEEK). SHE TAKES ZANTAC FOR ULCER IN THE STOMACH. THE ULCER SEEMS FINE AND UNDER CONTROL DUE TO ZANTAC.

SIR, THIS IS THE UPDATE ON MY MOTHERS DISEASE. I AM HOPING FOR A SPEEDY RESPONSE

Dear Sirs,

In answer to your letter I have to inform you that we generally recommend to our patients a stay of 2-3 weeks necessary for a medical examination, laboratory tests and a course of treatment under our supervision. Afterwards they may continue it at home according to the indications received here.

I would appreciate to have the case file of the person concerned, if possible.

Enclosed herewith you have a brochure concerning the therapy and our conditions.

Please, be so kind and let us know the date of the respective person's arrival, in order to make a reservation.

Waiting for your reply, I remain

Yours sincerely,

Dear Sir,

We have learned about your Institution/Hospital as a modern equipped place for in-house treatment of elders.

We would like to know more about the various kinds of treatments you offer to elders in the Hospital and the facilities you give. If you have a printed brochure about your institution, please arrange to send one to us for our study and information.

Please also let us know what is the procedure for getting admission in the Hospital. If you would like to know more about the patient for whom we are seeking admission, please let us know by return so that we can send you the case file of the person concerned.

In order to receive your reply fast, please answer through our Telefax No.0974-867507.

Looking forward to receiving your reply by return.

Thanking you

Yours faithfully

Dr. Ana Asian  
Geriatric Institute of Romania  
Bucharest, ROMANIA

Dear Dr. Asian,

I am very pleased to hear about your effort to develop for Gero Vita GH3 which one of the best formuler in human history. We, as a company for Health food importer in Korea, like to import your GH3 from you if you will agree.

We are sure that GH3 will be one of the best selling item in Korea one year after imported due to recently Korea has been developed in living condition as well as social level too therefore we have a lot of interesting to take care of his or her health step by step.

We have a plan to sell in Korea as house to house visit sales which is most valuable goods sales way in Korea therefore you can export to Korea at least US\$750,000-1,000,000 in a year if you will appoint us as your sole importer in Korea. If we will do more advertisements, of course the sales volum should be much more increased.

We are a small company but expert company for sales in cunsumer products such as vitamins, health foods, candy and cigarettes etc. If you like to meet with me, I can visit to your office any time to discuss about Korea market.

Hope your vest considerations,

Very truly yours,

FIRST STANDARD CORP.

Dear Mr. Chia,

It is a pleasure to hear that I shall have the opportunity to see you soon in Bucharest. However I try to write you another letter hoping that it will reach you before your departure.

I consider Mr. Chan's proposal as very interesting and of course we shall discuss it in detail on your arrival. A centre for geriatric treatment in the Far East, with our Institute assistance, would be a new opening for the knowledge of Prof. Ana Aslan's method of treatment in the area.

With my best regards to you and your family, I remain

Yours sincerely,

Stimate Prof. Vrăbiescu,

Vă mulțumesc pentru scrisoarea dvs. IA/5208 din 22 octombrie 1990 și am luat cunoștință la timp de conținut.

Am adus la cunoștință D-lui Chan Kee Hwa promptitudinea dvs. dar eu pot veni în București și discuta cu dvs. abia pe la mijlocul lunii decembrie.

Voi veni cu Dl Lee Khoon Choy (Ex-Ministru și Ambasador al Singaporelui) și cu câțiva prieteni pentru tratament. Dl Lee este foarte interesat de acest proiect și putem discuta această problemă la București împreună în timpul șederii noastre acolo.

Multe salutări dvs. și familiei dvs. și sperăm să vă vedem curînd.

Al Dvs. cu stimă,

C. H. CHIA

Dear Sir

**GEROVITAL BEAUTY PRODUCTS FOR SKIN AND HAIR**

Greetings to you from Singapore!

I am writing to seek more details about Gerovital skin-care and hair-care products. Could you let me have the following information please:

(1) Please recommend me a good range of skin-care products suitable for **oily, open-pored** and slightly **blemished** skin.

(2) Are there any useful products for **dry hair**? *crema hidratanta pt. scalp sau formula pt. foliune - ungh!*

(3) Are your products available in Singapore? If so, what is the name of the shop? If not, can I order them through post?

(4) Finally, can I please have the relevant product brochures and price-lists?

I hope you will consider my request favourably and look forward to receiving a positive reply soon.

Yours sincerely

*Ally Lian*
