

ARHIVA I.N.G.G. „ANA ASLAN”

S.U.A. (serie). PACIENȚI (sub-serie).

DOSAR (LA–LU)

Conține documente cu număr de înregistrare al INGGAA

Este ordonat alfabetic de la LA la LU.

Decadele: `70 – `80.

Limbi: engleză, română.

Documentele sunt dactilografiate și manuscrise.

Documentele sunt pe suport de hârtie.

Dosarul conține: 7 plicuri, 2 felicitări, 1 reclamă la Gerovital decupată într-un ziar, 3 telegrame, 1 chitanță, 1 articol despre prof. Ana Aslan și Gerovital H3 decupat dintr-un ziar, 1 fotografie cu prof. Ana Aslan, o reclamă la Gerovital H3, decupată dintr-un ziar.

Unele scrisori au atașată traducerea în limba română și însemnări explicative în limba română.

Conținut:

Scrisorile de răspuns conțin semnătura, în original, a prof. dr. Aslan sau, în absența acesteia a reprezentanților INGGAA (dr. Cornel David, director adjunct INGGAA, dr. Mircea Dumitru, dr. Constantin Bălăceanu-Stolnici).

Conținutul dosarului este compus din corespondența între pacienți și INGGAA, analize medicale, buletine medicale, scrisori medicale, recomandări medicale, cereri de informații cu privire la Gerovital H3, furnizare de informații despre Gerovital H3, informații despre administrarea fiolelor de Gerovital H3, detalii privind cazarea pacienților, informații privind costurile tratării în cadrul INGGAA sau ale clinicilor sale, recomandări de medici care utilizează cura specifică INGGAA, indicații cu privire la administrarea fiolelor de Gerovital H3 etc..

Conține o corespondență între o cetățeană americană și prof. Ana Aslan, în cadrul căreia se cer informații cu privire la modalitatea de achiziționare a Gerovital H3. În scrisoarea de răspuns este direcționată către dr. Alfred Sapse și către 3 furnizori străini: Arcode Ltd., The Continental Comercial and Financing Comp. și Farmacia „Metropoli”. Datează 1973.

Conține o corespondență între o cetățeană americană și prof. Ana Aslan, în cadrul căreia se cer informații cu privire la modalitatea de achiziționare a Gerovital H3. În scrisoarea de răspuns este direcționată către dr. Alfred Sapse. Datează 1976.,

Conține o corespondență între o cetățeană americană și prof. Ana Aslan, în cadrul căreia se cer informații cu privire la modalitatea de achiziționare a Gerovital H3. În scrisoarea de răspuns este direcționată către I.C.E. Chimica. Datează 1987.

O corespondență între I.C.E. Chimca și prof. Ana Aslan, în care se cere livrarea unei comenzi și anumite lămuriri. Datează 1987.

=====

Dear Mr. Lambuth,

I duly noted the contents of your kind letter of the 3rd April and I am glad to be able to inform you, that concerning heart-sufferings and allergies we had indeed great successes with a serious treatment with GEROVITAL.

For your kind guidance, please, find hereby enclosed a folder about this treatment. I want only to add that it is of 14 - 21 days, including so too the medical consultation, all analyses and tests and then it will be continued at home, as per our prescriptions.

I informed so too our International Travel-Agency, Bucharest, which will send you a special letter concerning all the other details and problems, as are the fees, the accomodation, available terms a.s.o. As we are very overcrowded, I think Otopeni will be available only during the late autumn-months.

Meanwhile I remain,

Yours sincerely,

Professor Anna Aslan M.D., D.sc.
Director, The Bucharest Institute of
Geriatrics

Programa de Otopeni.

Dr. Ana Aslan
Bucharest, Romania

Dear Dr. Aslan:

We have read in the magazine "Town and Country, and, also seen the Mike Wallace program on TV about your wonder drug Gerovital H3.

My husband has had two heart attacks, and has many food allergies. He has had over 40 operations on his nose for polyps which are caused by food allergies. He will be 67 years old in July.

I am 64 years old, and just have a few minor aches and pains.

We would like to know how far in advance you would have to make reservations to stay at Otopeni. The article in Town and Country quoted the price at \$342.00 per couple in a double room for two weeks.

~~I~~ I would especially want you (should we come) to interview my husband since you are a cardiologist, and you would know if he were able to take the injections.

The article went on to say that the United States customs allows you to bring back a 2 year supply to travelers whose passports prove they have been to Romania, and can present the form "To Whom it May Concern" which your clinic tuck into your package.

We would appreciate a reply, and any other details which we should know if we decide to come to your clinic.

Yours very truly,

Mrs. Earl Lambuth

Dear Dr. Aslan:

Thank you for answering my letter of last October about my wishing to come to you for geriatric treatment.

In the instructions mailed to me along with your letter I was directed to make reservations through the National tourist office. But after writing to them some three months ago and again several weeks ago, I can not get any reply.

If there is no way that I can come to Bucharest for this treatment, is it possible that I can get it in London? I did wish to tour Romania after my stay in your hospital, but perhaps there is some reason that the Tourist Office can not accommodate me.

If at all possible, could you reserve a place for me in the Institute Clinic in Bucharest for the first two weeks in April?

Please let me know as soon as possible.

Yours sincerely,

Adeline Lancaster

Dear Dr. Aslan;

There have been many complimentary articles in the American news papers about your many honors in the medical research field and of the treatment of elderly people with Gerovital.

I would like to come to your clinic in Bucharest to take this treatment under the supervision of yourself or of your aides.

Could your Book-keeper possibly give me some idea of the cost?

I am in good health, exercise regularly, keep an active and intellectually busy life/style, but do wish to maintain that condition as long as possible. 72 is my age.

There are people that I know who have greatly profited from your treatments, and although I can get these treatments from countries closer here, I do wish to come for an extended visit to your beautiful country as well as to receive this helpful medicine and regime from the original and authentic source.

Yours sincerely,

Adeline Lancaster

Dear Professor Aslan:

Thank you for your letter and brochure. I contacted the Travelagency in New York which is listed in your brochure and they referred me to a Mr. Nicholas, Rona Travel Bureau in Los Angeles.

Mr. Nicholas requested a cheque in the amount of \$ 633.00 to cover the treatment in your Institute. This is not the same amount as listed in your brochure and I am not quite sure what to do about it.

Rona Travel has booked a flight for me on May 26 (saturday) arriving in Bukarest on May 27. I do not have accurate arrival time as yet since we have another Airline strike here, but arrival time on May 27. is confirmed.

I would greatly appreciate if you can give me additional information, about the weather, what kind of clothing is needed, the best way to get from the Airport to your Institute. You have so many different places listed in your brochure and I assume it is the Institut on Caldarusani Str.No 9. I do not speak your language and have never visited your country, so any help you can give me is greatly appreciated.

Looking forward to seeing you and with best regards,

Gabriele Lancaster

Dear Doctor:

Mrs. Landau and I expect to leave for Europe on April 27th, as we are both interested in taking your treatment. We have heard a great deal about it from our friends who assured us that it is most beneficial.

I am writing to inquire whether you are away from your institute at any time during the period from May 5th to October 5th. If so, please let me know when you expect to be there and how long the treatments take. Also, which is the best period to be in your City in so far as climate is concerned.

If you do not think that your reply will reach me at the above address before April 15th, 1977, then kindly address your reply to the address which is stamped below.

Thanking you for your kind reply and advice, I remain

Most Respectfully Yours,

Bernard Landau

Doctor,

RECEIVED
11240 Nov. 1, 1973
Luna 11/20/73

I am 43 years old and repeatedly besieged by attacks of ulcerative colitis. Do you think gerovital may be effective against colitis? Would there be any problem starting the treatments while the colitis is very active.

Does one need an appointment to be treated. How long does the treatment take? What is the cost of the treatment and the medicine to take thereafter? Are there any days when the clinic is not open?

I am interested in the treatments not only for their effects on colitis but for their general benefits as well.

Sincerely,
Vance Lander
15101 Lafayette Street

Dr. Ana Aslan
Institute of Geriatrics
Bucharest, Romania

Dear Dr. Aslan:

I have just read about your institute in our newspaper, the Chicago Sun-Times, and am very much interested in knowing that you have been able to help older people.

I am most interested in the institute because of my husband. He is 73 years old, and was diagnosed about two years ago as having Alzheimer's Disease. He now has difficulty speaking, does not always understand what is being said to him, and has problems with other things such as telling time, dressing himself, etc. The doctors say there is nothing that can be done to help him.

I am not looking for miracles, but if you think that there is any way at all in which you can help him, I would be most anxious to bring him to you for examination, treatment, or whatever you thought best. Even if you feel there is only a slight chance that he can be helped, I would still be willing to bring him to you for you to make sure.

Please let me know if you think it would be of any value to bring him to your institute. I would appreciate hearing from you at your earliest convenience.

Thank you.

Yours sincerely,

Sylvia Landsman

Gentlemen:

The writer is very much interested in the work of Dr. Aslan as it affects the process of aging and the possibility of retarding it .

I have , without success , been looking for a medical man in the area of Chicago , Illinois, who is following the techniques of Dr. Aslan .

My wife , Bertha Landy will be in your city on July 28 and 29 th . She will be part of a group organized by the National Guardian of New York , a weekly publication .

She will stop at your office and solicit the following information:

- 1 - Name of a Chicago physician: or ,
- 2 - Literature she can take along , give to a qualified physician .

I am most eager to try this technique on myself and can not afford either the time or money for a trip to your country.

Sincerely ,

Joseph Landy

=====

Dear Mrs. Lang,

I duly noted the contents of your kind letter of the 22nd February, that unfortunately reached us very late.

I am glad to hear, that you are interested in a treatment of G. ROVITAL H3, and have pleasure to remit you hereby enclosed a folder about this treatment. I am sorry indeed, that for the moment we have no more folders in English.

I want to add, that the treatment is of 14 - 21 days, including so too all analyses and tests, and then it will be continued at home, according to our detailed prescriptions.

Concerning the introduction of the GEROVITAL H3 in your country, I hope, this will be the case within about one year. Nevertheless, in the meantime I suggest to contact the following address:

- ROM.AMER. Pharmaceuticals Ltd. Dr. Alfred T. SÁPES,
President, 233, South Beverly Drive, Suite 100
Beverly Hills, California 90212.

At this occasion I want to let you know so too, that I informed our International Travel-Agency, Bucharest, in order to remit you a special letter with all details, as cost, available terms a.s.o.

With my best regards, I remain,

Yours sincerely,

Dr. Ana Aslan
Dr. Ana Aslan Hospital
Bucharest, Romania

Dear Dr. Aslan:

I viewed a "60 Minutes" program on television Sunday, February 18 which included a report on your health facilities in Bucharest.

Would you be kind enough to send me any brochure you have containing further information, such as, the cost for a weekly visit to your hospital, whether a patient can be admitted without recommendation of a doctor here in the states and any further particulars you may have. I would also be interested in knowing whether, after leaving your treatment center and receiving the medication, if the medication must be continued, since I understand this drug that is used is banned here.

If at all possible I would also like to know if you could advise me when and if the product becomes accepted and available in the United States, the name of the drug and the manufacturer so that if I cannot go to Bucharest for treatment I could purchase this medication here, of course, under my own doctor's supervision.

I should mention that I am 52 years of age, work as a secretary and have had the complaint of stiffness, particularly in my legs and feet that so far has not been diagnosed.

Thank you for any information you can give me.

Sincerely yours,

Lillian Lang

Ar vent in ian

s I have been using your **Miracle** product so many years I will be reaching my 73rd Birthday The Good Lord willing but I am having a bad time getting the original. I am enclosing the one I began taking way back when and no one ever believed I was over 50 yrs old until rescently I have been getting a different one altogether It is white in color and half the size of the one I took many years ago This wonderful discovery of yours has done more for so many people I know they were customers of mine and my problem now is I need the real thing not) and imatation)

Will you please inform me i f there is any way I can get a large amount like a two year supply from you)Or would you advise me to come to see you ~~It~~ will cost such a great amount and then I will not be helping so many many other people whom I have kept happy with the G H 3

Please I would appreciate it very much if you will give me just a little of your great knowlege and advise me which would be the right or lets say the intelligent way to approach thhis. Should I make the trip and bring back a great amount or is there just as much satisfaction in you sending me a very large amount without making the trip.

Please ~~advise~~ ^{to} and I will act accordingly, if you advise me to ~~take~~ the trip to Romania I will proceed to start there in the first part of January if this would ~~meet~~ your approval

Thanking you for your wonderful discovery and I am sure a lot of hard work went into it/

God Bllees you each day for helping so many people who would never ever have recovered from so many illnesses.

Yours Sincerely

Dear Mrs. LANGMUIR,

From your kind letter of the 7th February I noted with pleasure, that you are interested to come in our country for a treatment.

Firstly I am glad to be able to confirm you, that indeed the GEROVITAL H3 is a very powerful regenerator of the cells, improving at the same time the general conditions of health. I am glad so too to be able to let you know, that a serious treatment here will be of great help for your health

Usually this treatment has a period of 14 -21 days, within all analysis will be effected. Then the treatment is to be continued at home, as per our indications.

In order to give you a better view concerning the treatment, please, find hereby enclosed a folder.

As per the other administrative problems as costs, accomodation, final dates a.s.o. you will receive a special letter of our International Travel Agency, Bucharest.

With my best regards, I remain,

Yours sincerely,

Professor Anna Aslan M.D., D.sc.
Director, The Bucharest Institute of Geriatrics

encl.

BUCHAREST, ROMANIA

DEAR DOCTOR ASLAN:

IN THE JANUARY ISSUE OF TOWN AND COUNTRY, WE READ THE ARTICLE ON GEROVITAL H3 WRITTEN BY TED BURKE WITH GREAT INTEREST.

MY HUSBAND (56 YRS. OLD) WAS TOLD LAST MAY THAT HE HAS EMPHYSEMA. WOULD GEROVITAL H3 REBUILD THE LUNG CELLS OR ARREST THE DETERIORATION OF MORE CELLS?

IF YOU FEEL THIS TREATMENT WOULD BE BENEFICIAL TO HIM THEN WE NEED TO KNOW WHICH AVENUES TO FOLLOW FOR HIM TO RECEIVE TREATMENT OR THE MEDICINE.

SHOULD OUR ONLY COURSE BE TO TAKE THE TREATMENTS (THE TWO OF US) AT OTOPENI, PLEASE GIVE US SPECIFIC DETAILS.

THANK YOU SO MUCH FOR AN EARLY REPLY.

SINCERELY,

February 7, 1973

Dear Mrs. Langwell,

I acknowledge good receipt of your kind letter of the 3d. January, which reached us unfortunately very late.

I noted so too with pleasure, that you want to come in our country, and in order to give you a general view of the treatment, please find hereby enclosed a folder. I want to stress, that the GEROVITAL is also a powerful regenerator of the cells, improving the general conditions of health.

The treatment has a duration of 14 - 21 days, within which period will be effected all tests and analysis. Then it is to be continued at home, as per our indications.

Concerning the other conditions, as costs, final confirmation of dates a.s.o. our International Travel Agency, Bucharest, will send you a special letter.

Hoping, that my information were useful to you, I remain,

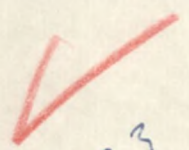

Yours sincerely,

Dear Dr. Aslaw,

On or about September first, I shall arrive in Bucharest from Sochi.

I would very much like to take the treatment in your clinic.

I am a patient of Dr. Herman Goodman, and have been taking your R.H.R. (Novocain) treatment for the last 5 yrs.

I have Osteo Arthritis in my fingers and gout in my left knee, but I still can walk 3-4 miles at a time

I do hope you will
consider my application

Thank you so much

Sincerely

William Long

Chère Madame,

J'accuse bonne réception de votre lettre du 3 février par laquelle vous me demandez des renseignements et je m'empresse de vous répondre.

Je vous envoie ci-jointes quelques indications sur le Gérovital et sur le traitement.

J'ai informé notre Office international de Tourisme de Bucarest qui s'est chargé de la réservation des places dans les cliniques et hôtels de traitement et qui, par prochain courrier, vous donnera tous les renseignements sur les possibilités de séjour, prix, disponibilités.

Agréez, chère Madame, l'expression de mes sentiments les meilleurs.

Directeur,
Prof.Dr. Anna Aslan

Attention de Madame le Docteur ANA ASLAN

poughkeepsie, le 3 fevrier 1974

Madame et Cher Confrere,

Femme medecin Francaise et demurant aux Etats-Unis ou j'enseigne le Francais, comme Langue trangere, J'ai lu un article recemment, sur une revue francaise au sujet de votre clinique de geriatrie et il m'a vivement interessee, d'autant plus qu'il s'agit de ma sante.

Auriez-vous l'amabilite de me faire parvenir toutes documentations a ce sujet: maladies traitees et soins donnees dans votre clinique, et prix en cours pour l'annee 1974 pour un traitement de un mois avec pension comprise.

Je sais combien les places doivent etre retenues a l'avance mais je n'espere rien pour cette annee. je voudrais me documenter en temps que medecin et prendre mes dispositions pour retenir une place pour l'ete 1975.

Je vous demande de prendre en consideration, et au besoin avec un tour de faveur, mon desir de faire une cure a votre clinique pour l'ete 1975, au mois de JUILLET. Si vous desirez de plus amples informations medicales sur mon passe medical, je me tiens a votre disposition pour vous les fournir.

En vous remerciant par avance de votre bienveillance, je vous prie d'agreer, Madame et Cher Confrere, l'expression des mes sentiments fraternellement les meilleurs.

ANGELE LAPEYRE.

Dear Dr. Aslan.

I shall be arriving in Bucharest on Sunday the 13th of August and flying on to Cairo on Tuesday morning, the 15th. - The main purpose of my visit is to enquire into the suitability and possibility of my taking a sabbatical at your Institute (possibly with my wife) in September / October of this year -

I would therefore like to have a conversation with you on Monday the 14th of August and I shall be much obliged if you will kindly leave a message for me at the Hotel Intercontinental to let me know what time ^{at} it would be convenient for you to see me.

I have made several visits to Roumania in the past - the last one was in 1937.

Yours sincerely

Att. Dra. Ana Ailan.

Muy estimada Doctora:

Fuere el gusto de recibir su carta del 30 de marzo en respuesta a la mia del 22 de marzo, en la cual me dice que Ud. se ausenta de Bucarest por unos dias, del 8 de mayo en adelante.

Por un motivo familiar puse la salida para el 19 de mayo y así lo comuniqué al Instituto por carta del 2 de abril. En esta carta les digo que saldremos en el vuelo de Panam No. #A 66 que llega esa el día 20 a las 3 p.m. y les pido el favor de mandar alguien al aeropuerto a recoger nos.

Tomamos nota de que iremos al Instituto Clínico de la Calle Mănăstirea Căldărușeni y que no es necesario que envíe un anticipo.

Mil gracias.

atmte.

Jabriel Vega Lara.

Apreciados Señores:

El 22 de los corrientes escribimos a Uds. la carta cuya foto-copia les adjuntamos.

La presente tiene por objeto comunicarles que por inconvenientes insalvables, nos vimos obligados a cambiar la fecha de salida. Saliremos de esta ciudad el día 19 de mayo próximo, en el vuelo No 66 de Pan American, que parte de aquí a las 18.15 y llega a esa al día siguiente (20), a las 15.00

Para no demorar nuestro tratamiento, queremos llegar directamente a la Clínica o al Hospital en donde nos hayan hecho la reserva; por lo tanto, rogamos a Uds. se sirvan mandar un automóvil al aeropuerto a buscarnos, servicio que desde luego será

por nuestra cuenta. Nos gustaría que el conductor de este automóvil hablara español o inglés.

Nuestra salida de Bucarest está planeada para el 8 de Junio, en el vuelo No RO 237* que sale hacia Madrid, a las 8.40. - En caso de ser absolutamente necesario para nuestro tratamiento, podríamos alargar nuestra permanencia en esa, cuatro días más.

Atentamente les pedimos informarnos, a la mayor brevedad posible, la dirección completa del sitio en donde vamos a permanecer, para poder avisar a nuestra familia oportunamente y estar en comunicación con ella.

Quedamos en espera de sus noticias.

Atentamente

Gabriel Vega Lara

Dear Sir:

Please make a reservation for my wife and myself at your clinic for geriatric treatment. If it is not possible for us to be in your clinic we would be interested in one of your Sanatoriums, the Otopeni or the Buftea. We also want to stay at the Bathing Resort Herculane for ~~three~~ ² weeks, from May ~~13~~ ²⁰ until June ~~3~~ ⁷.

We have gotten some brochures in your Embassy in Washington. From one of them "Tour Romania 76" we have learned about treatments, accomodations and fares.

My wife and I are Colombian citizens but we have been visiting the United States for several months.

During our stay here we have been reading the news about Doctor Aslan's visit to Colombia in the Colombian news papers.

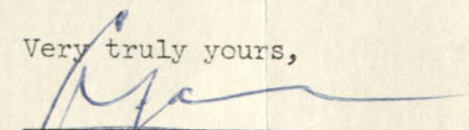

We sincerely regret having missed the opportunity to meet her personally. We have learned a lot about her success in medical research and the field.

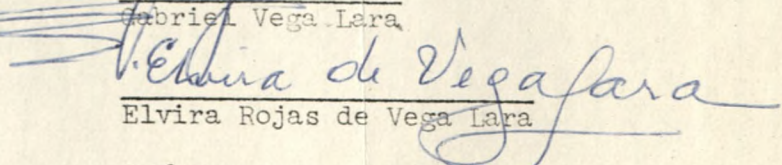

In 1968 we wanted to go to Bucarest for treatment and with that purpose in mind we wrote to your Institute for reservations. Unfortunately we had to go to Spain before we received an answer from you. Later we found your letter. It is for this very reason that we beg you to answer by AIR MAIL as soon as possible this time, hopefully by "Special Delivery".

We also want to know if it is necessary to send you a deposit in order to guarantee reservations. If necessary we will deposit money in an account at your Embassy here in Washington D.C.

We thank you in advance and we hope to hear from you very soon.

Very truly yours,

Gabriel Vega Lara

Dear Mrs. Norman,

In answer to your letter I inform you that you can undergo the geriatric treatment with Gerovital H3 in our new clinic Otopeni (in the neighbourhood of the airport) under my direct supervision as well as that of my assistants.

A stay of two weeks is necessary for medical examination, laboratory tests and a period of treatment under our direct control.

The prices are between \$17 and \$25 (full board and medical treatment per day). Examination on arrival (including laboratory tests) is \$56.-

All arrangements (visa, reservations, payment, etc.) can be made with the Romanian National Tourist Office "Carpați" of Bucharest by any foreign travel agency.

Yours sincerely,

Mrs. Ruth Lasken
10701 Wilshire Blvd
Los Angeles, Calif. 90024

Dear Mrs. Lasken,

I have received your letter of October concerning your wish to come to the Institute for treatment.

A stay of two weeks would be necessary for thorough medical examinations, laboratory tests and a period of treatment under our direct control. The treatment has to be continued afterwards at home according to prescriptions. You can undergo the treatment as an outpatient staying at an hotel and coming daily to the Institute for treatment or as an inpatient staying at the Otopeni clinic. Cost of treatment as outpatient: \$56.- for medical examinations and laboratory tests and \$2.25,- for daily treatment. As inpatient: besides the \$56.- as above, \$17 to \$25 per day according to accomodation conditions (including board, lodging, treatment). All arrangements can be made through your tourist agency with the Romanian National Office "Carpați", Blvd Magheru 7, Bucharest, or directly on arrival. A tourist visa can be obtained at the airport or frontier on arrival.

Hoping you will inform us what you decide, I remain

Yours sincerely,

Prof. Ana Aslan M.D., D.Sc.

Some friends and I are planning to come to your clinic for treatment in September. What we are concerned about is the extent of the damage done by the recent earthquake in your country and whether your clinic is in operation.

We are so sorry to hear of the many lives lost, those things are always very tragic.

I would appreciate an early reply so that we can know whether to go ahead with our plans and reservations. Thank you for your consideration.

Dear Dr. Aslan:

Don se vlu
Otopeni 11/4/79

We, Kaye and William Latchaw, are attending your Clinic May 13 (arrive) June 3 (depart).

I am a retired MD attending my 50th medical Class Reunion Oct. 1978.

Kaye gave 39 years to her Nurse's profession on her retirement, she now 67 yrs. of age, and me 76 yrs of age. We both definately have major problems.

In the early or mid-Sixties (60 yrs) I learned of Dr. A. Aslan's work, I wrote her a letter and in turn, wrote me a nice letter.

Because of this former contact, I would deeply appreciate if during our stay, if you - chief Medical officer, and Dr. Anna Aslan would give us an interview and the benefit of your diagnostic ability and therapy savvy as we're literally making our last stand. Thank you.

Dear Dr. Aslan,

My husband and I desire to receive your series of treatments of Serovital H3. We both admire what you are doing and the wonderful results you have obtained. We are both in our fifties and have always tried to take good care of ourselves - exercising - keeping them and life's pleasures in moderation.

Please, have your secretary advise us as to how we may be admitted to your Otopeni Clinic (your beautiful clinic just outside of downtown Bucharest), and all other information necessary for the trip.

May we wish you continued success and happiness in your work. We anxiously await word

to begin arrangements for the visit
to the lovely country of Romania.
P.S. Both my husband and I are
feeling the twinges of old age aches
and pains and stiffness - occasion-
al stomach upsets + the usual
circulatory symptoms.

Thank you very much.

Sincerely,

Elizabeth Latos

INSTITUTE OF GERONTOLOGY
G. A. S. I.
INTRAKR. Nr. 3130
1977 June VI 16

Westport, Connecticut,
June 6, 1977

Doctor Ana Aslan,
Otepeni Sanatorium,
Bucharest, Romania.

Dear Doctor Aslan:

I am very much interested in your geriatrics treatments and would like information concerning injections of Gerovital H3 and whatever other therapy you may consider necessary. Although I am in no way incapacitated, I do have a certain amount of arthritis (osteo) and also Asthma and other allergies to cope with. While the joints in my hands are in no way painful they are very disfiguring. I have been under treatment with cortosone for my asthma condition. I tell you all this because I would like whatever information you may send to include the best treatment center for these particular ailments.

My preference, from reading the pamphlets, is Otepeni. A friend who will also accompany me, will want the H3 injections. We would like to arrive during the last week in July and stay through two more weeks in August. We would like to share a room with bath. Your rates would be very much appreciated.

If Otepeni cannot accomodate us at this particular period would you be so kind as to recommend another clinic that would meet the specified requirements for the treatment of Asthma and arthritis?

An answer at your very earliest convenience would greatly help us in booking our air accomodations which must be done one month in advance.

Thanking you,
I remain sincerely

Hazel Law

Mrs. Thora P. Law
110 Delano Drive
Pittsburgh, Penna. 15236
U.S.A.

Dear Mrs. Law,

I have received your letter and I enjoyed it very much. It's ironical tone, showed me that you don't know many things about Romania and its people. First of all, it's a socialist country where everybody is equal with the same rights and duties, where is no class difference. This is also true for the foreigners who come to Romania. In our institute, for example, all the foreign patients are treated the same, no matter which class they belong.

I'm glad that you are interested in our geriatric treatment, which for you it should have only a preventing character, taking into consideration your relative young age.

There are different possibilities of achieving the treatment at the clinic of the institute, at Hotel Park - especially equipped for a geriatric treatment, Snagov - at 40 km of Bucharest in a set of villas, or ambulatory staying at a hotel, etc. The cost of the treatment varies according the place of treatment, period of stay and season. For more detailed information, you'll receive a letter from our Travel Agency which is in charge of our financial and administrative problems. You can also address Tours of Distinction, Inc. 48 W. 48th Street, New York 10036, tel. (212) 757-7439, which organizes groups to come to Romania for geriatric treatment.

Hoping that I didn't let you down, I wait your further news.

Sincerely,

Acad. Prof. Ana Aslan, M.D.

4/10/50 1100 Delano Drive

Pittsburgh, Penna. 15236
U.S.A.

Whoever said that "hope-
springs-eternal" must've
known about people such
as myself - I have just
finished reading a most 'unpleasant'
piece of 'reporting' & have no more
to go on, other than the reporter's
comments, as to how to reach you - it
- the article - concerns your discovery 'Gerontol
H3' - what saddens me, probably millions
of others too - we who are not affluent -
is there any way, that you foresee that
this treatment can be available to us who
are 'labeled' - "middle-class" - but -
nonetheless - as vain as our medical system
(smile) - memory - I've almost forgotten
what the word means & to forget a name
(5 or 6 minutes after an introduction) can be
& is a constant source of embarrassment -
I must confess tho' now that I'm at
45 & (holding) with such force you'd never
believe (tho' tho) vanity does also enter into
the picture - how much do these treatments
cost? - is it really prohibitive? could one
send for a supply? - Being a naturalized
American, I'm sometimes appalled at how
really archaic this young country can seem -
I'm formerly a British subject - now, it seems,
you have my life story - all unasked for -
my apologies if I've bored you - but I'm
most anxious to have answer to my

questions - & since I'm by nature, an
optimist I figure, the worst that can
happen - my plea will be politely
ignored!

Hopefully, you'll not let me
down -

I shall be anxiously watching
for the mailman, in the weeks to come -
if I'm being too presumptuous - my
Apologies -

Thank You
Thora Law

Mrs. Caty Laya
923 1/2 N. Heliotrope Dr.
Los Angeles, CA 90029
U.S.A.

Stimată Doamnă Laya,

Am primit scrisoarea D-voastră și mă bucur că vă interesează tratamentul nostru.

Cel mai indicat ar fi să veniți în București și să faceți o primă cură sub supravegherea noastră. După aceea puteți continua tratamentul acasă conform indicațiilor pe care le veți primi aici. Alăturat aveți condițiile noastre.

Când vă hotărâți să veniți la noi, vă rugăm să ne comunicați cu 2-3 săptămâni înainte data sosirii pentru ca să facem rezervarea necesară.

Așteptăm răspunsul D-voastră.

DIRECTOR GENERAL,

Acad. Prof. Dr. Ana Aslan

SVA Vrea sa vluo.

STIMATE DOMNULE,

Ma numesc Caty Laya, sint de origina romana si locuiesc in Los Angeles U.S.A.

De citiva ani aud ca in Romania se face un tratament gereatrical foarte eficace cu produsul GEROVITAL.

Am ajuns la o virsta cind doresc sa ma informez amanuntit despre acest tratament in vederea urmarii lui. In acest scop va rog sa-mi trimiteti INFORMATII IN LEGATURA CU ACEST PRODUS PRECUM SI RECORDURILE LUI.

Deasemeni va rog sa-mi comunicati exact procedura legala pe care ar trebui s'o urmez daca voi decide sa urmez acest tratament in Clinica Dv. Totodata doresc sa stiu durata tratamentului, pretul, conditiile de locuit etc.

In cazul in care acest tratament a fost urmat si de alte persoane din U.S.A. ,daca nu va afecteaza, va rog sa-mi trimiteti adresele lor sau Nr. de telefon pentru a putea lua legatura cu ele.

Cu multumiri anticipate,

CATY LAYA

Dear Dr. Aslan:

Two of our most valued clients, Mr. & Mrs. Norman Layton, will be arriving in Bucharest on June 11th, and we have made reservation for them at the Inter-Continental Hotel, for 14 days.

Mr. & Mrs. Layton are coming to Bucharest for the express purpose of meeting with you, to discuss their obtaining GEROVITAL Treatments as Out-Patients.

Some friends of the Laytons (named Gladstone) just returned from Bucharest, with high praise for you, and your scientific contribution to the Treatments you recommend so highly.

Please advise me whether a definite reservation can be set up now for the Laytons to meet with you, soon after their arrival in Bucharest. Naturally they will bring their complete medical file with them.

We would greatly appreciate receiving your AirMail response in the very near future.

Sincerely,

Dear Madam,

thank you very much for your kind letter and your kind words. We would be very grateful if you would have the kindness to send us the article appeared in the magazine, "Sweet and Low".

Obviously with your age you can undergo the treatment with even very good results.

Our International Travel Agency, Bucharest, charged by us, will remit you a special letter indicating you all conditions as fees, modalities, available dates a.s.o.

Meanwhile we remain with our best regards,

Yours sincerely,

Acad.Prof. Anna Aslan M.D., D.sc.

Dear Dr. Prof. Aslan:

I heard about Gerovital H³ on Television and some time ago I spoke to a gentleman, 77 years old who looked like 50 because he appeared so much younger and he said he felt wonderful. This man told me he had visited your office and received your treatment. Your article appeared in a magazine called Sweet and Low and I was quite enthused about it.

Although your article said it would be best to receive your treatment between the ages of 30 and 40, I am writing to inquire if a woman 68 years old could receive this treatment WITH RESULTS.

I would appreciate any information you can give me on this matter, - price, time required, etc. You can see from my address above that I am from New York, the United States, but if the reply is favorable, I am BUCHAREST bound.

Thank you for your reply.

Very truly yours

Florence Lea

Chère Madame,

J'accuse bonne réception de votre lettre du 28 février par laquelle vous me faites savoir que vous désirez un traitement et je m'empresse de vous répondre.

J'ai informé notre Office international de Tourisme de Bucarest qui s'est chargé de la réservation des places dans les cliniques et hôtels de traitement et qui, par prochain courrier, vous donnera tous les renseignements sur les possibilités de séjour, conditions, disponibilités etc.

Vous pouvez faire le traitement sans faire la cure complète et vous pouvez acheter les médicaments que vous désirez emporter.

Agréez, chère Madame, l'expression de mes sentiments distingués.

Directeur,
Acad. Prof. Dr. Anna Aslan

INTRARE Nr. 3962/12/IV/74

J'ai beaucoup entendu parler de votre Institut et en France et ici en Amérique. Je souffre d'une arthrose lombaire que l'on traite en ce moment à la cortisone. De plus j'ai 48 ans et pense qu'une cure de rajeunissement des cellules nerveuses ne pourrait que me faire du bien.

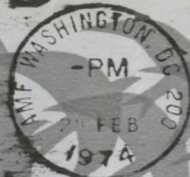

J'ai l'intention au mois de juin de visiter l'Europe Centrale et principalement la Roumanie. Est-il possible d'avoir un examen médical et un diagnostic à votre Institut sans toute fois faire une cure complète? Peut-on après examen se procurer les médicaments pour faire le traitement? Y a-t-il des docteurs ici en Amérique et tout particulièrement à Washington qui soignent avec le Gérovital H3? Pourriez-vous aussi m'indiquer le prix de la cure de 15 jours et celui de l'examen médical et du traitement sans la cure?

Je vous serais très reconnaissante de me faire parvenir au plus tôt ces renseignements et me dire combien de temps à l'avance il faut réserver soit pour une cure, soit pour un examen. Deux de mes amis feraient le voyage avec moi et désireraient aussi un examen médical et un diagnostic de votre part.

Recevez, je vous prie, l'expression de mes meilleurs sentiments.

October 21, 1979

Dr. Ana Aslan
Otopeni Sanatorium
Bucharest, Romania

Dear Dr. Aslan,

I am a clinical psychologist; I work as a psychotherapist and as an organizational consultant. I am associated with medical doctors involved in a practice of Preventive Medicine.

I am interested in discussing the application of Gerovital H3 and Aslavital treatments to depression that sometimes accompanies mid-life changes and crises. In order to gain first-hand information on your cures both for myself and for the other doctors with whom I work, I have decided to ^{come to} Bucharest and undergo the treatment myself for one week, beginning December 6, 1979.

I have no depression myself nor any major physical disabilities, but my body is beginning to manifest the usual insidious middle-age signs. So, I would be very aware of any changes the treatment might bring about.

While I am there I would like you to schedule time for me to discuss whatever psychological data is available in regard to relief of depression, as well as your up-dated medical research.

It seems to me that it would be more appropriate for me to stay at a hotel in Bucharest and go back and forth to the Clinic for treatment, since I am quite healthy and do not wish to be in an atmosphere of invalids. However, I am willing to stay wherever you think would be most suitable for my purpose. I would appreciate it very much if a member of your staff would make a reservation for me for deluxe accommodations from December 6 to the 13th.

I hope to hear from you soon. Thank you very much.

Sincerely yours,

Mary Jane Ledyard

Mr. & Mrs. Leff

3098/25-III

Mrs Lester Leff,
201, N. Wild Olive
Daytona Beach, Florida.

Dear Mrs Leff,

Thank you for your interest concerning our work.

No literature for laymen has been published by us concerning our therapy and neither do we have any publicity brochures. There exists a book published by the british writer Olga Franklin in 1964, called "H3" (Arthur Baker, Ltd. London). I am aware that it has also been published in the U.S. If you or your doctor are interested, I can send a set of scientific papers (reprints from various reviews) in English.

You would be welcome at our Clinic any time. Should you wish to come to our Sanatorium as inpatients, for examinations and a period of treatment under our control (in this case a minimum of two weeks would be required), the date should be decided upon in mutual agreement, to assure accommodation.

I shall personally be away from Rumania between June 1st and 20th and after August 25th (for about a fortnight or three weeks). Nevertheless, should you happen to come during these periods, my assistants would be at your disposal, for whatever examinations, advice or treatment you may require.

With best wishes,

Yours sincerely,

Professor Anna Aslan, M.D., D.Sc.,
Director, The Bucharest Institute of Geriatrics

P.S. Herewith you find our information concerning the cost of treatment in our Institute.

Dear Dr. Aslan-

I wrote you some time ago that we expected to be in Bucharest some time this fall & would like to visit your institute. At that time we did not know just when we would be there.

However our tour to the Balkan countries leaves N.Y. City Sept. 2. We will spend the 12th + 13th days (about Sept. 15/16) in Bucharest and would like to stop at your institute. Do we need appointments or do we just talk to whoever is in charge?

In Bucharest we will stay at the Lido Hotel. Please leave a message there for us.

Thank you.

Very truly yours
Mrs. Lester Jeff

Dear Dr. Aslan:

My wife and I are interested in taking your treatment, we are both 50 years old. As a stock holder of ROM-AMERICAN CORP. I am very interested in this work and would like to make reservations at this time for the both of us.

Since we must be in Athens, the 8th of June, I would like to start treatment early enough so that we could keep this date. Are your treatments 10 or 14 days long? Please advise by return mail our costs for both in or out patient treatment, the time required for treatment, and on what days treatments are started.

If treatments are 14 days long please make our reservations for the arrival May 24th.

If treatments are 10 days long we will plan to arrive the 27th.

In all cases please figure us as IN patients.

Trusting that we may hear from you by return mail with confirmation of the above, as well as rates I remain.

Yours truly,

Dear Mrs. Lefton,

I duly noted the contents of your kind letter of the 20th July, and I am sorry, that our Travel Agency, Bucharest did not reply up to now.

Obviously I contacted immediately the named Office, in order to settle urgently your matter and to give you a cable-reply.

Hoping that until my letter arrives, you already received the cable of our Agency, I remain,

Yours sincerely,

Professor Anna Aslan M.D., D.Sc.
Director, The Bucharest Institute of Geriatrics

July 20, 1973

Dr. Ana Aslan
Otepeni Sanitorium
Bucharest, Romania

Dear Dr. Aslan:

Enclosed you will find copies of letters I have sent Carpati requesting reservations for my husband and myself, who are agents of Time and Tide Travel, so that we can build a tour around your wonderful works in the very near future.

As you can see we are also large stockholders of Rom-America and very much interested in everything you do. In fact we have many people excited about taking this cure and tour. As you know American's are keenly concerned with staying youthful.

Up to this writing we have not been extended the courtesy of a reply from Carpati, so I am wondering if you can extend the reservation for my husband and myself for the end of September or the first week in October.

Please send availability, rate for travel agents and reservations.

Looking forward to meeting you, I am.

Yours very truly,

TIME AND TIDE TRAVEL

A handwritten signature in blue ink that reads "Sylvia Lefton".

Mr. M. Serbanescu
Carpati National Travel Office
Blvd. Magheru Nr. 7
Bucharest, Romania

Dear Sir:

My husband and I are both travel agents with the above agency, and we would like to prepare ourselves to bring a group to the Otopeni Sanitorium for the two week stay with treatment and daily sightseeing.

In order to do this, we would like to come for a two week stay at the Otopeni Sanitorium in October and take the full treatment and in this way we can get first hand information in selling our proposed tour. We always investigate all our tours so that we are always able to answer all our clients questions.

Would it be possible to get reservations from October 13 - 27th for a double, and what agent discount do you offer for both of us.

Please send rates, discounts and also information on group tours for Dr. Aslan's treatment and stay.

Thanking you to give this matter your kind consideration, and advise as soon as possible. My husband and I are also major stock holders, in the American company of Gerovital H3.

Yours very truly,

TIME AND TIDE TRAVEL

July 31,

Dear Doctor Aslan,

Thank you for your letter of 21/6/73. The travel bureau sent a telegram with NO rates and we do not know your rates either except what we read in a magazine.

Our American dollar does not go very far these days and we really want to know the exact cost, if you please.

Also, better yet, is there any place here that gives the same treatment. Could you send the pills, or whatever, by mail? We would really like to take the treatment but have to plan carefully about the money.

Please have someone send us a clear description of the things we must know about money, etc. - no telegram - and the best and most pleasant time of year. I like summer weather like California.

Thank you again in advance for sending the actual rates and charges.

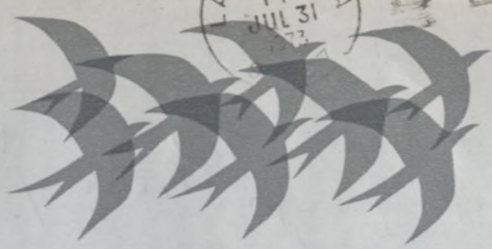

Sincerely yours,

Zelka Leftwich

Dear Mrs. Leftwich,

I duly noted the contents of your kind letter of the 8th May and I am glad to hear about your interest in a Gerovital-treatment.

I am sure, that this will be very helpful to you as it is so too a powerfull regenerator of the celles, improving the general conditions of health. This treatment is of 14 - 21 days, including so too all analyses and tests and then it will be continued at home, according to our prescriptions.

Concerning the financial problems, accomodation, available terms, a.s.o. our International Travel Agency, Bucharest, charged with this matter and informed by us, will remit you a special letter.

Meanwhile I remain,

Yours sincerely,

Dear Dr. Aslan,

The article in Town and Country Magazine and also in newspapers make me want to find out more about your work with gerovital, etc., and get the benefits too.

I am a "healthy" active woman of 67, of moderate means. My joints ache sometimes and my left hand is not as steady as it used to be. My doctor says it is nothing. However, there is room for improvement and I want to get better, not worse. I am interested in the quality of life, not it's length.

Would you kindly send me information about going to your clinic. If there is someone doing this type of work here in the States I would like to know that as well, even though I am always tempted to see other parts of the world.

Thank you for your attention.

Sincerely yours,

Ilka R. Leftwich

Mr. and Mrs. Tom LeGarde
P.O.Box 22995
Nashville, TN 37202
U.S.A.

Dear Mr. and Mrs. LeGarde,

I received your letter and I am glad to hear that you want to come to us in November for treatment. For your information I am sending you a brochure regarding the geriatric cure in our country.

Generally we recommend a stay of two weeks necessary for medical investigations, laboratory tests and a course of treatment under our supervision.

You can make all the arrangements also by the Romanian National Tourist Office in the U.S.A. - 573, Third Avenue, New York, N.Y. 10016; telex: 422990+RNTONYC; tel: (212) 697-6971.

If you cannot stay for two weeks, you can stay only for a few days for examination and to receive the necessary indications according to which you will undergo the treatment at home.

Please, let us know the date of your arrival.

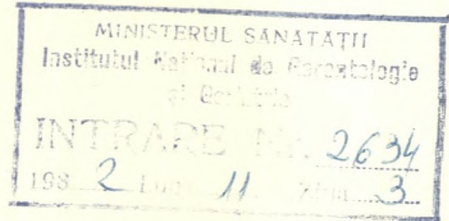

Yours sincerely,

/Acad.Prof. Ana Aslan, M.D., D.Sc.

Dear Br Aslan:

We would like to make arrangements to come to your clinic
In November. We would like to know what is required to make
this arrangement. Could you send us a break down on the cost
and if we would stay at the Clinic and if the cost includes
accomadation. We plan to see Romania after we take the treatment.
Because of the special air fares we are required to stay in
Romania for two weeks.

Any advice or assistance you can give us will be greatly
appreciated.

We look forward to your reply as soon as possible so we can
make the nessecary arrangements.

Sincerely Yours

Dear Dr. Aslan:

Having corresponded with Doris Whitehead regarding her excellent article in the MAINLINER we hope that you will be able to accommodate us at Otopeni and we wish to arrange our own trip; as we are not interested in the packaged Gerovital H-3 tours. Would the following be available:

Accommodations Requested:

For two persons: Mr. and Mrs. Murray Lehr.
Two separate rooms, each with private bath--your de luxe rooms, please. Arrival, by plane, (new time: 4:55 P.M.,) February 25, 1977.

Medical Care:

We request that Dr. Alexandru Madarjar attend us, if possible. If not, would Dr. Adina Tomov be available?

If you can confirm these accommodations, we will then write Carpati in Bucharest, and Anca Dobrescu, there, to arrange for car, driver/guide/interpreter to be available to us daily--after the first couple of days of the examinations.

CONFIRMED travel reservations--(with the changed point of departure and hour)--as of this date:

Departure:	Time/Date:	Flight No.	Arrival Time/ Date:
February 25 LONDON: British Airways	10:30 A.M.	824	<u>Bucharest</u> 4:55 P.M. February 25

We are in the hotel and restaurant business in San Francisco and look forward to staying at Otopeni--which we understand, from Doris Whitehead, is a truly lovely place to stay for our most rewarding care.

Sincerely,

Jacqueline Lehr (Mrs. Murray Lehr)

Dear Dr. Aslan,

My husband is suffering from Parkinson disease for about ten years. He is seventy two years old. He is able to walk by himself and feed himself.

For the last year he is taking levodopa, one day for two weeks then two weeks off.

Do you think it would help him to come to Romania for treatment? If so which treatment center would be best? I could get levodopa would that be better for him?

We would appreciate any help you could give us. Thank you.

Professor Ana Aslan
Director of the Geriatric Institute
Bucharest, Romania

Dear Professor Aslan:

The numerous articles I have been reading regarding Gerovital H₃ and Aslabital H created a great deal of interest for me. Not only would I like to personally participate in your treatment, but as Director of Nursing of a 1400 bed hospital for the aged and chronically ill I would like to encourage its use for our patients after the Federal Drug Administration clears it for use in the United States.

In late September I and one of my co-workers would like to receive a two week treatment at you institute - I understand there is such a program offered.

I am 52 years of age and am interested in the preventive aspect, my coworker is older and who has arthritis is interested in reversing the aging process.

I would appreciate information as to the cost of the two week program and if rooms are available at the institute.

Please address your answer to my home address which is listed below. A self addressed envelope is enclosed plus cost of postage for your convenience.

Thanking you in advance. I remain

TraTamente

5185/26-XII

New to me

Mr. George Lehman
701/2 W. Graham Ave
Elsinore, Calif. 92330

Dear Mr. Lehman,

From your description of Mrs. Lehman's condition I consider that our treatment could give beneficial results. It could be undergone in your country under medical control, providing you were able to obtain supplies of our medicine (Gerovital H3) from Romania or from one of the distributors in Europe (see enclosure). On the other hand, American regulations on the import of foreign pharmaceutical products prevents the shipping of Gerovital H3 to the United States without the permission of the Food and Drug Administration.

Since you suggest coming to our Institute in spring, we should willingly accommodate you here or give your wife outpatient treatment, according to what would be more convenient for you financially. A stay of about two weeks would be necessary, for thorough examinations and a period of treatment under our direct control. The treatment would afterwards have to be continued in America, according to our prescriptions and with our medicine, which you could take home with you.

For charges, see enclosure. As we are able to accommodate patients only in our Institute, you would have to pay the same prices as Mrs. Lehman. It may therefore possibly be more convenient for you to take a double room in an hotel or a private house, and have Mrs. Lehman come daily to the Institute, if it is not too tiring for her.

The Romanian National Travel Agency "Carpați" of Bucharest (with whom all arrangements can be made) informs us that the cost of a double room in a hotel is between \$5.50.- and \$7.50 and a room in a private house around \$3.- per day.

As regards the journey, shortest would be to fly from Los Angeles or San Francisco directly to Paris or Brussels and from there to Bucharest. You should apply for a 30 day tourist visa at the Romanian Consulate in Washington or on arrival at Bucharest airport.

Please let us know as early as possible the date at which you decide to come.

Yours sincerely,
Prof. Anna Aslan M.D., D.Sc.

Prof. Dr Anna Aolan

Dg-5185/66 Dec. 4, 66

Dear Doctor: -

We write you through my neighbor and our mutual friend Mrs. Geisha Resnick with whom you correspond.

In 1964, from July 23rd to Aug. 11th my wife was in the hospital with a very bad Sciatica in the left hip and was in traction because of curvature of the spine. She was quite well until about a year ago. For the past year, my wife who is 71 years old, has been suffering with very painful Osteo Arthritis and Fibrositis, and the doctors here have not been able to help her.

Some of the newer drugs were tried ^{and} were discontinued because of undesirable effects and some made her sick. She still takes Aspirin and prescribed exercises and she is not bedridden and is fairly limber. Aspirin doesn't relieve her pains but she continues taking it on doctors advice. Six months ago we moved from the coast area to Elsinore which is dry semi-desert climate, but her condition is no better and some of the pains are almost constant.

Her pains are severe in the shoulders, neck, and arms and since July also head pains from the neck up on the left side and they are almost constant. Also her back, hips, and knees are painful. She is not deformed or crippled.

If you treat such cases and can accept her in your institution or hospital for treatment, please let us know how we can arrange for your treatment. What are the charges and approximate costs and length of stay there? Also whether you can receive her in May or when? Also what is the recommended way for us to go to your Institute from California. I will of course go with my wife.

We are retired working people and it means a great deal to us to undergo the expenses involved. Please give us your opinion and advise us in this matter.

We look forward to hear from you soon.

Thanking you, we are, Sincerely

George and Eva Lehman

January

13th

Dear Sir,

I have received your letter of December 5th. 1964., and answering your questions I am giving you the following information:

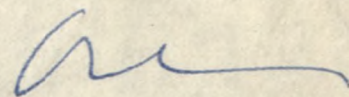

Owing to the nature and to the long duration of your father's illness I think it would be wiser to undertake a few months treatment at home. Afterwards, according to favourable progress which might occur one can decide upon the opportunity of coming to Rumania.

Our therapy with Gerovital H3 is known in the United States by several physicians. You might apply for advise to my distinguished colleague Prof. E. V. Cowdry of Washington University, St. Louis, who could possibly arrange for treatment to be applied.

Gerovital H3 is not marketed in the States owing to regulations concerning the import of foreign drugs. Your doctor should ask for permission to import a supply. As far as I am aware, this depends of the Food and Drug Administration. For your information, I am including the address where it can be ordered in Rumania and the names of some of the distributors in other countries.

Hopping that my information will be helpful to you I remain,

Sincerely yours,

Prof. Anna Aslan, M.D., D.Sc.

December 5, 1964

Dear Dr. Aslan:

I have just read about your treatment for conditions that affect elderly people. My father has had Parkinson's Disease on both sides for the past ten years, but he did not inform me of his condition until it became obvious.

Approximately a year ago, my father underwent a second cataract operation, and has not been able to walk more than a few steps without someone supporting him. He shakes and is very much depressed. He is 83 years of age and has asthma, and his medications are TOF RANIL and PARNATE. Prior to this past year, my father has been very active, working, traveling, etc.

Dr. Aslan, if you think that my father can be helped by your treatments, I am willing to bring him to Bucharest, unless you are familiar with someone that can give the same type of treatment in the United States, or the vicinity. We would appreciate hearing from you, if you can help, and we are enclosing a self-addressed stamped envelope for your convenience.

Thanking you in advance for a reply and hoping to hear from you soon, I am

Sincerely,

Norman Lehrer

Dear Mr. LE LAURIN,

With pleasure I heard from your kind letter of the 22. II.73, that you have the intention to undergo a treatment of Gerovital H3 in Bucharest. This treatment has a duration from 14 - 21 days, period within you will undergo all analysis and tests. Then it is to be continued at home according to our detailed prescriptions. If you want, you have so to the possibility to come as out-patients or at a cure-Hotel.

Please find hereby enclosed a folder with more details about the treatment with GEROVITAL H3.

I informed immediately our International Travel-Agency, Bucharest, which will send you a special letter with all administrative details as conditions, costs, a.s.o.

With best regards,

Yours sincerely,

Professor Anna Aslan M.D., D.sc.
Director, The Bucharest Institute of
Geriatrics

Dear Dr. Aslan:

I have read of the great work you are doing with Gerovital H3 and am facinated with the results you have achieved.

I am 72 years of age and my wife is 69. We are in relative good health but feel possibly a visit to your clinic would be beneficial to both of us.

Would you be kind enough to send me information as to costs, time required and any other miscellaneous information that would be helpful.

If possible, we would probably like to come to Bucharest in May of this year, if you would be available at that time, and if your clinic could accept us then.

I would like to know how long it would be advisable for us to remain in Bucharest. If we take the shots at the clinic is it advisable we return periodically for booster shots, if so, how frequently?

Will the medication one takes between visits to the clinic be sufficient to maintain an effectiveness?

What proceddure do we follow to make definite appointments for our visit?

I will very much appreciate as much information as you can give me at the earliest possible date so that we may make definite plans.

Very truly yours,

J. V. Le Laurin

Dear Mr. Lerner,

I duly noted the contents of your letter of February 4th, and I am glad to hear that you want to come to our country for a treatment.

I send you herewith our general information regarding Gerovital H3.

After the complete analysis, you will enjoy here a treatment of 2-3 weeks, after which the cure will be continued at home according to our prescriptions.

Concerning the voyage, costs and all other conditions, you will receive a detailed letter from The National Tourist Office "Carpați" of Bucharest, Blvd Magheru 7.

After your arrival, I hope to have the pleasure to discuss with you the problem in which you are interested.

Yours sincerely,

Prof. Ana Aslan, M.D., D.Sc.

August 1 1979

Prof. Ana Aslan, M.D.
C.I. Parton Institutue
Bucharest, Rumania

Dear Dr. Aslan:

I am afflicted with ataxia, due to a shrinking of the cerabelum. The best diagnosis that Doctors here can come up with, is that it is premature aging. I am 60 years old, and must use a walking cane, as it is very difficult for me to walk.

My general health is good, but I am bothered with dizzy spells and black out. This could come from the cerebalar troubles.

I am going to be in Germany from September 3 to October 1, 1979. I would like to come to your clinic and take your H3 injections if at all possible.

I have read a lot about your work and am greatly impressed. I do not speak your language, but my wife speaks German, so if we came we would need a guide. Also can you tell me how this would cost.

If you can not see me at this time mentioned above, please let me know when it will be conviened and I will come to Rumania, as you are my only hope, as I will be in a wheelchair within six month if I deteriate as much as I have in the past six month. I have had this problem for 5 years, and it gets worth all the time.

If you could call me, I will reimburse you for your call, as maybe there is not enough time to get a letter back to me in the mail.

My phone number is 704-652-7747, even if it is in the middle of the night, please call me and let me know if I can come to your klinic. I have to make arrangements to be away as I run a business here.

Hoping to here from you very sonn, and thanking you in advance,

Very truly yours,
Wade H. Pyatt

September 12 2

new to mine

7270 / 14-1X
(dunn)

Dear Mr. Leschenko,

Answering your letter of September we inform you that the treatment with Gerovital H3 could have a favourable influence on your condition. We are sending you herewith our general information concerning the treatment as well as addresses of representatives abroad where you can obtain the original product, the Romanian exporters being unable to send it directly to you owing to import regulations in your country.

On the other hand if you prefer to come to the Institute for treatment, places available are only after November 1st. We have a new clinic 17 kms out of the city where the conditions are very good and where you can make a reservation when you decide to come (cost: from \$22 to \$28 per day according to accommodation conditions). At the Institute as you knew previously cost is: \$60.50 for medical examinations and laboratory tests and \$14.50 daily for treatment and full board and lodging. All arrangements can be made with the Romanian National Tourist Office "Carpați" of Bucharest, Blvd Magheru 7.

As regards the clinic in Cuernavaca, Mexico, the doctor who was working there and was applying our method of treatment has moved in Spain and we do not know another place where the treatment is given.

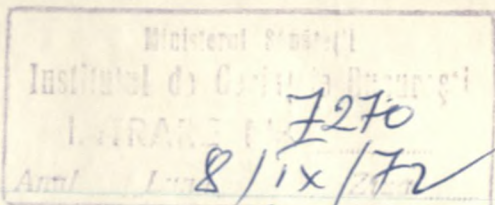

Hoping you will inform us what you decide, we remain

Yours sincerely,

Prof. Ana Aslan M.D., D.Sc.

Jul
Dear Mrs. Anne Islan

Dear Doctor Anne Islan

I have read 3-4 years ago about Rejuvenation Rumanian style in magazine Parade. I sent letter to Geriatric Institute to find out some information but did not get any answer.

One article Rejuvenation Rumanian style in the book Health ^{Secrets} from Europe by Dr. Parvo O. Airola N.D.

The article in Parade magazine was can she make the old young again. At present time I am interested very much in article in the Dr. Parvo O. Airola and in article in Parade magazine. I am 73 2 1/2 years ago I had light stroke I could walk with can to 3-4 block in the city but lately it start getting worse to much rain wind cold and snow did not help me.

I am writing in hope that Geriatrics Institute could help me some. I would like to know at present how much it could cost me. In article in Parade 3-4 years ago it was mention Total cost board, ^{room} examination treatment is 12.50 per day but at present it could be different. So please let me know how much I will have to pay per day. Please let me know if I have to write for admission for Geriatrics Institute.

In Dr. Parvo O. Airola she say Dr. Asian is very popular in Europe and she say she treated over 40,000 people in her Institute.

Any answer will be appreciated very much

Yours respectful George Leschenko

Mr. George Leskinen
Box 292
Ahmeek, Mich. 49901
U.S.A.

Dear Mr. Leskinen,

In answer to your letter of January 30th, I inform you that a treatment with Gerovital H3 could improve your wife's condition. So that it is advisable to undergo it according to the following schedule, under medical supervision.

First day: 1 subcutaneous injection of 1 cc.

Second day: 1 intramuscular injection of 2 cc.

If after this test the patient does not present any allergical phenomena, she may begin the real treatment as follows:

Gerovital H3 ampoules: one course of 12 injections in 4 weeks (an intramuscular injection of 5 cc every second day).

Follows a rest interval of two weeks after which:

Gerovital H3 pills: one course of 24 in 12 days (two a day one pill taken after the principal meals).

Follows a rest interval of two weeks after which another course of injections as above. To be continued by alternating courses of pills and courses of injections as above, with the prescribed rest interval between each separate course.

You may consult Dr. Alfred T. Sapse, 233 South Beverly Drive, Suite 100, Beverly Hills, California 90212 - who applies our method of treatment.

Please, be so kind and keep us informed about your wife's further condition.

Yours sincerely,

Prof. Ana Aslan, M.D., D.Sc.

Dr. Ana Aslan
Bucharest Geriatric Institute
9 Man. Caldarusani
Bucharest, Romania

Dear Dr. Aslan:

I am writing to inquire about the possibility of visiting the Geriatric Institute during a forthcoming trip to Romania in September. My husband and I are professionals in the field of aging; I am an instructor of gerontology courses and workshops at Delta College and my husband is an administrator of government programs for non-institutionalized aged. We both hold masters degrees in gerontology and have read and heard a great deal about the progressive work conducted at your institute.

We are most interested in learning more about the research and development you have conducted and would very much appreciate the opportunity to visit your facility and perhaps meet with you. We would be most grateful for any information you could provide regarding formal procedures for visitation, desirable times for visiting, etc.

If at all possible, we would prefer to schedule a visit for either September 6, September 13, or September 14 as these are dates during which we know that we will be in Bucharest. However, if these dates are not convenient, we would be happy to consider any alternatives that you might suggest.

We look forward both to hearing from you soon and to the opportunity to visit the institute!

Sincerely,

Judy L. LeVay

July 7/62

Dear Dr. Aslaw:

My schedule puts me in Rome (Excelsior Hotel) July 11-17; in Venice (Excelsior Lido) from July 17-29; in Burgaustock, Switzerland (Grand Hotel) from July 29 - Aug 14; and in Geneva (President) from Aug 14-17.

Perhaps you will be on the Continent during one of the above periods; if not please let me know as quickly as possible what your suggestions are regarding the most advantageous way to visit you and the time also.

Accidentally, I received great relief for an arthritic condition of my hip, following a break many years ago, thru the use of novocaine injections. I have read of your great studies in this direction and therefore am very anxious for some treatment.

Please wire or write to one of the above hotels.

Very sincerely yours
(Justice) Irving L. Levey

Dear Dr. Aslan,

I have heard so much about you and thinking for a long time that I would like to come to you for treatment.

I am 75 but I'm told I look much younger in spite of my white hair, perhaps because people are used to me with white hair - since 30 or so.

I am in fairly good health - just the "ailments" of advancing age: capricious stomach, ordinary arthritis, occasional dizziness, etc. I am quite active.

Both my husband & I are retired high school teachers.

My husband wants to accompany

me, but not for treatment.

We would like to come about the middle of November, if possible. I am subject to nose & throat colds; would that be a bad time?

I do hope to hear from you very soon.

If you prefer, our correspondence can be in French, since I was a French teacher.

Admiringly & sincerely yours,
Bertha G. Levine

New York, N.Y., U.S.A.

Dr. Anna Asian
No. 3756/20, VIII. 79

THE OFFICE OF
ORTHOPEDIC SPECIALIST
1979 8 33/4 29

11-AUG.-79.

Doctor: Anna Asian,

Dear Doctor,

I addressed a letter to you, recently. About 3 weeks (approximately?) Since I have yet to receive an answer, I try again, & hope YOU are not displeased, or, offended. If so, I apologize.

I talked to the Rabbi's in the "Hassidic" aynagogue, and they offered special prayers for me. They also promised me moneys, to pay for your fee's, if, YOU will treat me.

Last night, in a drugged, and sick, sleep: The "Lord", woke me, and talked to me. HE told me to try again to contact you, and HE said, HE will talk to YOU, for me.

You, & I, we are probably, of different religions, but, there is only one, "GOD" for all the world. This gives me courage to go on living, hoping, searching, & trying. Really, I do need a "miracle". "YOU"!

PLEASE!: I am chronically ill. Maybe, terminally ill.

- I cant find, one doctor to give me an honest diagnosis of my illness. It can be defined as: lower back pain syndrome, source of slipped disc, in 1940.
- 2: degenerated disc, spreading from lumbar 4 area, up in to snoulders.
- 3: now diagnosed as arthritic spine, or, or, osteo-arthritis.

The biggest, & best (?) hospitals, & their clinics, arthritic specialists, & rneumatologists. Can not give me an honest and sincere prognosis. The best of them are all liars, & hyprocrits. No new

new medicines, or, treatments offered. Physical therapy, ineffective,
also, no improvements, thru chiropractors, & their treatments. Now
even opiates ineffective and not tolerated, so, I am now detoxifying.

The offices of: New York State, division of
narcotics, & drug abuse, are trying to help me find, a Neurologist, or
orthopedic specialist, who concentrates on low back pains and will make
an intelligent, & comprehensive diagnosis, and new treatments.

I am so despairing of real help, I am nearly
out of my mind, with worries, despondencies, despair, & "RAIN", that I pray
that it would be better for me to die. Then G-d will take away my pain.

I have read about "YOU", in various medical
journals, magazine articles, & etc;

Please; I believe in YOU. My hopes
and prayers, are; that YOU could treat me and relieve me of most of my
pains. I don't ask for a full cure, or a miracle. But, I do believe that
you are merciful, warm with compassion, and concern, for the elderly, and
incurable ill, that you could help me.

I hope and pray, that as a "Daughter
of G-d" and as a physician, doctor and a "healer", that YOU could help me.
For you, I will go on my knee's and worship you. Please let me know of
your reactions, to this letter, and I will raise the moneys necessary to
come to you, as soon as possible.

Thank you for reading this letter and to
let you know; I'm living in hopes of a new life, & restoration of some health

Thank you, and G-d bless you, your servant,

Most sincerely,

Bernard Levine

New York, N.Y. U.S.A.

26-July 1979

Dr. Anna Aslan,

The Institute of Geriatrics,
and Gerontology,
Bucharest, Romania.

Esteemed Doctor,

Kindly allow me to introduce my self. My name: Bernard
Levine, residing, at above address. 50 years, of age. I am, a Social Security
disability retiree. I write to you, because, I have read, in several Medical
journals, of, "YOUR compassion and concern, for, the problems, of the ageing.

My disability, and problems, are; Lower back pains and
syndromes, i.e.; lumbar 4, & 5. I enautr, comstant, & incessant pains,
which, by now, can only be enaured, & maintained, with, pain killers, (quillaudid

hydro-choride.. In this great city, the big
hospitals, & their clinics, ortnog rric specialists, & rheumatologists, can
not offer, any treatment, or hopes of releg. They will only prescribe; anal-
gesiques, which are, ineffective and offer little help, of, relief. The last
clinic, I went to; would nt even ogger, a diagnosis, or, prognasaland did not

offer any medication, at, all. In may, of this year, I went to england. I was
treated, at, Abingdon Hospita. This is a "Pain relief " hospital, in the
Oxfordshire, area, of England. I met, Dr. James Lloyd, a fine & sympathtic,
gentelman, who gave me, a massive injection, of "Sterroias, in the spine, and
was prescribed "Motrin, to bring back with me. Motrin was ineffective, and

I had to return to the pain killers
which I am still using now.

I have written to, and had consultations with many doctors all over the United States. I cannot find any pain relief hospitals or specialists, (orthopedic) who would not even offer to "try" and alleviate my condition.

The steroids injection, took away the pains, in my upper back, i.e. in the cervical vertebrae, the collar blades and shoulder bone structure. The lower back pains, are still with me. I have had x-rays that

are diagnosed as, osteo-arthritis, arthritis of the spine, and simply

low-back pain, derived from, originally, slipped disc, to degenerative disc, coupled with the problems of aging.

Could I please supplicate you

help and treatment; you are my only hope, and I pray that you will allow

me to come to your country for your help.

I don't have any money. If you

say, come, then: Jewish Philanthropies and other Jewish benevolent societies

will arrange for me to go to you, and will arrange your fees and

my travel arrangements. I will obey, all your instructions and be re-

spectful, and respondent, to your orders. Proper deportment and a willing-

ness to act as a pal killer, as you see fit to administer.

As you have noted, I also have poor vision,

a repaired detached retina. Please overlook mistakes in this letter.

I am honest and sincere, and pray that you can prolong my life, with some

or most of the pains eliminated. Thank you, for reading this and your

considerations. God bless you.

humbly,

Bernard Levine

Dear Mrs Levine,

Thank you for your letter of December 13th.

From the brief description of your condition I think a long term treatment with Gerovital H3 might have a favourable influence.

We gladly receive you in our Institute where a sanatorium section for foreign patients has been set up in which medical attendance as well as all desirable tests or analyses are provided. A minimum stay of 2-3 weeks is necessary. Treatment could afterwards be continued at home. Herewith I enclose our information concerning the cost of treatment in our Institute.

Please do settle your visit after the 15th February and contact us a few days prior to your visit, so that final arrangements can be made.

We are anticipating the pleasure of seeing you in Bucharest !

Sincerely Yours

Professor Anna Aslan, M.D., D.Sc.,

Dear Mr. Le Vita,

I duly noted your kind letter of the 18th June and I informed immediately our International Travel Agency, Bucharest, in order to remit you a special letter, indicating the confirmation of the date, the fees, accomodation a.s.o.

Concerning the duration of the treatment I want to let you know, that this usually is indeed of 14 - 21 days , but it can be continued surely at home. If the case is not urgent, after the analyses you can so too undergo the treatment at home, or in an other town.

If you have the intention to stay longer in our country, after Eforia you can come in Bucharest as out-patient - but nevertheless, after all analyses it will be stated if in your case it would be good to undergo the treatment with ASLAVITAL or with GEROVITAL.

Meanwhile I remain,

Yours sincerely,

Professor Anna Aslan M.D., D.sc.
Director, The Bucharest Institute

INTRARE Nr. 5956
Anul 73 Luna III Zina 3

Dear Dr. Aslan:

I wish to express my deepest gratitude for your very kind letter of May 18th and for taking time out of your very demanding schedule to personally answer my letter addressed to you on April 20th.

My delayed response stems from the fact that my wife and I had originally planned to leave here in mid-July, but due to some family problems we had to delay our departure for September arriving in Constanta, at the end of September as it is our desire to obtain the needed treatment in Nord Eferie at the Sanatorium.

We are somewhat confused as to the matter of length of treatment. When you visited our City of Ft. Lauderdale, the local newspaper quoted you to the effect that your treatment consisted of two (2) sessions, i.e., one month of injections, then a two week rest period, followed by another month of treatment. Consequently we have made definite plans to spend almost three (3) months in Romania. However, in your letter you state "Our treatment is of 14-21 days"....providing there are no additional problems.

Briefly, I have been suffering since November of last year with what has been diagnosed, after Xrays, as Osteoarthritis of the Cervical Spine. Also, my wife informs me that I have an involuntary movement (of which I am not aware) of my lips and head. My wife is troubled with extreme dizziness, high Blood Pressure and Hype-Glycemia (low Blood-Sugar) and it is our hope that your valued treatment will be beneficial for both of us. I have in my possession copies of the hospital's radiology interpretations and evaluations and all related diagnosis.

An issue of "Geriatric Focus, published by G.F. Publications of New York, was devoted exclusively to Gerevital H3 Therapy and I note that it speaks of a "New and Improved Version" of Gerevital H3, known as Aslavital H4. We are wondering if the "new version" would be of value for my particular needs? In that event, would it be more advantageous to receive the treatments at the Institute of Geriatrics in Bucharest?

We will anxiously await your valued opinion and reply. In full appreciation of your kind attention, I am, dear Dr. Aslan,

Most respectfully yours,

Charles G. Le Vita

Dear Mr. Le Vita,

I acknowledge good receipt of your kind letter of the 20th April, and at the same time The Litoral National Tourist Office sent us so too your kind letter with the same date.

I want to let you know, that you can undergo the treatment in a clinic, in a special cure-Hotel, or as out-patient, staying in any hotel you want. In this case, you had only to come at the clinic for the daily treatment. You can stay so too at a private home. At Eforia you may undergo this treatment so too lodging in this cure-Hotel, or coming for the treatment as out-patient.

For your kind guidance, please find hereby enclosed a leaflet concerning our treatment. I am sorry, that for the moment we have no more in English, but I hope a French one will meet you so too.

Our treatment is of 14 - 21 days, including all analyses and tests, and then it will be continued at home according to our detailed prescriptions. If you have no special problems with your health, it is not necessary to stay 3 weeks.

Our International Travel Agency, Bucharest, informed immediately by us, will remit you a special letter with all the other conditions as fees, accommodation, final confirmation of the date a.s.o.

Meanwhile I remain,

Yours sincerely,

Professor Anna Aslan M.D., D.sc.

VITA
SE

Dear Dr. Aslan:

My wife and I have read with much interest (in the Fort Lauderdale News) of your recent visit to our City and of the role you have played in the development of "Gerevital" and of its beneficial effects upon the thousands of patients treated in the Institute of Geriatrics under your guidance.

For the past four months I have been suffering with what, after a series of Xrays, has been diagnosed as "Generalized Arthritis". I had been treated with Certisone orally, and presently I am taking buffered Aspirin (5 gr) as many as up to 10 daily. However, I have not been afforded any substantial relief.

From all reports and material I have read, your treatment has been very beneficial to most patients treated and I believe (and hope of course) that I too may have favorable results.

We plan to leave the United States some time in mid-July, which should bring us to Rumania on or about the end of the month. Both Mrs. Le Vita and I would like to avail ourselves of the complete treatment, which I believe entails a period of approximately three months. It is our understanding that we could undergo treatment either at the Geriatric Institute in Bucharest or at the Black Sea Resort of Eferie.

For our needs I think that "out-patient" treatment would suffice, which would permit us to stay at an Inn or a private home during the period involved.

If the demand for attention is overwhelming at the Institute, we would be quite willing to go to Eferie. We gather from literature published by the Rumanian National Tourist Office that treatment is also available there under your guidance.

We would be deeply appreciative for any recommendations that you may have to offer and whether the end of July would be a suitable time for admittance either in Bucharest or Eferie.

Looking forward with much anticipation to your reply and thanking you for your very kind cooperation, I am

Respectfully yours,

Vă remitem alăturat scrisoarea D-lui Charles G. Le Vita din S.U.A., care solicită un tratament geriatric pe o perioadă mai mare decît cea oferită de noi pe litoral.

Avînd în vedere că sînteți singurii în măsură a da un răspuns competent acesteicereri, vă rugăm să răspundeți dv. persoanei menționate, comunicîndu-ne și nouă răspunsul dv.

Vă anexăm, de asemenea, copia scrisorii noastre către clientul american, prin care îi facem cunoscut faptul că răspunsul la solicitarea dînsului, urmează a fi primit de la dv.

In așteptarea răspunsului dv., vă mulțumim pentru colaborare,

M. Dan

LITORAL NATIONAL TOURIST OFFICE
Hotel Bucharest = "B"
Mamaia, Rumania

Gentlemen:

My wife and I expect to leave the United States some time in mid-July for Rumania and plan to avail ourselves of Prof. Dr. Ana Aslan's Gerovital treatment.

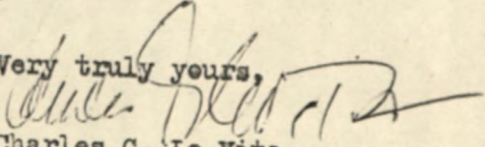

From literature I have received, it is my understanding that the complete treatment covers a period of close to three (3) months and may be obtained either at the Bucharest Institute of Geriatrics and/or at Eferie. Since for our needs "out-patient" treatment would suffice, we would prefer staying in Eferie for the time involved.

As you can no doubt understand, the cost of living in a 1st Class Hotel for so long a period of time, would perhaps be too costly for us as we are budgeted, and so, we would like to stay at a smaller Inn, Villa and/or a private home (with private facilities) within reach of the Santeria where treatment may be obtained.

We are not bilingual and it would be necessary therefore for us to stay where English is understood so as to lessen the language difficulties.

We would appreciate an early reply outlining details as to accommodations, rates, medical costs, etc., and any other information you may deem necessary for us to know.

Looking forward with anticipation to hearing from you and thanking you for your very kind cooperation, I am

Very truly yours,

Charles G. Le Vita
2100 So. Ocean Lane,

To the attention of Mr. Charles G. Le Vita

We were very pleased to receive your letter of April 20th, and would like to give you a few more details, concerning the geriatric treatment.

As far as we are concerned, we offer three weeks stay in Eforie Nord for such a treatment.

Therefore, we sent your letter to the Bucharest Geriatrics Institute which will give you all details concerning the medical treatment with the necessary competence.

If their reply could enable you to obtain the cure in Eforie Nord, please let us know in time, in order to make the necessary reservations, and send you the quotations.

Assuring you of our best attention at all times,

We remain
Very Truly Yours

Prof. Anna Aslan, M.D., D. Sc.
Institutul de Geriatrie,
Str. Minastirea Caldarusani, 9
Casuta postala 2009
Bucuresti, Romania.

Dear Prof. Aslan:

After a prolonged stay in Europe, we have just returned to our home to find your anxiously awaited letter amongst the accumulated mail.

We had been booked for departure on May 25th at which time your communication had not as yet reached us. This we deeply regret as we had hoped to avail ourselves of your highly valued treatment.

Apparently mail to and from Romania is not direct and subject to some delays.

In the future we will write sufficiently in advance to allow for a response to reach us before we book passage.

It is our hope to still avail ourselves of the benefits of your kind offer to accept us for treatment.

Respectfully yours,

Rose K. Le Vita

Dear Mrs. Le Vita,

I have received your letter of April 29th and agree with your coming to our Institute for treatment. A stay of two weeks would be necessary for thorough medical examinations, laboratory tests and a period of treatment under our direct control. The treatment has to be continued afterwards at home according to our prescriptions. Herewith enclosed conditions of treatment.

You can get a tourist visa at the Bucharest airport on arrival.

Please inform us two weeks in advance on the date of your arrival for us to assure reservations.

Yours sincerely,

Prof. Anna Aslan M.D., D.Sc.

Dr. Ana Aslan,
Geriatrics Institute,
Bucharest, Rumania.

Honored Doctor Aslan:

I am 68 years of age and have just been informed by my physician that I am in the early stages of Arthritis of the Spine.

For many years now, I have read of the remarkable work that you have been accomplishing in the field of Geriatrics, Arthritis and kindred ailments, and I am most anxious to avail myself of the opportunity of undergoing treatment under your care, and in that way prevent further advances of the condition and subsequent suffering.

If it is possible for me to obtain admission in your Institute for treatment, I would be prepared to enter at any time you specify.

My husband and I are leaving home for New York on the 24th of May, and I would greatly appreciate, dear Dr. Aslan, a reply by return mail, so as to enable us to make the necessary travel plans to the Continent, obtain any necessary documents and any other needed preparations.

In the hope that I may expect an affirmative reply, which I shall look forward to with great anticipation, I am

Most respectfully yours,

Rose K. Le Vita

RE: Levitt, David

Dear Dr. Garfield:

Mr. Levitt was back for his annual cardiac visit today. He looks and feels well. The blood pressure is 128/82. Pulse is 64 and regular. His weight is up to 190 pounds. The lung fields are clear. The chest x-ray shows, if anything, decreased left ventricular size. The lung fields are clear. His aortic valve stint is noted. The aortic valve prosthesis sounds normal to auscultation.

I have asked him to continue his Dyazide, Lanoxin, and Percodan. He is also taking some Benemid for an attack of gout.

Electrocardiogram today showed evidence of left ventricular hypertrophy and is unchanged.

I have asked him to return in one year and to continue followup closely with you. Thanks again for allowing me to participate in his care with you.

Very truly yours,

J Stanley Hillis MD/tac

RE: LEVITT, David

Dear Doctor Garfield:

It was a pleasure to see Mr. Levitt back in the office today. Today his electrocardiogram is unchanged (LVH) and his prosthetic sounds are quite good. There is no aortic insufficiency leak and his lungfields remain clear. He does not have any symptoms of dyspnea or angina.

I have told Mr. Levitt that I feel he is doing quite well and can now attempt to discontinue the Digitalis and Dyazide therapy. While there is no evidence that his intrinsic heart disease is improved because of the aortic valve replacement, I do believe that the relief of the substantial volume burden afforded by the valve replacement will in itself provide enough hemodynamic benefit to allow withdrawal of the conventional heart failure drugs. Mr. Levitt will be discontinuing the Lanoxin and Dyazide and I've asked him to return to see me in six months and to of course continue his good close follow-up with you.

Thanks again, Doctor Garfield, for allowing me to see him with you.

With best regards, I remain

Sincerely yours,

J Stanley Hillis, M.D.

II DIMENSIONAL ECHOCARDIOGRAPHY

IMPRESSION:

This cross sectional echo demonstrates a slightly enlarged left ventricular chamber with a normally functioning mitral valve and a thickened aortic valve. The left atrium appears to be essentially normal. The left ventricular contraction pattern is normal in absolute terms in this somewhat enlarged left ventricle, the contraction pattern is somewhat diffusely hypokinetic. The aortic valve is not optimally seen and it is noted that it is thickened and the valve leaflet separation does appear to be reduced. However, the extent of the abnormality cannot be assessed because of the inability to get an optimum echogram of the aortic valve.

cc: Cardiac Cath Lab
cc: Morton Tavel, M.D.
cc: Martin Garfield, M.D.

DATE OF ADMISSION: 20 September 1977

DATE OF DISCHARGE: 24 September 1977

DIAGNOSIS: 1) Aortic valve disease with mild congestive failure.

This sixty-eight year old gentleman came to the hospital Emergency Room complaining of dyspnea.

Mr. Levitt states that for the past seven days, he had noticed increased awareness of his breathing, and was able to do much less exercise than had been his previous experience. The day prior to admission his shortness of breath became much worse while he was just doing his normal activities around the house (no heavy work). This improved as the day wore on, however, and he had a restful night. He was able to lie flat with two pillows and had no problem with PND. However, after awakening early in the morning, he noted his shortness of breath which persisted for an hour. Associated with this were some uncomfortable feelings in his left chest, and some palpitations. The palpitations continued as did the uncomfortable feeling and the patient came to the Emergency Room.

Past Medical History is significant in that he has known aortic valve disease. He had a heart catheterization in 1962 at the Cleveland Clinic and was told that he had normal cardiac arteries, but that he had abnormalities of the aortic valve. This was felt to be due to rheumatic heart disease at that time and he was started on daily Penicillin.

Patient states that he had probable rheumatic fever as a child. He had some cervical arthritis (Post trauma), which has been present for forty-five years. In 1973 he had a urinary tract infection and was found to have benign prostatic hypertrophy, for which he had a TUR. He has had no problems with that since. He had a tonsillectomy in 1947.

Allergies are none.

Family History revealed a brother died at age fifty-eight of a stroke.

On Physical Exam he is a pleasant sixty-eight year old gentleman in no distress. Blood pressure is 150/60, pulse was 72 and irregular. Exam of the Head & Neck disclosed no obvious abnormalities. Pupils are equal, round, and reactive to light and accommodation. Fundi are benign. Exam of the chest revealed very fine bibasilar rales. The lungs were, otherwise, clear. Cardiac exam disclosed PMI to be just medial to the anterior axillary line in the sixth left intercostal space. The first sound was normal and the second sound was single. There is a Grade III out of VI systolic ejection murmur heard at the aortic area. This radiates into the neck. There is a Grade III out of VI diastolic blowing murmur which ends in late diastole. It is heard along the left sternal border and radiates to the apex. There, it was associated with a very faint fourth heart sound. Exam of the abdomen disclosed no enlarged organs and no bruit. Exam of the extremities revealed no cyanosis, clubbing or edema and good peripheral pulses. The pulse characteristic was somewhat delayed at the wrist but the

CLINICAL RESUME (DISCHARGE SUMMARY)

ST. VINCENT HOSPITAL
Indianapolis, Indiana

LEVIIT, David
J. Stanley Hillis, M.D., dictating

M 21 86 62

Page -2-

carotid upstroke appeared brisk, without shudder.

EKG on admission disclosed non-specific ST and T changes. It was suggestive of left ventricular hypertrophy. There were numerous unifocal ventricular premature beats present, as well. The EKG, when compared to the tracing of 1974, shows a considerable change. In 1974 the patient had prominent voltage but no striking ST or T changes. At the present time he has considerable ST segment depression and T inversion in the late precordial leads and in I, II, and AVL. These changes are indicative of left ventricular hypertrophy.

Echocardiographic studies disclosed, grossly, a normal size left ventricle. There was anterior mitral leaflet fluttering. Wall motion also appeared normal. Dense echos were present in the aortic valve region and the opening could not be visualized. Mitral closure was not visualized, however.

Chest x-ray showed a very prominent ascending aorta. This looks like post stenotic dilatation. In addition, there is left ventricular cardiomegaly and clear lung fields.

Hemogram was normal with a hemoglobin of 16 and a hematocrit of 47. Serology was non-reactive. Clotting studies are normal. Creatinine is 0.6, BUN is 17, all cardiac enzymes were normal. The one elevated CPK showed no positive cardiac fraction associated with it. Arterial blood gases drawn on room air disclosed a pO₂ of 78 (96% saturation), pCO₂ of 29 and pH of 7.50. This was drawn in the Emergency Room. Urinalysis is normal. SMA 12 profile was normal in its entirety. Fasting cholesterol was 175 mg.

HOSPITAL COURSE: This gentleman was admitted to the hospital and monitored. He was placed on Lanoxin. He had been taking a diuretic on admission, and this was continued. Penicillin was discontinued.

After two days hospitalization, the patient began feeling considerable better. He is being discharged at this early time, and will return to see Dr. Steinmetz in the office at two months time. At that time, a decision regarding the advisability of cardiac catheterization will be made.

This gentleman's aortic valve disease is difficult, clinically, to assess. I think that he definitely has a degree of aortic stenosis, but no clinical parameters for assessing its severity have been of help. I am going to make arrangements for this gentleman to have a phonocardiogram and cross-sectional echocardiogram at Indiana University, which will hopefully shed some light on this matter. There is an old phonocardiogram on record there and Dr. Tavel will be able to compare the two. In addition, the cross-sectional echo may hopefully give us some idea of orifice size. After these results are known, Dr. Steinmetz will go over them with the patient and a decision regarding the advisability of catheterization and/or possible surgery, will be made at that time.

RE: LEVITT, David L.

Dear Dr. Garfield:

I saw your patient, Mr. David Levitt, in the office today. He seems to be doing very well, since his recent hospitalization and Digitalization. He states that he is able to get around with ease, and has not had any problems with dyspnea or the like. He sleeps flat, comfortably, and has not been troubled by nocturnal dyspnea. He has had no syncopal attacks or angina.

On physical exam today, he continues to have murmurs of aortic stenosis and insufficiency. His lung fields are clear.

Phonocardiogram at Indiana University disclosed findings suggestive of mild to moderate aortic stenosis and moderate to severe aortic insufficiency. The cross-sectional (two dimensional) echocardiographic study was technically difficult but disclosed moderately severe calcific aortic stenosis with the aortic leaflet separation being approximately 627 mm.

I had a talk with Mr. Levitt today, and discussed the possibility of heart catheterization. I do not think he needs to have one at the present time, and would simply advise following him clinically. I would like to see him in six months' time, and obtain another electrocardiogram and chest X-ray then. He impresses me as being a very stoic gentleman, and I think it is likely that when he does begin having complaints, they will be due to significant physiologic derangements, and that aortic valve replacement will likely be necessary. For the time being, however, he appears to be doing very well and is responding to medical management.

November 14, 1977

RE: LEVITT, David

Dear Colleagues:

My patient, Mr. David Levitt, is a 69-year-old gentleman with aortic valve disease who was admitted in September of 1977 with congestive heart failure. At that time, an evaluation (clinical, cross-sectional echocardiogram done at I.U., and subsequent phonocardiography at I.U.) documented a mixed aortic valve lesion (stenosis, insufficiency) of considerable severity. Phonocardiographic impression was that of mild to moderate aortic stenosis and moderate to severe aortic insufficiency. The aortic leaflet separation was approximately 6 mm. on cross-sectional echo. The patient's nephew, Dr. Morton Tavel, has seen him before, also.

In any event, Mr. Levitt has recently been complaining of considerable increase in symptomatic left ventricular failure. He has physical findings of significant aortic stenosis and insufficiency, left ventricular hypertrophy, yet relatively clear lung fields. He does not have angina, and has not had any syncopal attacks. His current medications include Lanoxin, 0.25 mg. daily, and Dyzide, one capsule b.i.d.

He is scheduled to come into the hospital in April and will have the catheterization just prior to the planned aortic valve replacement.

With best regards, I remain

Sincerely yours,

J Stanley Hillis, M.D.

March 28, 1979

OFFICE NOTE ON: LEVITT, David L.

Mr. Levitt was seen in the office today because of symptoms of cold and congestion. He does indeed have marked symptoms of nasal stuffiness, conjunctivitis, and a non-productive cough. He has been taking Penicillin for about a week, but has noted no real significant change in his symptoms.

Today on physical exam his aortic stenosis / insufficiency murmur is unchanged. His electrocardiogram shows left ventricular hypertrophy and a rare ventricular premature beat. The lungs sound surprisingly fairly clear, with evidence of only a few fine rales bilaterally. His weight is actually less this time than it was three months ago, so I don't think he has had a significant accumulation of body water. However, he has had a marked increase in his symptoms of orthopnea and nocturnal dyspnea.

I gave him a prescription for Chlor-Trimeton, 4 mgs., four times a day prn for cold symptoms. If this does not help significantly and he still has problems with orthopnea, then I told him that he would probably have to come into the hospital. He is scheduled to have open heart surgery in mid April.

RE: LEVITT, David
M 41-8662

Martin D. Garfield, M.D.
3705 N. College Ave.
Indianapolis, IN 46205

Dear Doctor Garfield:

Mr. Levitt was recently hospitalized at St. Vincent Hospital for treatment of his aortic valve disease. As you recall, he is a 69 year old gentleman who had recently experienced an increase in his symptoms. This prompted hospitalization and repeat evaluation. He was found to have significant aortic insufficiency with only mild stenosis. His left ventricular function, although diminished, was quite adequate. Because of the progression of his symptoms, we elected to proceed with surgery.

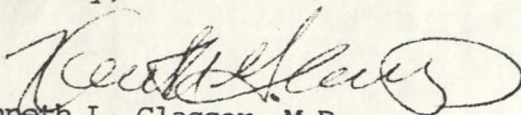

On April 19, 1979, Mr. Levitt was taken to the operating room at which time we removed a markedly calcified valve and replaced it with a 27 mm. Porcine valve. The operative procedure went quite well and we were most pleased that we could seat the Porcine valve.

Postoperatively he did experience some difficulty with atrial fibrillation. This was subsequently resolved on a combination of medication. At the time of his discharge he remained in a sinus rhythm on Lanoxin and Quinidine. In addition to these medications, he was on Klor, Lasix - 40 mg. a day and Percodan.

I feel that we got a most satisfactory result and look forward to Mr. Levitt progressing. We will be seeing him back in approximately one month for further evaluation.

On behalf of my associates and myself, I wish to thank you for the consultation. We look forward to corresponding with you in the future.

Sincerely,

Kenneth L. Glasser, M.D.

RE: LEVITT, David

Dear Doctor Garfield:

I saw Mr. Levitt back in the office today. He is doing quite well following his aortic valve replacement. He has some of the usual problems with sternal soreness, but really has had no complications. He denies dyspnea, angina, or palpitations.

On physical exam today, his heart rate and rhythm are both regular. Prosthetic sounds are good and I can hear no periprosthetic leak.

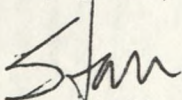

He has dropped the Quinidine to two pills a day, and stays in good rhythm. For that reason, I have asked him to discontinue it altogether, and to continue following up closely with you.

Also, I would like to see him in six months for another routine heart check-up. At that time, I will obtain a chest x-ray and electrocardiogram.

Thanks again, Doctor Garfield, for allowing me to see this pleasant gentleman with you.

With best regards, I remain

Sincerely yours,

J Stanley Hillis, M.D.

RE: LEVITT, David

Martin D. Garfield, M. D.
3705 North College Avenue
Indianapolis, IN 46205

Dear Doctor Garfield:

Mr. David Levitt was in the office on June 4. He has had a little giddiness and otherwise has felt well except for the usual post-operative wound discomfort. He knows that practically every patient who has a median sternotomy incision, whether for a cardiac procedure or something else, has pain somewhere in the chest, back or neck for a period of time. I find that he has not been holding himself in good posture which is helpful in dissipating the discomfort and have given all the advice I can in this direction.

His new aortic valve sounds perfect. One hears the expected systolic ejection murmur and no diastolic murmur of insufficiency. His rhythm, rate and blood pressure are satisfactory. It looks as if he ought to have a very good result.

I suggested that he place himself entirely in your hands and carry out any suggestions you may have. It seems unnecessary for him to return to see us until about a year. We do like to keep an eye on patients who have valve substitutes in place.

My colleagues join me in sending you warmest regards.

Sincerely,

Harris B Shumacker, Jr., M.D.

Re: LEVITT, David
10-24-79

Dear Doctor Garfield:

Your patient, Mr. David Levitt, was back in the office today for a routine cardiac check-up. He appears to be doing very well. He occasionally has chest wall pains for which Percodan has been a suitable analgesic. He does not complain of any unusual amounts of dyspnea or cardiac chest pain.

Today, on physical exam, his prosthetic valve sounds good, and there is no evidence of any heart failure. There is no periprosthetic leak.

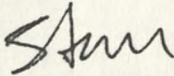

The electrocardiogram continues to show left ventricular hypertrophy.

I asked him to continue following up with you, and to see me in another six months.

Thanks again, Dr. Garfield, for allowing me to participate in his care.

With best regards, I remain

Sincerely yours,

J Stanley Hillis, M.D.

Dear Mr. Levitt,

Thank you very much for your sympathy shown to us after the recent earthquake. The disaster was terrible, but fortunately my collaborators are all safe and our clinics had no damages, so that the patients continue to come to us as usual. Of course, we were affected by the great human and material losses of the country.

We would appreciate if you let us know the exact date of your arrival in order to make the respective reservations. Looking forward to see you here, I remain

Yours sincerely,

A. Aslan

Dear Dr. Aslan:

As you know, I recently wrote you concerning information on the Otopeni Clinic and the possibility of my wife and I going there for treatments during the month of May.

We are, of course, saddened to hear of the great misfortune which has befallen Bucharest and we are concerned for your welfare. We would appreciate hearing from you advising as to what direct effect this disaster has had on your work, especially at the Otopeni Clinic. We would intend to be at the Clinic during the month of May, however, we could postpone our trip until the Fall if it would be more appropriate because of the problems in the country at this time.

If, under the circumstances, it is convenient for you to write, we would appreciate hearing from you in answer to our inquiry. We hope you and your staff are all well.

Sincerely,

I.F. Levitt

Dr. Ana Aslan
Geriatrics Institute
Bucharest, Romania

Dear Dr. Aslan:

Four years ago, my wife Brooke Waring Lewis and I were patients at your Institute and have continued the treatment ever since. We are planning to return the end of August or the beginning of September for a follow up examination and treatment.

I have also written articles on your Institute and plan to do another after this visit

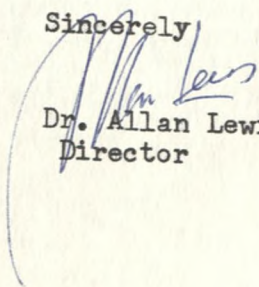

Would you be good enough to let us know how much time we should plan on being in Bucharest and whether we can spend a week continuing the treatments at a Black Sea resort. Are you still on str. Manastirea Caldarusani or is the Institute now at the Parc Hotel? Do you recommend that we stay at the Parc Hotel or can we as before ~~stay~~ stay at the Athenee Palace?

I shall also be giving a lecture while I am in Bucharest and am looking forward to meeting you again as well as Dr. David.

Most important, do we have to make reservations in advance?

Our warmest congratulations on your continued success, and the hope of hearing from you soon.

Sincerely,

Dr. Allan Lewis
Director

Melvindale, Mich. 48122
U.S.A.

Dear Mr. Lifton,

I received your letter and I am glad to hear that you and your friend Dr. Harold Luria are interested in our treatment. I shall be pleased to meet you and your wives.

You may have all the arrangements by the Romanian Tourist Office in the U.S.A.: New York 500, Fifth Av. Suite 328 N.Y. 010-036, tel. (212) 524-6951-2.

Our treatment is a long-term treatment in order to maintain the good results obtained. Before the beginning of treatment, a test should be done as follows: first day - 1 subcutaneous injection of 1 cc; second day - 1 intramuscular injection of 2 cc. If after this test the patient does not present any allergical phenomena, he may begin the real treatment. There are no other contraindications apart from simultaneous administration of Gerovital with sulfonamides, eserine or neostygmine.

SUBJECT

FOLD

INTRARE
197... luna 22 / VII / 75

DATE

July 1, 1975

Dear Doctor Aslan:

For some time I have been aware of your work in the area of the prevention and treatment of those mechanisms involved in the aging process of man, disorders of the cardio-vascular system, etc.

Dr. Harold Luria, a friend and colleague, who also has been an interested follower of yours, has told me of his correspondence with you. After some discussion we have decided, together with our respective wives, to go to Romania August 19 to September 3, 1975.

Before our travel arrangements can be completed there is need for further information. After the initiation of treatment, would it be possible for Dr. Luria and myself to administer to one another so that we might partake in the planned itinerary of the pre-arranged tour (3 nights Bucharest, Hotel Dorabunti, 7 nights Neptune Resort Block Sea Coast, 4 nights in Brasov, Carpati Hotel). If it is mandatory for all the treatments to be administered by your personnel, we will arrange to remain in Bucharest for all of the 14 days.

I would also be very appreciative if I could receive reprints of your published material describing the physiological basis for the interaction of the agents used with any possible documentation of successful (or unsuccessful) results. Also- with the initiation of treatments- is it necessary to continue the treatment forever? Has life span expectancy been increased? Are there other side reactions other than allergy?

I know your time is limited, but an early reply would be appreciated.

Yours sincerely,

H. M. Lifton

Dear Mr. Ligi,

I received your letter of May 11th, and I advise you to come with your wife to the Otopeni Clinic for treatment. Enclosed herewith I am sending you our conditions.

As regards the clinics in Mexico or Colorado, I inform you that they are not in connection with us.

When you decide to come, please let us know the exact date of your arrival in order to make the necessary reservations.

Looking forward to see you here, I remain with my best regards,

Yours sincerely,

Acad. Prof. Ana Aslan, M.D., D.Sc.

Dr. Aslan
Otopeni Clinic
Romania

Dear Madame:

I wish to introduce myself to you as a Romanian/American citizen, living in California, Director of The American University for Islamic Studies and Private Secretary to Imam Sayed Mehdi Khorasani, President of the Islamic Society of California and The Islamic American Society.

We serve the entire Persian community in America as well as thousands of visitors from Arab countries. We concern ourselves with the spiritual and physical health of many people, and we are sincerely troubled by the lack of health and nutritional care provided by the countries of the Middle East today.

I was originally introduced to the marvels of Gerovital by my father, Marius Ligi, editor of MICRO-MAGAZIN, and I am pleased to see that you have now been able to penetrate further into the western world by the opening of clinics in Mexico and Colorado. We are enclosing a copy of our most recent publication which goes all over the world. We are frequently contributing articles to the IRAN TIMES and other Middle Eastern publications.

I am 26 years of age, married to an American woman, age 44. My wife was formerly the administrative assistant at the Brookdale Center on Aging under the direction of Dr. H.R. Moody and an affiliate of A.A.R.P (The American Association for Retired People). We are all keenly aware of the problems with which you work, especially my wife who suffers from hypoglycemia.

The purpose of this letter is to offer our services to you in promoting your work further. On a personal basis, I would appreciate your suggestion as to whether we should visit your clinic in Otopeni (which would be our preference) or in Mexico or Colorado. An acquaintance of my wife has recently been appointed President Carter's Deputy Undersecretary of Commerce. If my wife enjoys successful results from your treatment, she would be very pleased to recommend it to Mrs. Wexler.

Very sincerely yours,

Gabriel M. Ligi

Dear Mr. Lipscomb,

I am glad to hear that you want to return to Bucharest to take a second treatment with Aslavital. If you prefer to undergo an ambulatory treatment this time, you should have a medical examination and laboratory tests at Bucharest Polyclinic, 4, Eforie Street, tel.: 16.44.79. The consultation and analyses will be \$113 and \$8 daily treatment. For this there are necessary at least 3-4 days.

Please, let us know the date of your arrival.

Yours sincerely,

DEAR SIR;

My FRIEND AND I PLAN TO RETURN TO BUCURESTI DURING THE MONTH OF AUGUST. TO TAKE OUR SECOND TREATMENT OF ASLAVITAL, AND WOULD LIKE A SPEEDY REPLY IN ORDER TO COMPLETE OUR PLANS.

AS WE WILL BE TOURING EUROPE BY AUTO AND NOT ON A PACKAGE PLAN, WE WOULD LIKE TO KNOW THE COST OF THE MEDICAL EXAMINATION, THE COST OF THE GERDITAL AND ASLAVITAL PRESCRIPTION, AND APPROXIMATELY THE SHORTEST NUMBER OF DAYS WE WILL BE REQUIRED TO STAY FOR THE TREATMENT IN BUCURESTI.

WE RECEIVED YOUR TREAT JUNE 1, 1976 AND HAVE HAD GOOD RESULTS. LOOKING FORWARD TO A VISIT WITH YOU IN THE LATTER PART OF AUGUST

Dear Mr. Lincoln,

reverting to your kind message I have pleasure to inform you, that immediately I contacted our International Travel Agency, Bucharest, in order to transmit you urgently all modalities, available terms, accomodation a.s.o.

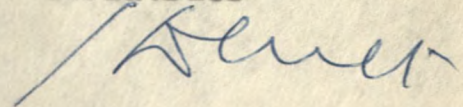

You may come so too as out-patient, staying in any hotel you want, so that you come only each day at our Institute for the treatment.

Unfurtunately I am here in Bucharest, only up to the 7th November, when I have to undergo a voyage in the South America. But, nevertheless, if the time for your arrangements is to short, my staff of specialized doctors will fully take care of you.

Meanwhile I remain,

Yours sincerely,

Dear Dr. Aslan:

My forthcoming book, The Pursuit of Youth, will be published by Pinnacle Books for the fall season of 1975. Among the more important sections of the book are spas, health resorts, skin and hair care salons and other rejuvenation techniques. I am also including an index which will list all such facilities, their locations, costs, etc.

Of course, I would like to include information about your services. Please send me brochures and other details, including costs and some of your more famous clients, as well as any glossy photographs which could be incorporated into the major section of the book. If you have any questions, please call me collect.

Thanks so much for your cooperation.

Chère Dr. Aslan

Nos projets sont finalement définitifs. Nous n'avons pas pu éviter ce changement malgré notre bonne volonté, à cause de complications de vol.

Nous arriverons jeudi le 19 août et resterons à l'Hotel Lido. Nous annulons, par la présente, nos réservations pour l'Otopeni. Nous passerons une semaine à Bucharest et une semaine à Eforie - ceci a déjà été réservé par Carpati.

Veillez agréer, chère Madame, l'expression de mes meilleurs sentiments.

Cher Monsieur Lewis,

J'accuse réception de votre lettre du 4 Avril se référant au changement de la date de votre arrivée à Bucarest pour suivre le traitement au Gerovital H3.

Je crois que vous avez reçu notre lettre antérieure confirmant les réservations pour le 9 septembre selon votre premier arrangement de voyage. Par la présente je vous fais savoir qu'on a pris note du changement survenu dans votre programme et qu'on a réservé une chambre à deux lits pour vous et Mme Lewis, dans notre clinique d'Otopeni, le 15 août.

Veillez, cher Monsieur Lewis, agréer l'expression de mes sentiments les meilleurs.

Dear Mr. Lewis,

I have received your letter concerning your desire to come with Mrs. Lewis to the Institute for treatment on September 9. Reservations are made on that date in our Stopeni clinic for one week. Rates are: \$17.- for one person in double room with bath, including full board and treatment. Besides the daily payment, for people staying less than 14 days, medical examinations and laboratory tests: \$56. Detailed information concerning prices, travel etc. can be obtained from the Bucharest International Agency, Blvd Magheru 7. (see enclosure)

Hoping you will inform us in due time if you change your plans, I remain

Yours sincerely,

Dear Dr. Aslan:

My wife and I, both 65 years of age, plan to take the Institute treatment for at least two weeks beginning September 9, 1971.

We would like to stay at the Institute for the first week to have the complete medical care, then to go to Eforie for another week or two.

I am a professor and not in a position to pay for the most expensive accommodations, as did our friends Mr. and Mrs. Steinkraus.

You may consider this letter a definite commitment for reservations. Please let me know if the arrangements are satisfactory.

Sincerely yours

Allan Lewis

Dear Mrs. Kenneth,

I duly noted the contents of your kind letter of the 4th May.

Analyzing your sufferings, I am glad to inform you, that also in cases as yours, we had good successes with a serious treatment with GEROVITAL H3.

I am sorry, but for the moment in Buftea-castle is no more Geriatrics treatment, but we have many other clinics, cure-Hotels where you can undergo the treatment.

I informed immediately our International Travel Agency, Bucharest, in order to remit you a special letter concerning the adm. problems as fees, accommodation, final confirmation of the date, a.s.o.

Meanwhile I remain,

Yours sincerely,

Professor Anna Aslan M.D., D.Sc.
Director, The Bucharest Institute of Geriatrics

Dr. Aslan, e. indiac

I read about your clinic in the January issue of Town and Country magazine in the U.S.A. My husband and I are interested in taking your treatments. I am 47 yrs. old; am bothered with lower intestinal problems and aortic stenosis. My husband is 54 and has a heart problem. In December of 1971 he had a cardiac arrest from a rapid heart beat which was 180 beats a minute. He was in the hospital at the time and recovered and they could find no heart damage. In August of 1972 he had a slight coronary which he was hospitalized for, but has made good progress since then. We would bring our complete medical history with us.

Otopeni is mentioned in the magazine article as the place where doctors would see the patients most often. This is what we are interested in as we wish to stay at the clinic, and at the one which offers the most advantages, which this one seems to do. I noticed in the guide book I bought on Romania that they mention the Geriatrics Institute at Buftea Castle. Would you please tell us which would be the best. We plan to come in September or October, and would probably fly into the country and leave by train. Would we need a visa, and what would be our best connections from the United States.

Could you please tell us the complete cost for room board

and different treatments, as we
feel we would like to try the
creams and other treatments
besides the shots. Would there
be a difference in the cost in
September and October, and could
we get reservations for either
one of those months.

Thanking you in advance
and hoping to hear from you soon.

Dear Sir,

Thank you for your kind letter of dec.72 from which I note that you want to come in one of our clinics for a treatment with GEROVIOL H3.

On this respect - accordingly your arrival in Europe - I booked you for the 5th May for 2 weeks in The "Bucharest" Institute of Geriatrics, 9, Minăstirea Căldărușani, Bucharest-city.

For your kind information I indicate the fees as follows:
- At the beginning a tax of 60,50 \$ for the consultation and all analysis and for each day \$ 14,50 /day including the complete upkeep (meals and lodging) as well as the medical treatment.

If you prefer my clinic in Otopeni (near the airport) the fees are of 22 - 28 £/day, complete upkeep and the medical treatment.

The visa you will receive - if you want - directly on the airport.

Please send us immediately after the receipt of the present letter a cable, if my reservation at the "Bucharest"-Institute, and the indicated date suit you.

Awaiting with pleasure your confirmation, I remain,

Yours sincerely, *Anna Aslan*

The writer would like to spend from 2 to 4 weeks at your Institute from about May 1st as my wife and I have booked passage on a German-American ship arriving in Genoa, Italy about April 28th - from where we would take train to Bucharest.

Please advise whether or not we can have accommodations with you at that time either as inpatients or outpatients and which you would advise. We are both about 75 yrs. of age, in fairly good health altho' we do need your services for various ailments.

Enclosed is a very dear friend's letter addressed to you. Also Luba Bronker sends her kindest regards. We were in Roumania in 1969 but you were in America and we were sorry to miss you.

Please respond immediately as we must make other preparations for the trip

Sincerely

Samuel Lichtenstein

P.S.

Dear Dr. Aslan
my husband, who is 68 years old, and I (66 yrs. old) are interested in your treatment of old age phenomena.

I have high blood pressure (165/90) while taking 2 Alderil 15 tablets per day; also I have failing hearing. My husband complains of various arthritic pains in his neck, shoulders, and elbows, and has Hemmond Rich Syndrome. We both are bothered by increasingly poor memory.

Is there anything you can

do to help us, or to delay the
ageing process? We could
come to Bucharest if you feel
it would be worth while. I
was referred to you by Pearl
Kemp, of Flushing, N.Y.

Very truly,

Evelyn Liroff

Dear Dr. Aslan,

I read the article
about your treatments in the "Parade" of the
Miami Herald of November 8th 64.

Would it be convenient to you to visit you
about the beginning of June?

I am a Refugee from Hitler Germany and
could write to you also in German, if you
would like that better. Dr. Adenauer, who
is mentioned as your patient, was a business
friend of my late husband. If you need
any information, I'll be glad to tell you.

Unfortunately the article in the Medical Herald
did not give the address of your clinic, so I
just try to reach you and I presume, you
are so well known, that they'll find you.
I would be able to stay 2-3 weeks.

In anticipation of your answer I am

with kindest regards

your future patient

Mr. Louis List
5033 Franklin Avenue
Los Angeles, Cal. 90027

Dear Mr. List,

Excuse our belated reply to your letter this being due to heavy work at the Institute. I am answering your letter on behalf of Professor Aslan who is abroad giving lectures in different countries.

I consider that our treatment could have a favourable influence on Mrs. List's condition and she could come for medical examinations and treatment at the beginning of October when Prof. Aslan will be in Bucharest. I understand from your letter that you intend to come for medical examinations only and to continue your trip to Sochi for mineral baths. Our advice would be to stay in Bucharest two weeks for thorough medical examinations, laboratory tests and a course of treatment under our direct control. The treatment has to be continued afterwards at home according to prescriptions.

If you decide to stay in our clinic kindly inform us as soon as possible in order to make reservations for you and Mrs. List in our Otopeni clinic where the conditions are excellent and physiotherapy and bath-therapy can be also applied (Prices are \$17.- per day for one person in double room - \$34.- for two persons, accomodation, food, treatment being included). For less than two weeks \$56.- is added for medical examinations and laboratory tests. Tourist visas can be obtained at the airport on arrival.

Hoping you will inform us what you decide, I remain

Yours sincerely,

Ch

Dear Professor Anna Aslan:

Our son, Eugene List, was one of the members of the JURY of the GEORGES ENESCO FESTIVAL last September and we asked him to look you up and talk with you about my wife's, his mother's, illness. Unfortunately, you were out of town at that time and he could not see you.

We know that you famous and considered an authority on GERIATRICS and we would like to know whether you would consider seeing my wife and perhaps have her under your care for a few weeks. We would be happy to make the trip to Bucarest this coming summer, probably in September.

The findings of the physicians here are that she is suffering from arthritis in the neck. That causes her terrific pains she is unable to walk even a short distance. When the pain in the neck ^{SHE} begins to get severe pains in the head.

We are considering, in addition to coming to see you if you agree to see her, to go to Sochi in the USSR to take the cure of mineral baths and the therapeutic treatments that are offered there. The only thing that we have to ascertain is whether it would be advisable to go in September or early in October.

We would appreciate letting us know as early as possible in order to enable us to make the proper arrangements: passposts, visas, and transportation arrangements. Here is our address:

Mr. Louis List
5033 Franklin Avenue
Los Angeles, Calif. 90027 U.S. A.

We thank you in advance for your consideration.

Loesch

Dear Dr. Aslan:

Upon reading the Chicago Sun Times, Nov. 8th, 1964 I came upon an article based on your work concerning Gerovital or H 3.

I am 64 years of age and very much interested in getting a little bit of knowledge as to what you can possibly suggest as far as treatment to sustain life longer, and how an appointment would be possible to see you.

I am in perfect health at the present time and am interested in maintaining mobility, general appearance and mental state.

Page 2

Any information you could supply me with concerning your treatment would be greatly appreciated.

Sincerely,

Mr. Fred Loesch
1 8 West Burlington
LaGrange, Illinois
U.S.A.

June 15th 5

Mr. Fred Loesch
8 West Burlington
LaGrange, Illinois
U. S. A.

Dear Sir,

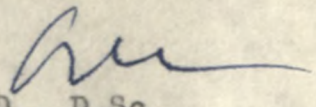

I have received your letter and answering your request I shall gladly provide you with any information concerning our method of treatment with Gerovital H3. In this respect I am sending you hereby a reprint with a short description of our therapy.

Our treatment does not only fight against old-age phenomena but is also recommended to prevent them. It would be advisable, though you are in perfect health - to undergo a preventive treatment.

An appointment with me in Bucharest can easily be arranged provided I shall find myself in Bucharest during your visit. Otherwise, any doctor in our Institute can examine you, but if you wish to be examined by me I inform you that I shall be absent from Rumania from the 25th of August to the end of September.

Kindly let us know what you decide about your coming.

Yours sincerely,

Prof. Dr. Anna Aslan, M.D., D.Sc.
Director, Institute for Geriatrics

Dear Mrs. Logan,

Thank you very much for your kind letter of the 17th August , and I am indeed very sorry hearing of the troubles you had due to the flood. I hope heartly that now all is favourable settled for you.

Concerning your treatment, for the moment we are indeed very overcrowded ,but nevertheless I noted your wish to come with your freind and I informed immediately our International Travel Agency, Bucharest, in order to do its best and to book you and your freind as soon as possible. The named Agency will remit you urgently a special reply.

Meanwhile, I remain,

Yours sincerely,
[Signature]

INTRARE Nr. 7918
Anul 23 Luna 08 Zila 30

Please refer to my application for two weeks treatment in Sept. made by me in Tenryse, Canaries, Tenerife. When I received your kind reply I was obliged to cancel it, as a flood had made it financially impossible at that time.

Your reply of May 9th mentioned that I might renew my application at a later date.

Now I can come + will bring a friend who would also like to enter your Clinic as a patient arthritis in her trouble. Her name is Mrs. Betty Spear. P.O. Box 501 Trenton, Georgia. 36752.

As evidence of good faith, I enclose a Cashier's check for 100.00.

Mail sent to me will be sufficient as we will be together. Many thanks and hoping to see you soon. Very truly yours

=====

Dear Mrs. Logan,

I was indeed deeply impressed of your kind letter of the 14 April and I am feeling together with you, the whole disaster caused by the floods.

Obviously, I informed immediately the Travel-Agency, Bucharest that you were obliged to cancel your trip in our country.

Please, inform us, if you want to change your termes for a later trip, as we are more and more overcrowded.

Concerning your request for a doctor, I can indicate you :

- Dr. Blackmann, 411, East 56 Street, New York
- Dr. Bruce A Sanderson, San Diego-California Suite 341550, Washington Street
- Dr. Cecilia Rosenfeld-Sunset, Med. Centre 15247 Sunset Plod - Pacific Palisades - California

Also I would suggest to contact the following firm:

- ROM.AMER, Pharmaceuticals Ltd. Dr. Alfred T. Sapse, President, 233 South Beverly Drive, Suite 100, Beverly Hills, California 90212 .

With my best wishes and regards, I remain,

Yours sincerely,

Institutul de Geriatrie București
INTRARE N. 3722
Luna 2/5/73

Dear Madam,

I am sorry to with-
draw my application for Prof. Aslan's
treatment with Gerovital, made
for me, while I was in Tenerife, Can-
aris, Espana.

Just after I got back to Chatta-
nooga, floods from the Tennessee
River made my home a disaster
area. The flood came into my
house + caused so much damage
I can not afford the trip or the
treatment now.

As it was more for delay of aging
than relief of illness, (I will be
82 on Aug. 20th, 1973) but have no
illness or any organic disease + take
no medicine.

Perhaps I shall ask again for an
appointment, especially if the treatment
is endorsed by American Doctors.

Thank you very much for your
kind attention + prompt reply.

Hoping to be a patient at some

future time -

Very truly yours

Dorothy R. Logan

Dear Mrs. Logan,

with pleasure I noted from your kind letter of the 27th February, that you are interested to come in our country.

Firstly, in order to give you a general view concerning the GEROVITAL H3, please find enclosed a folder. To this I want only to add again, that this drug is so too a powerful regenerator of the cells, improving at the same time the general conditions of health.

They are various kinds of treatment, in a clinic, as out-patient or in special hotel for treatment. In the clinic the period of the treatment is of 14 - 21 days within which period will be effected all tests and analysis. Then, the treatment is to be continued at home as per our detail indications.

Concerning all other conditions as costs, final confirmation of the date, voyage, a.s.o. we informed our International Travel-Agency, which will send you a special letter.

With my best regards, I remain,

Yours sincerely,

Dear Dr. Aslan,

I and my wife are planning to attend the XIX International Congress on Occupational Health in Dubrovnik, Yugoslavia, late in September, 1978.

Two of my business associates have been interested in receiving treatment with Gerovital H3. A few years ago, I corresponded with you and you graciously sent me information about Gerovital H3.

I have been unable to procure this substance in this country.

If it is possible to visit with you in Bucharest, or a member of your staff, I could arrange this during my travel to Yugoslavia. I would appreciate hearing from you at your earliest convenience concerning this.

I would also appreciate knowing the cost of Gerovital H3 and if an adequate supply could be obtained.

Thank you for consideration of this matter.

Yours very sincerely,

W.F. Loomis, md.

inf. return

Mrs Perina E. Lo Piccolo,
4011 West Magnolia Blvd.,

5 February 15th.

Burbank, California

Dear Mrs Lo Piccolo :

Thank you for your letter dated January 11th and your interest concerning our work.

Gerovital H3 - vitaminic, eutrophic factor and regenerator in the treatment of old age phenomena, in the prophylaxis of old age and other trophic disturbances-is also efficient in arthritis and brought favourable and permanent results about.

We gladly receive you in our Institute where a sanatorium section for foreign patients has been set up in which medical attendance as well as all desirable tests or analyses are provided. A minimum stay of a fortnight or three weeks is necessary. Treatment could afterwards be continued at home. On the other hand, should you decide to stay at the Lido-Hotel or elsewhere, reservations should be made in advance by your travel agent with "Carpați" Bucharest. Herewith I enclose our information concerning the cost of treatment in our Institute.

If you cannot arrange a trip to Bucharest, you could apply to Dr. S.J. Wilson, Doctors Building 309 N.E. River Drive, Fort Lauderdale, Florida, who is acquainted with our method and will not fail to give you his medical advice.

Herewith the directions for treatments and the way to obtain supplies of our drug and its cost. You can order supplies of Gerovital H3 from Bucharest (see enclosure) ~~or from one of the distributors abroad as mentioned.~~ Previously, however, it is necessary for you to obtain an import permit from your own authorities (Health Department or Food and Drug Administration).

We are looking forward to see you in Bucharest. Please contact us a few days prior to your visit so that final arrangements can be made. With kindest regards,

Prof. Dr. A. Aslan,
Director, The Bucharest Institute of Geriatrics

Professor Anna Aslan
The C.J. Parhon Institute of Geriatrics
Bucharest, Rumania

Dear Professor Aslan:

It was brought to my attention that you have done outstanding research and achieved miraculous results in the treatment of Arthritis.

I am writing to ask if you will be good enough to write to me if your treatment will give permanent cure to arthritic patients and also do you have some one here in this country that is carrying on your treatments to whom I may be treated, if not will you tell me if you accept patients either at your institute or privately which might be able to come there for your treatments and if so what is the cost of treatments and how long must a patient be under your care for the course of treatment. I realize ofcourse that each case is different and the time element for the cure will depend upon the seriousness of ~~the~~ condition, however, perhaps you can give me some idea as to how long a person must be under your treatment in mild cases and how long a period for severe cases. Also please inform me as to how much it would cost for a person to live there and how much the treatments will cost.

Thank you kindly for any courtesy you may wish to extend.

Sincerely yours,
Pierina E. Lo Piccolo

Dear Mr. Lorber,

In answer to your letter I inform you that you can undergo the geriatric treatment with Gerovital H3 in our new clinic Otopeni (in the neighbourhood of the airport) under my direct supervision as well as that of my assistants.

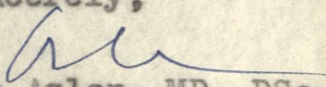

A stay of two weeks is necessary for medical examinations, laboratory tests and a period of treatment under our direct control.

The prices are between \$17 and \$25 (full board and medical treatment per day). Examination on arrival (including laboratory tests) is \$56.-

All arrangements (visa, reservations, payment, etc.) can be made with the Romanian National Tourist Office "Carpați" of Bucharest by any foreign travel agency.

We shall be glad to give you any further information or whatever advice you might require.

Dr. Ana Aslan
Director, Geriatrics Institute
Bucharest, Rumania

Dear Dr. Aslan:

Your work and the Geriatrics Institute are most interesting. If it is possible, may I come to your Institute and visit you and acquaint myself with your work. The problems and prevention of ageing have always been my interest.

I am presently here on leave of absence from the Philippine General Hospital in Manila where I am a Consultant in Medicine, Cardiovascular Section, and Assistant Professor in the College of Medicine, Department of Medicine. I am observing noninvasive cardiovascular diagnostic methods at a few hospitals here for some time.

Kindly let me know if it is possible to take the Trans World Airlines plane to Bucharest to visit you at the Institute and whether there are any entry requirements or official papers needed. I am a Philippine citizen.

I hope I may be favored with an early reply at your convenience. Please accept my kindest regards.

Yours very truly,

Lourdes Lai Foo-Canto

Cher Monsieur,

J'accuse réception de votre lettre du 22 janvier par laquelle vous me faites savoir que vous désirez suivre un traitement dans notre clinique et je m'empresse de vous répondre.

J'ai informé notre Office international de Tourisme de Bucarest qui s'est chargé de la réservation des places dans les cliniques et hôtels de traitement et qui, par prochain courrier, vous donnera tous les renseignements sur les possibilités de séjour, prix, disponibilités.

Dans l'attente de votre visite, agrées, cher Monsieur, l'expression de mes sentiments les meilleurs.

Dear Dr. Aslan:

Thank you for your very kind and prompt letter of April 14th concerning the request for my husband and myself to enter one of your clinics or cure-hotels. Regrettably, your letter did not reach us until April 29th, hence this delay in making arrangements for travel and this reply.

*Vi se la 30 mai
Vea Otopani. Dăst un
Sint Croni, în fi
programat la
Hotel Nord.*

We have confirmed space on a May 29th Portland-New York flight connecting with the PAN-AM flight #90 direct from New York to Bucharest arriving at 1:15 P.M. on May 30th. We hope to go directly to your clinic or cure-hotel and trust that arrangements can be made by Romanian Tourist Agency to meet us at the airport or someplace they can designate in this reply to this application.

We hope this arrival date of May 30th will be convenient for accommodations at whichever clinic you recommend. Perhaps at Otopani for either two single rooms or a double? Arthritis is our first consideration.

I realize this is very short notification for the "Carpati" National Tourist Office to make reservations and write us concerning rates, visas, etc and any other suggestions but we will confirm our plans immediately we hear from that office. As it seems to take five days for a letter to reach Portland after it is postmarked in Bucharest, perhaps it would be safer to pick up our vouchers on arrival in Bucharest. If necessary we can cable our reply to their letter.

We are greatly honored to have your personal letter and anticipate with the greatest pleasure being under your care and seeing your country.

We will be grateful for a reply from your busy Tourist Agency at their earliest convenience.

Dear Mr. LOWELL,

I acknowledge good receipt of your kind letter of the 25th March, contents of which I duly noted.

I am glad to be able to give you hope, as in cases of arthritis, we have great successes with the treatment of GEROVITAL H3. This is of 14 - 21 days, including all analyses and tests and then it is to be continued at home according to our prescriptions.

You can undergo the treatment in a clinic or in a special cure-Hotel. In order to have more details, please, find hereby enclosed a folder about the treatment with GEROVITAL.

Our International Travel-Agency, Bucharest, informed by us, will remit you a special letter with all other details as cost, available space a.s.o.

With best regards,

Yours sincerely,

Dear Dr. Aslan:

For many years my husband and I have wanted to visit Romania and the surrounding countries and now having had further information about your work we would like to combine the needed benefits of your treatments with the pleasure of seeing your wonderful country.

Our first comprehensive information about your clinic and Gerovital H3 came to us this month through an article in "Town and Country" magazine. We would like to arrive in Bucharest - or Otopeni - in April or May of this year, remaining in the area about three weeks or whatever your treatments and short sightseeing trips would indicate.

My husband is 69 and I am 68 years, with no major ailments except for arthritis and other usual symptoms of our years. It is possible, of course, that you cannot take additional patients at this time or may be travelling in which case I wonder if you have suggestions as to how we could be treated in another country in Western Europe such as Switzerland or England or how the drug could be sent to one of our fine doctors for administration here at this time. Naturally the trip to your clinic is the most appealing but we could postpone that for a later time, if necessary, if it is inconvenient for you now. I would urgently wish to start treatments soon.

I have contacted Pan-Am which flies directly to Belgrade from London where we would arrive via the Polar Route from the Pacific Coast. Perhaps you have a form letter giving precise information with specific plans agreeable to you?

Gratefully,

Dear Mrs. Lubov,

I received a letter from Mr. Armando Saravia who asked us to send you some information concerning our treatments. We generally recommend a stay of 14 days necessary for medical examination, laboratory tests and a course of treatment under our supervision.

We cannot offer you a discount since our institution is a State one. But we can suggest you a minimum stay of one week, after which you will continue the treatment at home.

Enclosed herewith we send you full information on our treatment and if you decide to come, please, let us know in due time so that we can make a reservation for you.

Yours sincerely,

Mr Dear Dr. Adams: After our article's appearance,

I am writing to you in regard to a newspaper advertisement about the new miracle drug you discovered, called H 3. and also in hope that I could get some help for my thrombotic arthritis that is crippling me something terrible. My hands are twisted my both knees are large and out of shape. I limp because one leg is shorter due to the arthritis. It is in my shoulder, ankle, elbow and deformed. I wonder if there is some way that I can try some of this miracle drug, called H 3. I would deeply appreciate any information or help you can give me. Thank you from the bottom of my heart.

=====

Dear Mr. Luks ,

I am indeed sorry, and I cannot understand how it was possible, that your kind letter of the 30th March reached us only a few days ago.

Please, believe me, that it is very difficult for me, to know how to settle now the matter. I contacted obviously, immediately our international Travel Agency, charched with administrative problems of your trip in order to contact you urgently, to see, if a changement of your plans would be possible. At the same time, the Agency will inform you about the fees a.s.o.

At this occasion I want to state, that just in the summer-and spring period we are more than overcrowded, so that usually a reservation is to be done 2 - 3 month before. Nevertheless, I hope that finally, all will be settled.

I want to inform you, that the treatment is of 10 to 21 days, including all analyses, tests as well as the medical consultation and then it will be continued at home, according to our instructions. In cases as your sufferings, we had indeed good successes.

For your kind information, please find enclosed a leaflet. I am sorry, that for the moment we have no more an English, but I hope in French will suite you so too.

With best regards,

Yours sincerely,

Professor Anna Aslan, M.D., D.Sc.

Dear Dr. Aslan

I have written to you a number of times regarding staying at your clinic. You especially stated that it would be of great benefit to me physically i.e. nerve depression plus a number of accidents I have endured since I last wrote to you.

I am also greatly interested in opening an Anca Aslan clinic here in New York or Conn + Florida with a doctor specializing in geriatrics. It is greatly needed here + I believe there is only one here in the U.S. in Nevada. Of course we would have to have documentation to provide these states for approval.

Your whole clinic is of greatest interest to me because even though I haven't gone through a series of treatments I believe whole heartedly in your drug.

Could you possibly accommodate me and my ^{daughter} who is a physical therapist + very interested in geriatrics at a reasonable rate. Please send all details + hopefully this time we will make it.

Respectfully,
Belle Lund

Dear Sir:

I have read with much interest, in the January 1973 issue of our "Town and Country Magazine" about Dr. Aslan's Gerovital H₃ treatments.

I would like very much to know more particulars, for treatments for myself, at your establishment.

I am a female, age 47, in good health. I am planning a trip to Italy ending April 23rd. Is it within the realm of possibility to include a 2 week stay at your Institute on that date approximating? I realize, of course, that I am being optimistic about the probability, but would appreciate very much, any considerations you may have to offer.

Mrs. Lusia
"Enrico Caruso"
One Ten East Fifty Fifth Street
New York 10022, Plaza 12870
U.S.A.

Thank you very much for your kind greetings.
I am also sending you my best wishes. for 1979.

I hope that you are well and elegant as always.

On this occasion I want thank you and congratulate
you for the solution you used for my hair-permanent.
It was extraordinary.

With kindest regards,

P.S. Please, let us know the date of
yours arrival, and when you come,
please bring what is necessary for
permanent, shampoo and others.

Dear Professor Dr. Ana Aslan:

Thank you for your kind letter of October 15, 1980, which advised me to let you know of my arrival.

I will arrive at your Institute on May 13, 1981, and depart on May 31, 1981. Ms. Rita Dee will join me on May 24, 1981, and remain until May 31, 1981.

I hope that I will enjoy myself in your country as much as I did on my last visit.

Respectfully yours,
Daniel Lustig

Dear Mr. Lustig,

I received your letter of September 28th and I am glad to hear that your condition has improved after treatment. It is better to continue the treatment until your next visit to us in May 1981.

Please, let us know, before your departure, the exact date of your arrival, in order to make a reservation.

Waiting for your reply, I remain with my best regards,

Yours sincerely,

/ Acad. Prof. Ana Aslan, M.D., D.Sc.

Professor Dr. Ana Aslan, Director
Rumanian Institute of Geriatrics
Bucharest, Rumania

Dear Professor Dr. Ana Aslan:

Sixteen months have past since I visited your Institute
and received your treatment.

My condition has improved to the extent that I do not
have a liver infection, but both my cardiovascular and
anatomic nervous systems have been affected.

I believe in your creation and faithfully follow its
prescribed usage.

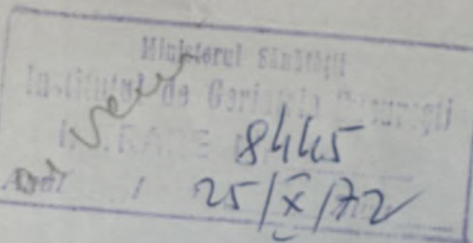

Please inform me whether you believe I might benefit
from a further series of treatments before my next
scheduled visit in May of 1981.

I look forward to your reply and I hope that on my
next visit to your Institute, you will grant me a
personal consultation.

Respectfully yours,

Daniel Lustig

Dear Mrs. Luteraan,

I have received your letter and I am glad that you want to come for treatment in Romania.

My secretary will send you herewith enclosed the necessary information about the treatment, its cost and the possibilities of its achievement in our clinics from Bucharest and the country.

As soon as you decide yourselves about a clinic and a date of arrival, announce us, so that we can book you.

Awaiting your further news, I remain,

Yours sincerely,

I am very much interested in your
geriatric H₃ treatment. It is such a
long trip to Bucharest and I wonder if there
is any place in either Switzerland or England
where the treatment can be obtained. I ex-
pect to be in Switzerland in September 12
& London September 28. I would be very
happy to hear from you about this.

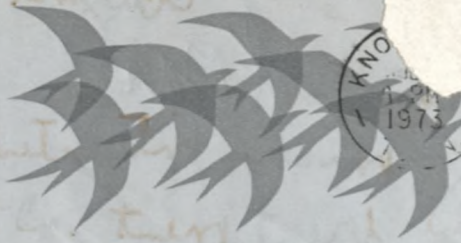

I am 77 years old & in very good health
but in January I had a serious motor
car accident & have not yet been restored
to my previous state of health. I received
your folders from the Romanian Jewish
Forum in New York & I have read the
article in ARGOSY Magazine.

Yours very truly

Doctor Ana Aslan
Director
National Institute of Gerontology & Geriatrics
Bucharest, Rumania

Dear Doctor Aslan:

Your gerontological and geriatric studies utilizing Gerivitol H3 has interested me. I am writing in reference to two of my patients, one in the late 60s and the other in the 70s, both of which I feel may be helped by your treatments. They are interested in coming to the National Institute of Gerontology & Geriatrics in Bucharest, primarily for these treatments. They would not be interested in the escorted travel tours.

I wonder if you would be so kind as to forward me any information you may have concerning these treatments and also the most convenient mode of transporting them to and from Rumania. I would estimate they would be able to attend your institute in March or April of 1978.

Thank you for your consideration. With best regards, I am

Sincerely yours,

Andrew Lynch

Dear Mrs. Lyon,

Reverting to your kind letter of the 1st January 1973 I have pleasure to inform you, that I noted you for the 1 - 15 June 1973.

The fees are between 22 - 30 \$ the day for 1 person accordingly the clinic, the season and the comfort, with an addition of 11%, due to the situation of the dollar. In this price are included,

the complete upkeep (lodging and meals) ,the analysis and the daily medical treatment.

The duration is of 14 days and is to be continued then at home after our prescriptions. The prices are different as mentioned above for the treatments, not for the medicaments. Concerning the drug K.H.3. mentioned by you, I want to inform you, that this is an imitation of our product, but not the ours, which is GEROVITAL H3

Concerning all administrative problems as voyage, tickets a.s.o. you may contact one of your Travel-Offices correspondent with the Roumanian Travel Office, "Carpatzi", Bucharest I, Blvd. Magheru Nr.7.

You will receive so too the final confirmation,

With my best regards, I remain,

ProfDr. Anna Aslan
Director, The Bucharest Institute
of Geriatrics

the January "Town + Country"
magazine find was most interested.
Would you kindly send
me information on a two week
stay at "Otopeni" with the 12
intramuscular treatments.

I've taken K.H.3. very regularly
for over 3 years - but, as I am
now 71 yrs. old I'm sure I need
the injections.

I would prefer to
take the European trip the
last part of May or the first
part of June.

Sincerely

Otopeni, Clinic Romania,
Dear Sir.

I have just finished reading an article in the Chicago Tribune about your clinic on ageing and I am interested in coming there. I am 78 and in good health but although I still can swim when I walk two or three blocks my legs hurt due to poor circulation. Do you have any kind of brochure you could send me. My travel agent has heard of your place.

I can't come this year as I am taking my granddaughter to Europe this summer but I would be interested in coming sometime in 1979.

Please let me hear from you.

Thank you

Althea H. Lytle
(Mrs Merwin Q. Lytle)
